

CARTER RETURNS

GOVERNOR GEORGE R. CARTER.

Governor George R. Carter and family returned this morning in the S. S. China from an extended visit to the mainland. The arrival of the governor occurred several hours earlier than had been anticipated, the China being sighted off Koko Head shortly after 8 o'clock. But Acting Governor Atkinson determined to die game and efficient to the last, proving himself equal to this, the final emergency of his pro tem administration.

The Acting Governor hurriedly notified Captain Berger that the China and Governor Carter were coming. Berger hurried the band boys to the tug Fearless. Acting Governor Atkinson, Col. Sam Parker, H. W. Lake and other citizens boarded the Fearless to go out and meet the China. The Fearless was gallily decorated and as the China came around Diamond Head, it was seen that she too was flying many flags out of honor to the homecoming governor. The Fearless met the China off Kakaako. The China was soon passed by the quarantine officials and then started into the harbor, accompanied by the quarantine launch, the Fearless and gasoline launches.

"What's that Berger is playing, Atkinson?" cried the governor. "Why, don't you know?" replied the Acting Governor proudly. "Why, that's your march. It was composed out of honor to you."

"Oh," exclaimed the governor with evident delight. "So I have come, have I?" The band continued to play as the tug escorted the governor into the harbor. While the China was still in the stream the tug was brought alongside the big vessel and the Acting Governor followed by Col. Sam Parker and others went aboard the China. Governor Carter was at the head of the rope ladder and greeted the people as they came aboard.

BACK IN THE HARBOR

Washington, August 12, 1904. (Received at 10:00 a. m.)

To Mr. Suito, Honolulu.

According to the reports hitherto received, the Russian squadron emerged from Port Arthur and was attacked by our fleet to the south of Yentao and was dispersed. The Askold, Novik and another cruiser and one destroyer took refuge in Kiaochau and one destroyer in Chefoo on the 11th inst. Five of the enemy's battleships, one cruiser, probably the Diana, one hospital ship and several destroyers it seemed regained Port Arthur on the same day. Our fleet is believed undamaged.

TAKAHIRA.

Change of Water often brings on diarrhoea. For this reason many experienced travelers carry a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with them to be used in case of an emergency. This preparation has no equal as a cure for bowel complaints. It can not be obtained where on board the cars or steamship, and that is where it is most likely to be needed. Buy a bottle before leaving home. Sold by all dealers. Benson, Smith & Co., agents for Hawaii.

SAVE YOUR MONEY. The Twenty-Ninth Series of Stock in the Pioneer Building & Loan Association will be issued in July, 1904, and is now open for subscription. The membership fee is fifty cents per share, and the monthly dues are one dollar per month per share. The stock draws much better interest than a savings bank.

TROUBLES OF FISHMARKETS

THE GOVERNMENT'S ENCOURAGEMENT OF THE OLD MARKET AND ITS EFFECT ON THE JAPANESE AND CHINESE IN THE BUSINESS—A GRAND REOPENING TOMORROW AFTERNOON WITH THE BAND IN ATTENDANCE.

All is not harmony among the Japanese interested in the opening of the old fishmarket tomorrow, and it is predicted that some of them will cut loose from the "trust" which is supposed to divert all the fresh fish to that market. According to the plan, the Japs who do all the fishing and control the supply are to sell only to the other Japs who have stalls in the old market. This would leave the Chinese stall-keepers in the new markets up against it for fish to supply their stalls.

Some of the Japanese objected to going into the scheme, and claim to have been notified that unless they did so they would find themselves left when it came to the matter of wharf room. This has brought them all into line.

The market is to reopen with the government band in attendance tomorrow afternoon. It will be a big day at the market, but in the meantime there will be mourning in the other markets, which will feel severely the sudden competition, which it is claimed is practically established by the government. The holders of stalls in the new market will have difficulty in getting ocean fish, as the Japs do nearly all the fishing. The Chinese therefore have a big kick in sight.

Some of the Japs have a kick because their Chinese customers were very good ones, and many of them could be relied upon to produce cash for their purchases better than the Japs. The result is likely to be an invasion of the old market by Chinese again, and a gradual breaking up of the trust, as many of the Japs don't want any trust.

CONCERT TO-NIGHT HIGHEST IN YEARS

Today the 12th day of August is "Flag day," the sixth anniversary of the raising of the American flag over the islands. This evening there will be a concert and dance on the Alexander Young Hotel roof garden, the affair being also a reception to Governor Carter, who returned on the China this morning. The government band will be in attendance and among the members to be played is a new march composed by Kap. Almiester Berger in honor of the governor. There will also be special Hawaiian music at the hotel, and it is expected that there will be a large crowd to meet the governor.

FRANCE'S PRESIDENT

President LOUBET.

The present head of the French Republic has steered the ship of state so that the nation appears to be on friendly terms with both of her old-time enemies. King Edward recently visited Loubet, and an Anglo-French treaty of arbitration with Great Britain as extensive in scope as the one which was negotiated with America in Cleveland's days, and rejected by the United Senate, was signed. It is also said that despite ancient jealousies, Germany and France have a close "diplomatic" agreement.
