San Francisco Visited By Disaster Without Parallel

RELIEF FUND FOR STRICKEN SAN FRANCISCO

The disaster that has come upon San Francisco is the most appalling in the history of the West. It is the most appalling disaster in which the Hawaiian Islands have ever had any concern. Stricken as is San Francisco by the disaster, she must turn to her sister cities for aid.

That they will respond to such a need even before any word has been uttered by the stricken city, is certain. Too remote from San Francisco to send her citizens to help the sufferers from the disaster, Honolulu can but extend her sympathy. She can extend her moral sympathy and she can extend her financial assistance. That she will do both is certain.

Lest no time be lost in starting the work of rendering assistance to her stricken sister city, Honolulu citizens should begin at once to contribute. Were Honolulu in the depths of such a disaster it would be to San Francisco that she would turn for assistance, and it would be from San Francisco people that financial and other relief would come. Let Honolulu and the Hawaiian Islands respond.

The Star will head the list of subscriptions with \$50.00. The Star will maintain a subscription for the San Francisco Relief Fund. Subscriptions can be sent to the Star for the relief of the stricken city.

MUSIC

The Charles Guitar and Mandolin Studio has been removed to the residence, 762 Lunailo street. Instruments given to pupils without extra charge.

Don't Put It Off Any Longer

It is a most common occurrence for a person to say: "Oh, I will attend to my Will later," and then loses the opportunity to do so, either through accident or sickness. The matter is one of importance, and yet how little thought is given to it. Better make your Will at once and then the loved ones will be protected in the event of your sudden demise. If you are in doubt about just how to proceed in the matter, consult us and we will advise you as what must be done in order to make your Will a proper legal document.

Cable communication had not been re-established at 4 o'clock.

New York Cable Round The World

All round the world, New York this morning sent a message to Honolulu asking for news from San Francisco. Superintendent Gaines was compelled to reply that he couldn't get any communication, other than the first, with San Francisco. The New York office advised him that it could not get Oakland. This means that the disaster extends across the bay.

The last messages sent here from San Francisco were by an operator around whom the plaster of the doomed cable building was falling. The instruments were ready for removal to the beach station of the cable company, but after surmounting the difficulties of getting a wagon to carry them, the cable men were unable to get through the military lines. San Francisco is under martial law, and the cable office people had no passes, wherefore they were naturally delayed in getting instruments through the lines.

WAS NOT VOLCANIC

The first dispatch telling of the San Francisco horror that was received stated that an earthquake had caused the disaster. Naturally the mention of earthquake caused the conclusion that the disaster had had its origin in some volcanic disturbance. But such a belief is not held by Dr. Sereno E. Bishop, the local authority on seismic disturbances.

The city editor of the Star addressed a special request to Dr. Bishop this morning, asking for an expression as to the probable cause of the disaster. While in possession of practically no information which would lead to any definite idea regarding the causes of the disaster, Dr. Bishop who has international prominence as an authority on seismic disturbances, has kindly contributed a brief explanation of the probable causes for the shocking disaster. Dr. Bishop bases his theory upon conditions which have been known to science for years past about San Francisco.

Chamber Commerce Meets: Offers Aid San Francisco

President Lowrey opened a special meeting of the trustees of the Honolulu Chamber of Commerce this afternoon at 2:15 o'clock. The meeting was called in order to take action in regard to the disaster in San Francisco. E. I. Spalding said that it was advisable for the Chamber to express their sympathy but the matter of money would need to be considered. He spoke of the distress that would naturally follow such a catastrophe. J. F. Morgan thought that a fund should be raised immediately and not wait until needs be known. L. Tenny Peck thought that the cham-

ber should wait until the San Francisco chamber let their needs be known. F. M. Swazy said that the Chamber should cable sympathy but should not make a contribution until amount needed be learned. If the amount needed is large it is possible that the chamber raise a large amount but perhaps San Francisco does not want money so he thought the chamber should wait. H. P. Wood suggested that J. F. Morgan be appointed to carry a personal message of sympathy to the San Francisco Chamber of Commerce. President Lowrey thought that money

GOLDEN GATE CITY WRECKED BY EARTHQUAKE

At about 5 o'clock this morning Honolulu received the first news—possibly the first sent to any point in the world—of the terrible disaster at San Fran-

cisco, and since then the whole community has continued all the morning (Continued on Page Five).

PEOPLE WHO HAVE LATELY GONE TO SAN FRANCISCO

In order to give some information of the identity of those who have gone to San Francisco and may have been in the city at the time of the disaster, the passenger lists of those who have departed on steamers from Honolulu during the last month and a half is reprinted. All of those who are named are not Honolulu or island residents, but many of those on the list are. Others are tourists returning home; there is no doubt some of those local people who went to San Francisco left that city before the disaster. But it is undoubtedly true that a large number of people who left Honolulu for San Francisco remained visiting in the city.

The lists together with the steamers and dates when they departed are as follows:

Per S. S. Alameda, March 28, for San Francisco.—J. P. Bell, Mrs. Bell, child and nurse, J. S. Bell, Mrs. H. H. Brodie and 2 children, Mrs. C. G.
