DENTAL SOCIETY SENDS OUT SOME UNIQUE INVITATIONS FOR ITS CONVENTION.

The autumn meeting of the Dental Society of Hawaii will be held on the brink of the crater of Kilauea, and all ethical dentists from anywhere and everywhere are invited to be present.

Dr. F. E. Clark, secretary of the Hawaiian Society, has forwarded the following invitation to three of the leading dental journals published on the mainland.

"The autumn meeting of the Dental Society of Hawaii will be held, Oct. 21, 1908, on the brink of the crater of Kilauea, the greatest active volcano in the world. The proceedings will be conducted under the broad canopy of heaven, and by the fiery glare of the molten lava. Kilauea is situated on the slopes of Mauna Loa, at 4900 feet elevation, and in the heart of a tropical forest. The scenery is unexcelled. MR. NEWELL TO LECTURE

THE VISITING RECLAMATION EXPERT TO GIVE AN ILLUSTRATED ADDRESS IN HONOLULU.

Honolulu will have a treat within the next few weeks which should be of great interest and also importance. F. H. Newell, Director of the United States Reclamation Service, will give a lecture under the auspices of the Chamber of Commerce, upon irrigation and particularly the reclamation work which has been done by the United States government.

The lecture will be illustrated with slides, which have been made from pictures taken on the scene of some of the greatest irrigation work which has ever been done in the world. The matter was broached to Mr. Newell before he left for Maui with Governor Frear, but he stated that he did not have his lantern slides with him. It was suggested that they might be cabled for and this was done, an answer being received yesterday to the effect that they had been boxed and forwarded to this city by express.

CATHCART ANSWERS

THERE WAS NO CRIMINAL CHARGE INVOLVED IN YESTERDAY'S DIVORCE CASE.

County Attorney John W. Cathcart had the following to say this morning regarding the charges brought against him by the Advertiser: "In regard to the attack on me in this morning's paper I would say in reference to the Ah Chee matter that, at no time while any criminal charge was pending against Ah Chee did I appear for him in a civil action. It is true that about six months before any charge was made, he retained me to defend him in a civil action of trespass. The case was tried and disposed of long before any criminal charge was made against him. He was prosecuted vigorously, as all our cases are, and his acquittal was through no fault of the County Attorney's office. He is a merchant at Wailaia, and has been engaged in the mercantile business for many years there. The criminal charge against him was for selling liquor illicitly.

The China Shop's Excuse for Existence

Fifty years ago the crockery business in the U. S. was of small importance. Every general store gave it a wee little corner. Families who could afford fancy china, were few and those who cared for it fewer still. Plain white was the prevailing table ware and art pottery was heresy to the majority. Today every woman wants to know all about the china and pottery she buys; where it is made and who makes it. It amounts to a passion with her. There are hundreds of makes and brands. It requires intelligent sales people to explain the details. You can't expect children to know about these things. They don't. We are still doing business as the old stand.
