Damage in Hanalei-A Halt Called On all Manner of Traffic-Some Kauai News Notes.

A letter from Kauai, under date of April 2d, and received by the W. G. Hall Sunday, contains the following items of interest:

"An exceedingly pleasant reception was given to Mr. and Mrs. J. M. Lydgate on Friday evening at the Fair View hotel, Lihue, by Mr. and Mrs. W. H. Rice, Jr. The occasion was the return of the bridal couple from the Coast to settle in Lihue. The spacious rooms of the hotel were tastefully and daintily decorated with a wealth of vines, flowers, ferns and fruit, and illuminated with Chinese lanterns and piano lamps, making a very effective display.

"After the formal congratulations and good wishes, the balance of the evening was spent in social intercourse, music and the like. The refreshments were served in the dining room where the guests sat down comfortably at tables profusely decorated, while a string band played native airs on the veranda.

"Mr. and Mrs. Rice Jr., proved charming hosts and it was agreed on all hands that it was long since so pleasant an evening was spent in Lihue.

"Strong winds and heavy rains have prevailed all over the Island for the last 10 days.

"At Hanalei on Saturday and Sunday last, 10 22-100 inches of rain fell, which, with what fell during the month previous to those two days and after, makes the aggregate about 27 inches. This exceeds all monthly rainfalls in that district, since the rainfall record has been kept.

"For a couple of days last week it was absolutely impossible for the ferries to cross either the Hanalei or Kaliaiwi rivers. Large freshets came down, making it dangerous to cross.

"Almost all the lowlands in Hanalei were flooded. In some places the water stood from two to three feet deep.

"The plain and Government road, between Waihua bridge and Hanamaulu, has been flooded with from one to three feet of water during the past week.

"The bridge in front of the Koloa mill was washed away during the week, but has since been replaced.

"It is said, that, take it in general, it was undoubtedly the heaviest rainfall that this Island has experienced in many years.

"On account of the heavy swell, steamers have been unable to enter Kapaa.

"The Kauai Industrial School closed on Friday for a week's vacation.

"On Wednesday afternoon the 30th ult., James Edward's little boy was thrown from his horse at Nawiliwili and had one of his ankles sprained.

"The newly appointed deputy sheriff, Mr. Prosser, commenced his duties on the 1st inst.

A letter to one of the Kauai Representatives in the House was received Sunday. The following notes of interest are presented:

"The Road Board has written a letter to Mr. Rowell this week which asks for an appropriation for a new bridge in Hanapepe and to let the former request for \$2,500 to repair the bridges, stand as applied for, as all of that amount is badly needed for the repair of the Waimea bridge. The Road Board also recommends that we ask for no appropriation for the valley road, reimbursement of \$1,000 for the breakwaters in Waimea river and the request for water works for the town of Lihue. Taking into consideration all the expense the Government will now have with the damage done in Honolulu and other places, we ask only the total appropriation of \$8,500 instead of the old requests amounting to \$14,000.

"These requests are recommended by the Road Board in an official letter of March 30th, because we must have a new bridge in Hanapepe and the Waimea bridge must be repaired or it will go in the next good-sized freshet. That would be a very bad thing because a great deal of the timbers are in pretty good order now, and repairs to the amount of \$2,000 or \$3,000 would place it in good condition again. I therefore think that you will please all your constituents in the district by working for getting only these two appropriations, as recommended by the Road Board."

Pro Bono Publico.

The Metropolitan Meat Company and W. W. Dimond & Company, Limited, have constructed a good serviceable stone crossing, connecting their business establishments on King street. This is a convenience that will be appreciated by the public. Mr. Dimond says the line of the crossing just suits his eye, for the reason that pedestrians going and coming are bound to look into the display windows. Dimond & Company, Ltd., inaugurated their promise strictly cash system of yesterday and by evening reported that the novelty was a surprise to a good many people, but that the plan met with approval and promised to become very popular.

MR. J. G. SPENCER, PACIFIC HARDWARE CO., Honolulu.

DEAR SIR:-The Secretary Disc Plow I purchased from you is giving us satisfaction. We are using it to plow under a crop of lupins. They are three feet high and very thick. Your plow turns them completely under, at the same time plowing the land fourteen inches deep.

I feel satisfied that with this plow the draft for the same quantity and depth of work is as 6 to 8. That is, with the old plow, to do the same work, it takes 8 good mules; with your plow it takes only 6, and they are less tired at night.

Please send me another plow by first schooner leaving for this.

You are at liberty to use' this in any way you may see fit. Yours truly,

A. LIDGATE.
