The Hotel Street Tailors, Waverley Block.

**A KAUAI MEMBER**

Born On That Island, But Now Residing On Oahu.

**YOUNG MAN OF ASSEMBLY**

Mr. Paul Isenberg—An Intelligent Working Representative—Attended School In Honolulu.

A gentleman who is a heavyweight in the House of Representatives in more than one way is Mr. Paul Isenberg of Waialae, Oahu, who holds a seat from a Kauai constituency. Mr. Isenberg fits to the work with extreme neatness. He is a practical man of affairs and is valuable as a counsellor on any measure presented for the consideration of the delegates. He is active and alert on the floor and is a hard and conscientious worker on committee detail. Mr. Isenberg is quite famous.

PAUL ISENBERG.  
(Photo by Williams).

Familiar with the native language and has a thorough knowledge of everything pertaining to the Islands.

Paul Isenberg, son of Paul Isenberg, is but 32 years of age, one of the youngest members of the Legislature. He was born on the Island of Kauai and through residence and interests there was chosen as a House member by voters who know him as child and man. Mr. Isenberg was taken to Germany and back when he was still in long dresses. When he was old enough to attend school he was brought to Honolulu and enrolled in the private academy of A. T. Atkinson, with whom he now sits as a lawmaker. There are quite a large number of his school mates in business and in public life in the city today. For the finish to his education Mr. Isenberg was sent to Germany. In the land of his father he was a student 10 years. Seven of the years were spent in famous gymnasiums and colleges. Two years were spent on a farm where there was taught tilling the soil, dairy management, etc. One year was spent in a beet sugar refinery. It was the intention to have Mr. Isenberg a Hawaiian plantation man. He mastered the upper branches of sugar production, but has always preferred farming and stock raising, and is entirely at home and wholly satisfied on his splendid ranch, a few miles from the capital. It was while in Europe that Mr. Isenberg had the attention of the best teachers given to the cultivation of his remarkable tenor voice. He is a thorough musician who is sometimes heard in public here, and who if he willed, might be upon the operatic stage. One of the finest things ever heard in any country, was the singing of Mr. Isenberg, when "Il Travatore" was presented by local talent here, under the direction of Mrs. Montague-Turner.

Returning from Europe, Mr. Isenberg entered upon his career in his native land at Lihue plantation, on Kauai. The opportunity offering about nine years ago, he took the Waialae ranch, where he now has a modern high class dairy and several hundred of his 2,000 acres of land under cultivation. At this place so successfully conducted by Mr. Isenberg he has a handsome home where friends from the city and from abroad are often entertained by himself and Mrs. Isenberg. The estate has been much improved in recent years. There are three artesian wells, where there was but one before and forests and sorghum and hay fields have covered plains and foothills that in former years were quite bare.

The political creed of Mr. Isenberg is not all complicated or indirect. First he is an annexationist. If annexation fails or pending its accomplishment, he favors continuance of the Republic as it exists today. "Of course the Government makes mistakes sometimes," says the member of the House, "but everyone knows that the Administration is honest, well meaning and careful and responsible. Stable government is what the country must have."

In all legislation Mr. Isenberg is jealous of the rights and welfare of the native Hawaiians and of Island interests. He is a man of few words, but always speaks his mind without equivocation. Liberal in his ideas and pleasant in all intercourse, he makes friends in public as he has in private life. Mr. Isenberg is on the committees for military and commerce and so far has done excellent service whenever called upon.

**ALARM YESTERDAY EVENING.**

An alarm was given yesterday evening at 5:13 p. m. from Fort street above the corner of Hotel. It was caused by a report being circulated that there was going to be a drought of Rainier Beer. The Criterion saloon had more customers than they could handle until C. J. McCarthy assured the people that he had an ample supply.

**Lilikalani Is Surprised.**

"Thurston is too smart," was the remark made yesterday by Lilikalani, the well known native politician of Royalist proclivities. Lilikalani went on to say that it was a fact, he had by his own hand signed between 40 and 50 names to the "monster petition" against annexation sent to Washington. Lilikalani simply says that they had to have signatures and that he "never thought" Mr. Thurston would make a critical examination of the list.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. STROUD, Popomoke City, Md. For sale by all druggists and dealers. Benson, Smith & Company, Limited, wholesale agents for Hawaiian Islands.

**Take Plenty of Time**

When you are going to buy Furniture or Draperies and look well around. Find out for yourself just where you really can do the best.

Go deeper than the price. It indicates absolutely nothing unless there is worth to back it up.

For our part we'll be glad to have you drop in at any time, merely to look.

It's very rare that we do not make a customer of an investigator. And it is one of the strongest recommendations of this store and stock, that once a customer is always a customer.

Folks want money's worth; we see that they get it.

More worth for the money this spring than ever. Come in and see what we mean by that.

**J. HOPP & Co.**

**NOTICE.**

Choice Thoroughbred White Leghorn Eggs—suitable for hatching— for sale.  
C. F. HERRICK.  
P. O. Box 409.

**DOES YOUR PURSE LEAK?**

No better way to stop the leak, than by getting a purse with some lasting quality in the leather.

We believe a poor purse is dear at any price; and for that reason will not allow them to creep into our stock.

Our leathers are all choice Seal, Morocco, Calf, Hog-Skin, Monkey, Lizard, Rattle Snake, Kangaroo, and other choice skins.

The mountings and shape leave nothing to be desired, and so different from anything else in the city, that you are assured of a choice and exclusive pattern beside the lasting quality of the leather itself.

We also have a good selection of silver and silver gilt chain purses, to be carried with a chain round the neck. Very stylish for stylish people.

**H. F. WICHMAN**

March 31, 1898.

**Stock Taking**

With us means hard and tedious work, work that cannot be avoided any more than the Friday house cleaning. In fact stock taking is a form of house cleaning on a very large scale. Below we quote you a line of goods which we are anxious to sell rather than count them in on the inventory. Not that there is anything wrong, just the contrary, but by selling them now it saves handling, counting and remeasuring.

**TURKISH TOWELS,** all widths.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Pumps, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.  
Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engines, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandlers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.  
THEO HOFFMAN, Manager.
