### FOR INCOME TAX

Rep. Pogue is Working Hard for the Act.

Calls for Certain Assistance—Believes a Start Should be Made Now.

Representative Pogue has, with Representative Robertson and two or three other members of the House, as well as many outsiders, a genuine interest in the Income Tax act now pending. On the subject Mr. Pogue said yesterday: "The act has been amended not a little since it was first presented. I think it safe to say that nearly all the men who were opposed to the bill in its original form would now endorse it. Changes have been made along the lines suggested by able and interested men who said they were in favor of such a tax, but who objected to a number of the details in the act. The levy is now placed at one-quarter of one per cent. That is very small. No one can feel any hardship on account of it. I understand that the platform of the American Union Party of this Island has a plank endorsing Income Tax. Now I hope that the representatives of this party in the House will support the act. It seems to me that they should do this and if they show an inclination to oppose they should be spoken to by their constituents."

Mr. Pogue, having had the Robertson act referred to a committee of which he is chairman, has made quite an extended study of the entire subject. He has reached the conclusion that the present is the time to make a start and that the proper procedure will be to inaugurate what might be called an experimental tax to run or operate till the Legislature meets again. A full test, he believes, can be made during a period. Close watch can be kept by a commission and notes made for the abatement of flaws when the Legislature meets again. It is the hope of Mr. Pogue and others interested that a trial will be made. At one time, it is pointed out by Mr. Pogue, there seemed to be an unlimited amount of local enthusiasm in the interest of the Income Tax, but somehow a coolness came about. It will be remembered that a public meeting was called by the House Committee. This was held in the Chamber of Commerce room, Campbell Block. A number of speeches were made. About all the moneyed men of the country were represented. There was pronounced objection to the act, though a number of speakers declared in favor of the principle of an income tax. It was remarked at the time and has been mentioned since that the Executive failed to present the measure to the Legislature, though expected one time to do so. The Income Tax act passed by the Legislature before this was introduced in the House by Mr. Winston, and in a test case was by the Supreme Court declared unconstitutional.

#### Cyclomere.

Allen Jones on Monday evening made the fastest eighth yet shown at Cyclomere. He came home from the mark in 13 3/4 seconds.

A match between John Manoa and George Martin is being arranged. Both are willing.

C. S. Desky is organizing a box party for the reopening. Among the officials for the new meet may be mentioned:

Manager, C. F. Murray; judges, E. L. Spalding, Chas. A. Bon and W. W. Harris; umpire, Chas. D. Walker; clerk, David Koli; starter, C. F. Schermerhorn; scorer, W. Nott; handicapper, C. L. Clement; timers, W. T. Monarrat, Frank Kruger and Chris Willis.

#### Healani Hop.

Tickets are now ready for the Healani Boat Club moonlight dance and boating party to be given on next Friday evening, the 6th inst. The committee in charge proposes to make this hop one of the very best yet. Particular arrangements have been made for music, for boating on the bay and for transportation. C. B. Gray is at the head of the committee. The ball falls on the same night as the next drill of the First Regiment, N. G. H., but the soldier lads will find plenty of amusement at the boat house after the parading exercises.

#### GIVE YOURSELF WEIGHT.

Don't give yourself away by accepting any of the inferior brands of beer. Be onto yourself and insist on getting "Rainier" and you will be looked upon as being intelligent and up-to-date, especially if you patronize the Favorite Saloon.

W. M. Cunningham, Proprietor of this well-known resort, has been in the business for many years, and is a connoisseur in liquors. His establishment is always orderly, and, with the services of his assistant, Mr. Thompson, customers are promptly supplied.

#### ODD FELLOWS.

Beginning of the Celebration for 79th Anniversary.

There was a big rally of Odd Fellows and their wives and daughters and lady friends at Harmony hall last evening. The occasion was the formal celebration of the 79th anniversary of the founding of the useful order so popular in Hawaii. The gathering was in every way representative and the event was made attractive for all. On Saturday, as a continuation of the celebration there will be a basket picnic at Sans Souci. It will begin at 10 in the forenoon and end at midnight.

After the opening ode last evening prayer was offered by Rev. Alex. Mackintosh. The proclamation from the Sovereign Grand Lodge was then read by W. J. Coon. A brief opening address was made by H. H. Williams. Miss E. Dayton rendered with excellent effect a piano solo. Recitations that drew forth much applause were given by Sister C. Petrie and Professor Lightfoot. Prof. H. Berger gave some lively piano selections. A reading by M. T. Bluxome was followed by Miss E. Lyle and Master Nicoll in a laughable character song. Mandolin and guitar music was furnished by Toyo Jackson and Kaai. A suitable address was made by J. Alfred Magoon, who told of the origin of the society, as well as its establishment in Honolulu. A few remarks were made by J. J. McDonald. Mr. J. McGuire sang and was called upon for another. Mr. Davies, who is now a great favorite with Honolulu people as a tenor, rendered a solo and was at his best. Refreshments were served and dancing began. It was long after midnight when the orchestra was dismissed.

Ship A. G. Ropes, in command of Captain Rivers, arrived at New York, March 20th from Liverpool, after a passage of only nineteen days.

## Too High, You Say.

How do you know its too high? Oh! from the size of your purse—A most excellent way of judging of course: But then, don't you know that we have so many things, just suited to your purse, and articles wherein quality has not been sacrificed either. Take the several new productions in Silverware for instance. If they are not the cheapest, brightest, and most artistic productions for the price, then we know nothing about Silverware, or about any part of our business.

A Large Tea Spoon, of good weight, fine pattern, Sterling Silver throughout for \$10.00 per dozen, engraved with a handsome initial on each, we think is well worth considering. And the whole Fork and Spoon line ranges as low. We have four new patterns already this Spring, and the Spring is hardly here. Who says we are behind the times?

We are here to STAY: That means that our guarantee lasts.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pumps, Centrifugals, Elevators, Plows, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, steam water, and does away with high-priced engineers, and only has one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring. THEO. HOFFMAN, Manager.
