FOR VICTORIA, R.

Britishers to Fittingly Observe Her Majesty's Birthday.

Over 50 of the leading British residents assembled at the Pacific Club last evening to formulate a proper celebration of the 79th Anniversary of Queen Victoria's Birthday.

On motion of Dr. McKibbin seconded by Mr. A. S. Cleghorn, H. B. M.'s Commissioner W. J. Kenny was elected chairman and on motion of D. Logan seconded by Robert Catton, W. Horace Wright was elected secretary.

After a brief discussion, on motion of D. Logan seconded by Dr. McKibbin it was decided that the meeting appoint a committee to make arrangements for a ball to be given on the evening of May 24th with the British Commissioner and Consul-General as honorary chairman. Such committee to have power to add to its number.

On motion of Robert Catton seconded by A. S. Cleghorn it was decided that the price of tickets for the ball should be \$2.50 to admit a gentleman and ladies.

The committee having been named, the meeting adjourned and the committee organized and appointed a committee consisting of the chairman, vice-chairman, secretary and Messrs. Catton and Dall to subdivide it into sub-committees which was subsequently done as follows:

Finance—F. M. Swanzy, W. G. Irwin, W. W. Wright, John Phillips and A. S. Cleghorn.

Reception—W. L. Stanley, Dr. H. V. Murray, T. B. Starkey, Rev. V. H. Kitcat, Rev. Alex. Mackintosh and W. Horace Wright.

Decoration—Geo. L. Dall, J. Lucas, J. Lightfoot, F. Davey, F. Harrison and W. White.

Floor—J. S. Walker, A. St. M. Mackintosh, E. B. Thomas, A. Garvie and T. Black.

Refreshments—Robert Catton, W. H. Pain, S. J. Weddick, W. W. Wright, W. Lishman and W. C. Sproull.

Printing and Advertising—Daniel Logan, H. L. Herbert, George Harris, T. Smith and W. Horace Wright.

It was understood that the several sub-committees would at once enter upon the discharge of their duties.

The meeting and committees adjourned to the call of the chair and their several chairmen.

ENTERTAINED AT WAIKIKI.

Master Henry A. P. Carter Has a Birthday Celebration.

Master Henry A. P. Carter entertained about a hundred of his young friends at a party, given in celebration of his eighth birthday, on the spacious and attractive lawn of the residence of his mother, Mrs. Charles L. Carter, at Waikiki, yesterday afternoon. The children were entertained with games and dancing and kindred other amusements. One attraction was the pony cart of Master Loyall Sewall in which all the children rode.

The ladies present were Mrs. H. A. P. Carter, Mrs. Sewall, Miss Newlands, Mrs. Haywood, Mrs. Birnie, Mrs. Swanzy, Mrs. Walbridge, Mrs. Hastings, Mrs. Noonan, Mrs. Herbert, Mrs. Williams, Mrs. Holdsworth, Mrs. Miller, Mrs. Irwin, Mrs. C. B. Cooper, Mrs. Gunn, Mrs. E. D. Tenney, Mrs. A. M. Brown, Mrs. Du Roi, Mrs. Wood, Mrs. von Holt, Mrs. T. W. Hobron, Mrs. P. H. Dodge, Miss Bachelor, Mrs. Fred. Carter, Mrs. Jessie Young, Mrs. Frank Damon, Mrs. Emily Judd, Miss Clara Fuller, Mrs. E. A. Jones, Mrs. H. C. Coleman, Mrs. F. A. Schaefer, Mrs. Geo. Carter, Miss Cordelia Carter, Mrs. J. A. Gilman, Miss Emily Ladd, Mrs. Miner, Miss Mabel Hart, Mrs. Francis Gay, Mrs. Dr. Nichols and several gentlemen.

Long Branch Beach.

Col. James Sherwood, the proprietor of Long Branch resort in Waikiki, says that in 18 years he has not noticed such a disappearance of sand from the sea's edge as during the past month. At Long Branch where it was necessary some weeks ago to sweep sand from the door before closing up at night, the water is now under the door. A bath house and a new building that were several yards from the shore line now have water under them even at low tide. Colonel Sherwood is not alarmed, however, believing that beach will "make" again. The Long Branch owner contemplates considerably improving his place in the event of ability to secure a license for the sale of light liquors. Otherwise he will make no changes.

A Polite Driver.

There were two rather incensed ladies on Fort street early yesterday afternoon. They had gotten into one of the tram cars and, upon arrival on Fort street, decided to get off. Just at about this time, a girl with a wheel hailed the car. It seems that her machine was out of order and she told the driver so. That individual fastened his brake and proceeded to "fix" the wheel on the back platform, the operation requiring nearly five minutes. In the meantime, the ladies left the car and got their dresses covered with mud by the wheel of the bicycle which stood out from the platform.

BOCK BEER

Is a treat indeed. That's delicious beer for you. As delightful as any one will ask for. Brewed in the early fall, of carefully selected hops and malt. Of mature age and double strength. Have you tried it at the Criterion Saloon? It's just the right temperature.

Too High, You Say.

How do you know its too high? Oh! from the size of your purse— A most excellent way of judging of course: But then, don't you know that we have so many things, just suited to your purse, and articles wherein quality has not been sacrificed either. Take the several new productions in Silverware for instance. If they are not the cheapest, brightest, and most artistic productions for the price, then we know nothing about Silverware, or about any part of our business.

A Large Tea Spoon, of good weight, fine pattern, Sterling Silver throughout for \$14.00 per dozen, engraved with a handsome initial on each, we think is well worth considering. And the whole Fork and Spoon line ranges as low. We have four new patterns already this Spring, and the Spring is hardly here. Who says we are behind the times?

We are here to STAY: That means that our guarantee lasts.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump Centrifugals, Elevators, Pumps, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal to your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandlers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

Facts Command Attention.

Our advertisements are accepted literally because they are written literally. They're the photographer's sensitive plate, picturing what is before them as it is. With a stock of the best qualities we must say best. Compare our claims and our offering and you'll find that they tally exactly. What need have we for exaggeration?

Last week we advertised that we would sell dining room chairs at an inside figure, and the response to our offer was so generous that we are tempted to offer you something entirely new to this trade. This week

JUST TEN OF YOU

can each get a FIBRE MAT at the price you would pay for an ordinary one. These mats are something strictly new—they are sample sent us on approval. You can have them at a price that will be sure to meet with YOUR APPROVAL.

We are quite sure that you can't duplicate these handsomely made mats in this market. At any rate you can't DUPLICATE THE PRICE.

CORNICE POLES

finished in white enamel, oak and light woods of various kinds. These also will go for an inside figure.

Come in and see, there'll be no obligation to buy.

If you have never tried us on repairing and upholstering you don't know what old furniture looks like after it has passed through our hands.
