SAW ANGELS.

Some Questions and Answers in a Swipes Case.

An appealed case of a native charged with violation of the liquor license law used nearly all of the Circuit Court time before Judge Perry yesterday. This little gem is selected from the questions and answers that passed during the work of securing a jury of peers for the prisoner at bar:

Q. Would you give any more credence to the story of a policeman than you would to the story of another person not a policeman?

A. I would not lean any more on a policeman if he was telling a lie if I knew it, than on anybody else.

With the assistance of two lawyers and an interpreter the candidate for the jury box made it quite clear that he was willing to swear that he would not accredit an untruth knowingly. The witnesses for the State were chiefly policemen and informers.

One of the men giving testimony in the case was questioned closely concerning the illicit stuff purchased by himself. Was it intoxicating? How did he know it was intoxicating? What were the effects of drinking the stuff? The boy on the stand said he knew swipes well and was confident he had bought such on the occasion in question. He drank copiously of it, felt it "go all over him," and then "saw angels." The mention of visions of angels seemed to appeal very strongly to both Attorney Gear for the defense and Deputy Attorney General Dole. Being called upon to give something of detail concerning the angels, witness said that some of them were celestial and others from Satan. He thought he recognized one archangel he had met somewhere in haole literature. Even the name was given.

BETTER THAN EVER.

Good Things in the High School 1898 Concert.

Complete success has invariably crowned or rewarded the effort of Mr. J. Lightfoot as director and all others connected or identified with the annual concerts of the Honolulu High School. The single fault found heretofore was that the hall used was too small. On one occasion the concert had an audience of 450 in the Y. M. C. A. assembly hall. For this year there has been engaged from Mr. Desky the Progress hall in the new Progress block. The chairs are expected in a few days and then the concert date will be announced.

Music is in the course at the High School and most of the pupils read readily. For the concert now to be given they have had the advantage of a year's training by Prof. J. W. Yarndley. This means much when Mr. Lightfoot says that the school has better voices than ever before. There will be some notable chorus singing with not less than seventy voices. There will be five numbers, including a rollicking Viking song, a Slumber Song, a Good Night and "The Heavens are Telling," from Haydn's "Creation." Another new attraction this year will be tableaux under the direction and training of Miss Cartwright, whose troop of young ladies won so much applause at the well remembered Strangers' Friend benefit entertainment at the Opera House some months ago. Besides the posing there will be one number with the young ladies that will be a decided innovation for Honolulu. While Miss Cartwright reads the young ladies will illustrate a poem and there will be piano music as well as lime light effects.

The program will include mandolin solos, duets and trios. By the kindness of Minister Cooper, Captain Berger's orchestra from the Government band will give a couple of selections. The proceeds of this entertainment will go to the purchase of a few pieces of statuary for the High School and for a stereopticon. The profits of former concerts have given the schools piano and electric lights.

Rev. Dr. Berger's Lectures.

Even the Y. M. C. A. devotional schedules have their special attractions. One of these will be offered at 4 o'clock tomorrow afternoon. This is the time of the regular meeting for men. Usually a text is assigned and a leader opens the service and presides during the hour. There is always good music. Last Sunday there was delivered the first of a series of popular lectures. The speaker is Rev. Dr. M. L. Berger, D. D. This gentleman has traveled in many lands and is a fine talker. He has spoken on "Through Palestine on Horseback." The topic tomorrow afternoon will be "Egypt and Her Temples." While in Egypt quite recently Rev. Dr. Berger had exceptional opportunity to see more than the average tourists is shown. The visitor is especially happy in addressing young men.

SAN FRANCISCO, April 23.—The new Klondike steamer Roanoke arrived from Baltimore yesterday after a smart passage of fifty-one days. The actual steaming time was only forty-nine days, as Captain Kidston made three anchorages in the Straits of Magellan. On the 8th inst. the battleship Oregon was sighted in latitude 14.15 south, longitude 77.26 west, going south.

THE LANCASTER

Gorham's new pattern in SILVERWARE for this season. One of the most artistic patterns ever produced by this house, noted for its variety of productions.

The graceful outlines and well regulated beaded edge, is artistically finished off with the rich cluster of roses on the top. All work is in high relief and pieces are large and heavy.

The prices are remarkably low, for pieces of such heavy weights.

Tea Spoons - - \$10.50 per doz.
Dessert Spoons and Forks - - \$22.50 per doz.
Table Spoons and Forks - - \$33.50 per doz.

A full stock of all pieces made in this line.
We engrave all pieces (a limit as to initials) FREE OF CHARGE; or where no engraving is desired give usual discounts for spot cash.
Bear in mind our Tea Spoons for \$9.00 per dozen, large, good weight and good pattern.

Are as much a part of our business as it is to make the interior of your homes look beautiful and cosy.

In this "Paradise of the Pacific"

AWNINGS

Should play a very important part. Nowhere are they so much needed as here, and at the same time so little used. In temperate climates you can hardly pass the home of the rich or poor without seeing them. Why then should they not be universally used in the Tropics. We make them to order

ALL SIZES,
ALL COLORS,
ALL PRICES,
FRAME THEM,
FIT THEM.

They are a great temperature regulator. They are NOT EXPENSIVE. Why not call and get prices, you are not compelled to buy, but this we do want to impress upon you, and that is that it is not necessary to

Send To The Coast.

If you have never tried us on repairing and upholstering you don't know what old furniture looks like after it has passed through our hands.

J. HOPP & Co.

Leading Furniture Dealers.
KING & BETHEL STS

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Plows, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles. Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power. THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

THEO. HOFFMAN, Manager.

We Repair Broken

Cameras No matter whether the trouble's due to a "won't work" shutter or a broken lens—or, in fact, if there's anything wrong with it—we'll fix it up in a way * * * to suit and at a price that'll satisfy you.
