### LA FAYETTE MEMORIAL.

An effort is now making through the schools of America to collect funds to erect a suitable monument at the neglected grave of Gen. La Fayette, to be unveiled on United States Day, July 4, 1900, at the Paris Exposition. In accordance with the general plan principals and teachers of all schools of Hawaii, both public and private, are most earnestly requested to recognize October 19, the anniversary of the culmination of his services to America in the fall of Yorktown, as "La Fayette Day," devoting a part of the time to a relation of historic events pertaining to him and the early days of the Republic. In the Higher grades an appropriate program of exercises is suggested. On this occasion contributions of from one cent upward should be secured from as large a number of pupils and friends as is reasonably possible, to the end that Hawaii may show a general and generous interest in this historical monument and the historical events which it is to commemorate. Moneys will be received and forwarded by the undersigned.

HENRY S. TOWNSEND, Inspector General of Schools and Mem. Advisory Board La Fayette Mem. Com.

Approved: HENRY E. COOPER, Minister of Public Instruction, 5035

Cattle injured when delivered and killed for that reason to be paid for at 25 per cent less than the contract price. The tender must be for the price per pound dressed. Hides, tallow and offal to be the property of the Board. The Board of Health does not bind itself to accept the lowest of any bid. WILLIAM O. ### STAR OF ITALY.

#### Court Case Over Refusal to Register a Foreign Bark.

Lincoln D. Spencer applied for the registration of the bark Star of Italy under the Hawaiian flag. The application was refused, whereupon Spencer applied to the Circuit Court for a writ of mandamus against F. B. McStocker, Collector General of Customs, to compel him to register the vessel. The Collector has filed a demurrer to the petition, and for answer says: "This court has no jurisdiction of the subject matter of the action, the same being a claim against the Hawaiian Government. There is a defect of the party defendant, the Republic of Hawaii having ceased to exist as an independent nation with a national flag and authority to register vessels under the same and issue certificates thereof." E. P. Dole for defendant. There was no session of the Supreme Court yesterday. A sitting will be had this morning.

#### Amateur Orchestra Concert.

The program for the amateur orchestra's concert in the Y. M. C. A. Hall next Tuesday evening is now practically completed and is such as will doubtless attract a large audience. One excellent number will be a vocal duet by Mrs. V. Titas and Mrs. H. W. Howard. Mrs. F. W. Glade will offer a vocal solo and Miss Maud Kinney, the young violinist and pianist, will appear twice during the evening. Professor Frank Jacobs, the blind vocalist, will display his fine voice and excellent method. The Amateur orchestra is on the program for three numbers.

Under section 90 of the civil laws. First Lieut. John Evensen, N. G. H., has been placed on the retired list of the Hawaiian army with the rank of first lieutenant. The ex-officer is now at the Government Makiki pumping plant.

A dance will be given by the Myrtle Boat club on either the 14th or 28th of October. The object of the affair will be to raise money for expenses incurred in the recent races.

It is understood that the new management of the Manufacturers' Shoe Co. will take charge October 1.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.  
Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Plows, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.  
Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.  
Where water power is available it costs nothing to generate Electric Power.  
THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.  
All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.
