"GUNS" AT HAND

Attorney and Judge Were Both Armed.

This Was in St. Louis, Mo—A Quite Violent Contempt Case—Remarks of Judge.

ST. LOUIS, Mo., Dec. 17.—A riot occurred in the first police district court yesterday, during which Judge Thomas N. Peabody, on the bench, sat with his revolver in his hand, while Attorney J. D. Storts, with a drawn weapon, denounced the judge in unmeasured terms because of a decision he declared unfair to his client. The attorney was defending four women charged with being of questionable character and the judge declined to continue the case for more than one day. This angered Storts, who drew his revolver and launched into lurid denunciation of the judge. The judge drew his revolver and called for officers to throw the attorney out. The officers responded, and after a battle, during which the furniture was demolished, the lawyer was placed behind the bars. The case was then taken up and the women fined heavily. Last night, while Judge Peabody was about to enter his home, three women, supposed to be friends of Attorney Storts, sprang upon him and began assaulting him with their fists. The judge attempted to defend himself, but was overpowered. He was being worsted when his cries attracted a private warehouse man, who ran to his rescue, and his assailants disappeared. The judge was bruised, but not seriously injured. Referring to the trouble in the court during the day, the judge said: "When Storts made that charge at me with his revolver, of course I was prepared for him, and I would have fired if had not been that there were a dozen persons behind him. I considered that my life was in jeopardy and I meant to shoot at the first opportunity."

HONOLULU CABLE.

Bill to Be Reported Early to the House.

WASHINGTON, Dec. 16.—Representative Bennett of New York has been instructed by the House Committees on Interstate and Foreign Commerce to call up the Pacific cable bill at the first opportunity. The bill, however, carries an appropriation and it will be difficult to get it before the House without the intervention of the rule setting a time for its consideration.

The bill was reported last March by Representative Bennett. It grants a subsidy of $100,000 a year for twenty years to the Pacific Cable Company of New York, on condition that it give proof of its ability to lay the cable and have it in operation from San Francisco to Honolulu by January 1, 1900, and to extend to Japan and China in one year more.

To Be Enlarged.

Drawings have been made for a number of changes in the Orpheum theater. Improvement has been decided upon for the reason that the enterprise is a complete success and may now be considered one of the institutions of the city. The stage will be made larger, scenery added and more dressing rooms provided. The auditorium will be made twenty feet longer. This extension has been adopted instead of placing a gallery. All of these changes will necessitate the closing of the theater for about ten days. Manager Post has heard from the company that is soon to arrive and is certain that it will meet with the approval of all Honolulu. Lessee King is more than satisfied with the venture so far.

Contempt Case.

On a writ of habeas corpus, attorney Davis appeared before the Supreme Court yesterday morning. Chief Justice Judd, with Associate Justice Whiting by whom the writ was issued, and attorney Hatch heard the argument. Mr. Davis spoke for himself, reading the petition for a writ and amplifying the arguments there made. Attorney-General Smith answered Mr. Davis, making numerous citations and quotations in support of Judge Perry's position.

Mr. Davis was released on $250 bail pending the decision of the court, to be rendered today.

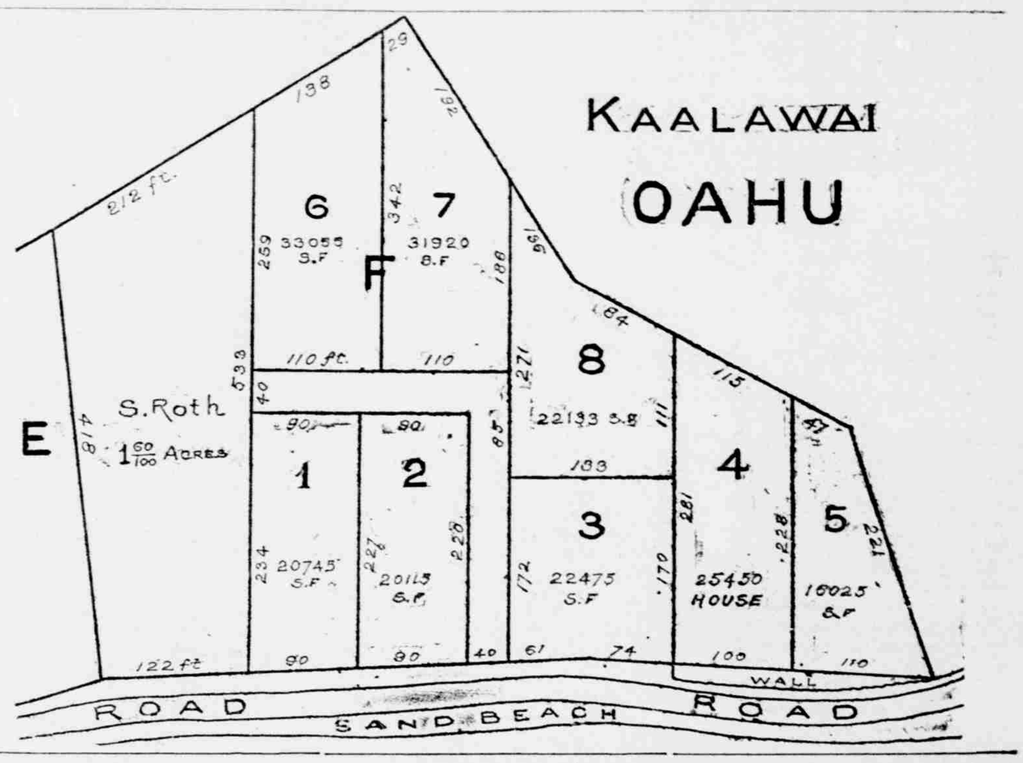
New Lodge for Hilo.

H. E. Waity, Deputy Supreme Chancellor for the Hawaiian Islands, of the Knights of Pythias, has, in response to the recommendation of his successor, J. F. Eckardt, received an approval of the petition for establishment of a lodge of Knights of Pythias at Hilo. Deputy Waity and others will leave for Hilo on the Kinau of January 17 for the purpose of creating the Hilo lodge.

ORIENT BICYCLES.

Major Taylor on his "Orient" made the world's record time for one mile in 1:31 4-5. He also holds numerous world's records at other distances. Orient wheels are made by the Waltham Watch Co., and are the only bicycles in the world that are really "built like a watch," because built by people who BUILD WATCHES. The Honolulu Bicycle Co., 209 Hotel street, Arlington Block, have an elegant line of the "Orients," ranging in price from $50 to $85. They are without any doubt the most elegant and perfect wheel ever seen in this market.

Executor's Notice of Sale of Real Estate.



By order of John F. Colburn, executor of the will of Antone Rosa, late deceased, acting under order of the Probate Court of the First Judicial Circuit, I shall, at 12 o'clock noon

ON SATURDAY, THE 7TH DAY OF JANUARY, 1899,

At my auction room in Honolulu, Island of Oahu, offer for sale at public auction to the highest bidder, all of the right, title and interest of the said Antone Rosa and his estate in and to that certain real estate and fishery bounded and described as follows:

1st. Those certain 2 apanas of land situate at Kalihi, being covered by L. C. A. No. 1,049, R. P. No. 4,976, to Keawepoepoe no Keaka, containing an area of 5 86-100 acres more or less.

2nd. The sea fishery of Kaalawai, being a portion of L. C. A. No. 6,252, R. P. No. 5,552, to Kekuhiko.

3rd. A portion of L. C. A. No. 8,559 B Apana 32 Iliaina of Kapahulu to W. C. Lunalilo, situate at Kaalawai, East of Diamond Head, being subdivided into 8 building lots.

The lots at Kaalawai lie beyond Kapiolani Park, a short distance beyond the residence of President Dole and in the immediate vicinity of the residences and lots of Cecil Brown, J. A. Magoon, T. R. Walker, F. M. Swanzy, and other permanent residents.

The soil is good and water is obtainable on the lots in wells only a few feet deep. There is access to the beach from all of the lots.

There is a fair carriage road to the lots from the Park.

The fact that almost all of the beach lots at Waikiki have been sold to permanent residents renders this an unusually fine opportunity to secure good beach lots; an opportunity not likely to recur again, for present purchasers of beach lots buying for their own use and not for sale.

Sale subject to the confirmation of the Court.

Deeds at expense of purchasers.

JAS. F. MORGAN, Auctioneer.
