## OF WHITE WINGS

Light Winds But Some Pleasant Sailing.

### RUNS MADE OUT OF HONOLULU

Hawaii and Gladys—Passengers Malolo—Josephine—Mistral to Be Here in Summer.

Christmas was, unfortunately for the yachting fraternity, a day of very light wind and many of the yachts did not leave their moorings.

The Hawaii took a family party of a dozen to Pearl Harbor and returned and the Gladys made the same run. On the Hawaii were L. A. and Mrs. Thurston and Master Thurston, P. A. and Mrs. Potter, A. W. and Mrs. Pearson, Robert Andrews, Robert Andrews, Jr., Prof. Babbitt, Fred. Alexander and Carl Andrews. The start was made from Honolulu at 10 o'clock in the morning and with light wind it took

MISTRAL, (Now Building for Trip to Hawaii.)

two hours to make Puloa where the party went ashore for lunch and a ramble, starting back for Honolulu at 2:30 and reaching home about 5:30 well content with the day's outing.

The Gladys slipped her moorings at about the same time as the Hawaii and the run down was made together. On the Gladys were Harold and Mrs. Mott-Smith, Mrs. Yates, E. A. Mott-Smith, Ernest Thrum, W. J. Forbes, Albert Waterhouse and Clarence Smith with Capt. T. W. Hobron in command as usual. The trip down was enlivened by daylight fireworks and music on the Fog Horn, under the able direction of E. A. Mott-Smith. The party landed at the Peninsula and after luncheon did the town. The start home was made later than that of the Hawaii which was overtaken off the light-house. Barring the lightness of the wind the trip was a very pleasant one.

Messrs. Harris and Crozier were out in the forenoon in the Myrtle and Mr. Crozier went out again in the afternoon with Messrs. Brotherton, Helm and Scholfield. The boys had a pleasant sail off Diamond Head and return.

Capt. Johnson took a party out in the Alice and made a run to off Kailua and from there to Diamond Head and back.

The Abbie M did not go out, thinking there was not enough wind to make it sufficiently interesting.

Minister Cooper with his sons spent Monday and Tuesday at Pearl Harbor, which they explored thoroughly in the Clyde.

Harry Waterhouse took his yacht Malolo down to Pearl Harbor on Thursday.

Honolulu yachtsmen are on the lookout for the schooner yacht Josephine which is expected from Hilo. It will be remembered that this little craft reached Hilo last week from San Diego after a 52 days' trip. She is on a pleasure trip with her owner and his friends as crew.

Says the San Francisco Call: When the hunting is broken out on the first day of the next yachting season there will be a craft eager to do honor to the genius of California. H. R. Simpkins, the owner of the sloop yacht Mistral, has given an order for the largest yawl-rigged yacht ever built on this bay. She will be thoroughly a California production, having been designed by Arthur F. Allen and is under construction by Frank Stone of Tiburon, builder of Capt. T. W. Hobron's Gladys.

The new yacht will be 64 feet over all, 45 feet load water line, with 16 feet extreme beam, the beam at the load water line being 6 inches less. The craft is somewhat excessive for yawl sailing, being 7 feet 2 inches. To this is added the drop of a 12-foot centerboard. The outside ballast will consist of a 10-ton shoe, while inside she will carry at least 3 tons to put in the proper trim. The keel will be of pine, 35 feet long, while the stem, stern post and ribs are to be of oak around. She is to have a flush deck, full-length planking of pine to be used. The deck is also to be of pine swept with only a small cockpit and a turtle back. The bulwarks will only be 6 inches high, with a 5-inch hardwood top streak. From anchorships the bulwarks with a top line will be let into the bulwarks to further the safety of those aboard.

The main cabin will be finished in mahogany, with dark green fittings. The staterooms, of which there are to be three, are to be finished in olive-wood. Comfort has been the one object sought after in her designing, and nothing has been sacrificed for speed. Mr. Simpkins expects to take her down to the Hawaiian Islands the coming summer. She will carry a fore staysail, main sail and driver. In light winds a jib may be added.

#### LET US TALK

To you on the merits of the Sterling Bicycle and why it is the best made and best lasting wheel in the market today. Pacific Cycle and Mfg. Co., agents.

## Champion Blood Purifier

Probably all of our readers know something of George W. Walker, of 227 Bourke St., Surry Hills, Sidney, N.S.W. He gives us this unusual and most remarkable experience:

"After being a victim to typhoid, brain and rheumatic fevers in 1882, my system was left in a debilitated condition. Besides being very weak I had numerous abscesses on the lower part of my back and spine from which a great number of pieces of bones were taken. As fast as an abscess would appear and was lanced another would form. I was treated at two different hospitals without success, the surgeons in attendance informing me that I was suffering from blood poisoning. The abscesses continued to form and I was never without pain until six months ago I was induced to try

## AYER'S Sarsaparilla

When I had taken the first bottle I found an improvement and after finishing twelve bottles I now feel as well as ever I did in my life. The old abscesses have all healed, new ones have ceased to come and my health is splendid. Before using the Sarsaparilla I weighed 104 lbs., and now after using a dozen bottles my weight is 200 lbs. Is not this a sure sign that I have been taking the champion blood purifier of the world?"

HOLLISTER DRUG CO., Agents.
