## SAW THE LAW MEN

Islanders Returned from Washing-  
ton, D. C.

CONGRESS WAS VERY BUSY

The Commission - Justice Frear  
Pleased - Paul Neumann -  
Alex. G. M. Robertson.

Among the passengers on the Gaelic  
were Justice and Mrs. Frear. The Jus-  
tice has been in Washington for some  
time as a member of the Hawaiian  
Commission.

The only bill on Hawaii passed by  
Congress was the Pearl Harbor appro-  
priation of \$100,000.

Justice Frear's connection with the  
Commission ceased with the adjourn-  
ing of the Senate.

The Justice speaks very hopefully in  
regard to future legislation affecting  
the Islands. The main obstacle to over-  
come is the desire of some to place Ha-  
waii in the same category as the Phil-  
ippines. This opinion, however, is not  
shared by the thinking members of  
Congress. These men are firm in the  
belief that the present administration  
of affairs in these Islands is one cal-  
culated to meet the present needs. On  
this account greater attention was paid  
during the session to matters concern-  
ing which immediate legislation was  
necessary.

Hon. Paul Neumann returned by the  
Gaelic yesterday morning.

Although Mr. Neumann's mission was  
said by him to have been on private  
business strictly, still he was at Wash-  
ington the greater part of the time  
looking out for the interests of the  
Islands in company with Mr. Kinney.  
He speaks very highly of the work  
done in Washington by Mr. Kinney.

Mr. Neumann says that it was owing  
greatly to the work done by Mr. Kin-  
ney that no measures hostile to Ha-  
waii had been passed. He thinks that  
at the next session of Congress legis-  
lation will be effected that will place  
the Islands on a regular territorial footing.

In the opinion of Mr. Neumann the  
feeling of Congress, especially of the  
Upper House, is friendly toward these  
Islands. The main efforts of the hos-  
tile faction is to place Hawaii in the  
same class as the Philippines.

A. G. M. Robertson, who has been in  
Washington in the interest of the Chi-  
nese who were not allowed to land  
here, returned by the Gaelic yesterday  
morning.

His mission was eminently success-  
ful. As stated before in this paper the  
result of his efforts was that every  
Chinese holding a permit prior to the  
arrival of Inspector J. K. Brown be  
allowed to land. This was beyond the  
fondest hopes of his clients.

Soon after his arrival in Washington  
Mr. Robertson made the acquaintance  
of Secretary Gage. The Secretary re-  
ceived him very cordially, stating that  
he was ready for immediate considera-  
tion of the matter. In the meantime  
Mr. Robertson made the acquaintance  
of Solicitor General Richards, to whom  
he submitted an argument. Soon after-  
ward the opinion was handed down,  
the text of which has been published in  
the Advertiser.

In speaking of the attitude of Con-  
gress toward the Islands Mr. Robert-  
son said that he thought the introduc-  
tion of Asiatic laborers was making  
our enemies stronger and our friends  
weaker. Legislation on Hawaii was  
crowded out. Matters of more pres-  
ing importance were dealt with. The  
preponderating question was the Phil-  
ippines.

### Self Denial Week.

The Salvation Army in this city will  
observe from Sunday, March 19, to  
Sunday, March 26, as the annual week  
of special prayer and self denial. Dur-  
ing that week not only the members  
of the Army, but anyone else is invited  
to deny themselves of something in  
order to help along the missionary  
work of the Army. The late Miss  
Frances Willard, who had few luxuries,  
used to deny herself of oranges (of  
which she was extremely fond) and  
hand the amount saved to help along  
the self-denial fund. Others have lived  
on the very plainest fare possible in  
order to help on the non-supporting  
branches of Salvation Army work.

As many homes as possible will be  
visited during the week by the local  
officers, Capt. Maggie Powell and her  
assistants, on behalf of the self-denial  
effort. The week of self-denial is ob-  
served by Salvationists all over the  
world. Hilo and other posts are mak-  
ing a supreme effort to surpass last  
year's effort. Honolulu will only be  
content by heading the list.

It is very hard to stand idly by and  
see our dear ones suffer while await-  
ing the arrival of the doctor. An Al-  
bany (N. Y.) dairyman called at a drug  
store there for a doctor to come and  
see his child, then very sick with croup.  
Not finding the doctor in, he left word  
for him to come at once on his return.  
He also bought a bottle of Chamber-  
lain's Cough Remedy, which he hoped  
would give some relief until the doctor  
should arrive. In a few hours he re-  
turned, saying the doctor need not  
come, as the child was much better.  
The druggist, Mr. Otto Scholz, says the  
family has since recommended Cham-  
berlain's Cough Remedy to their neigh-  
bors and friends until he has a constant  
demand for it from that part of the  
country. For sale by Benson, Smith &  
Co., Ltd., wholesale agents.

The Japanese cruiser "Ka-  
sagi," which was built by  
Wm. Cramp & Sons, Phila-  
delphia, for the Japanese  
government, since she began  
her trial trips in June last has  
used the

VACUUM MARINE ENGINE  
CYLINDER and  
ARCTIC ENGINE OILS.

In January, 1899, she was  
supplied at Newcastle-on-  
Tyne, England, with

10 bbls. Vacuum Cylinder Oil,  
30 bbls. Marine Engine Oil,  
4 bbls. Arctic Engine Oil.

The use of the Vacuum  
Oils is increasing in all the  
markets of the world. The  
explanation of this is no  
doubt in part due to the fact  
that the Vacuum Oil Com-  
pany uses petroleum from  
wells which show no traces  
of asphaltum.

Asphaltum is very injuri-  
ous to machinery, and cheap  
oils containing it should be  
avoided.

A comparative test of Oils  
sold in this market, on one  
plantation, has resulted in an  
order for 48 bbls. of Vacuum  
Oils.

The attention of those having money  
to invest is called to the fact that there  
are great opportunities to make splen-  
did investments in San Francisco Real  
Estate at the present time. The con-  
dition of realty at present favors the  
buyer. This is the time to invest when  
properties can be purchased at low  
prices.

San Francisco has a great future;  
all unite on this point. It is to be the  
great city of the Pacific Coast, it is the  
gateway to the Orient, with the finest  
port and bay in the world. Within the  
last few months a new city charter has  
been adopted by a vote of the people,  
which goes into effect on the first day  
of January next, vast improvements  
are in contemplation under the new  
charter that will enhance realty in cer-  
tain portions of the city. The Santa Fe  
Railroad Co. has purchased land on  
the water front for terminal pur-  
poses and will enter into competition  
for a share of the passenger and freight  
traffic, the Pacific Mail Steamship Co.  
has given orders to have constructed  
several first class steamers, the largest  
and most powerful ever built to run on  
the Panama route, so as to meet the  
opposition they expect from the great  
and wealthy Steamship Co. of Chili,  
South America, which has decided to  
extend their line of steamers to San  
Francisco. All this means increase of  
population and revival of business.

In purchasing real estate, to do well,  
one must know where to buy and how  
to buy. I offer my experience and  
knowledge of values of property to  
those who desire to purchase business  
properties for income or lots for resi-  
dence purposes. Information cheer-  
fully given on all matters pertaining  
to real estate in San Francisco. Par-  
ties coming from the Islands who de-  
sire to invest are requested to call and  
absolute and positive bargains will be  
submitted to them. I will be happy to  
correspond with any who may wish to  
inquire about real estate in San Fran-  
cisco. Full charge taken of property  
and taxes paid for absent owners.
