NEW SUSPENSION BRIDGE AT NIAGARA.

The new suspension bridge at Niagara occupies the site upon which stood the bridge built in 1850-51. In the construction of the new bridge parts of the old bridge that stood far up the stream, close to the American fall, were used. These two facts add to the interest that attaches to any bridge across Niagara.

A SUIT REVIVED

An Old Friend With a New Face.

Decree of Judge Perry Renews an Equity Suit Filed in the Year 1891.

Judge Perry has signed a decree in the case of Mary C. Aldrich, Helen B. King and Norman Brown, a minor, by W. C. King, his next friend, against Priscilla E. Hassinger, Henrietta E. Ross, Annie H. Turton, Henry S. Swinton, Charles E. S. Swinton, Helen M. Seal and Douglas K. Brown, a bill of revivor, which recites that the plaintiffs, together with Harriet N. Brown, Henry Swinton, Charles E. S. Swinton, Helen M. Seal and Douglas K. Brown, filed their certain bill in equity against W. James Smith on or about the 10th day of November, 1891, asking to have a trust declared against said W. James Smith, and for certain other relief; that the said parties were thereafter at issue; that testimony was taken and arguments were made and submitted to the decision of the Court; that before any other proceedings were had in the said cause the said W. James Smith died, leaving surviving him Priscilla E. Hassinger, Henrietta E. Ross and Annie H. Turton, who thereupon became possessed of the property of said W. James Smith; that the plaintiffs herein have lately exhibited their bill of revivor to this Court against the defendants herein and that these defendants have appeared and answered; that from the bill and the answers it appears that said suit in equity should be revived as prayed for; and it further appearing that said Harriet N. Brown is dead, and that said Douglas K. Brown has attained the age of legal majority and does not consent to be retained as party plaintiff in the suit as revived.

It is therefore decreed that the suit against the said W. James Smith be revived and do stand revived against Priscilla E. Hassinger, Henrietta E. Ross, Annie H. Turton, as defendants; that the names Priscilla E. Hassinger, Henrietta E. Ross and Annie H. Turton be substituted for the name of W. James Smith in the further proceedings of said suit; that the names of Harriet N. Brown and Douglas K. Brown be stricken from the record as parties plaintiff, and that except as herein provided the said suit and proceedings do stand in the same plight and condition as they were at the time of the death of said W. James Smith.

NEW BOOKS TO HAND.

A Model Plant is not complete with-
out Electric Power, thus dispensing
with small engines.

Why not generate your power from
one CENTRAL Station? One gener-
ator can furnish power to your Pump,
Centrifugals, Elevators, Pumps, Rail-
ways and Hoists; also, furnish light
and power for a radius of from 15 to
20 miles.

Electric Power being used, saves the
labor of hauling coal in your field, also
water, and does away with high-priced
engines, and only have one engine to
look after in your mill.

Where water power is available it
costs nothing to generate Electric
Power.

THE HAWAIIAN ELECTRIC COM-
PANY is now ready to furnish Electric
Plants and Generators of all descrip-
tions at short notice, and also has on
hand a large stock of Wire, Chan-
delliers and Electrical Goods.

All orders will be given prompt at-
tention, and estimates furnished for
Lighting and Power Plants; also, at-
tention is given to House and Marine
Wiring
