

THE PACIFIC Commercial Advertiser. W. N. ARMSTRONG - EDITOR. MONDAY JULY 24

SOMETHING MORE ABOUT THE CONSTITUTION.

In another place is published an interesting letter from Mr. F. M. Hatch on the constitutional question. He does not agree with the Advertiser in its construction of Senator Morgan's remarks on the subject.

Senator Morgan is unreservedly committed to the proposition that the act of annexation carried with it the right of Hawaii to all the privileges which have been heretofore granted to any territory.

Mr. Hatch, who is an excellent lawyer, knows the difficulty of construing the simple authority given to Congress to "make needful rules and regulations respecting the territories."

If the Constitution is now in operation here, the paper money of the government is worthless. Section ten of the Constitution provides that "no State shall emit bills of credit."

THE LABOR QUESTION.

The failure of the planters to get the consent of the Italian government to the emigration of laborers from Italy, does not prevent Italian emigration to these Islands. It can be carried on, so far as the Italian government is concerned, with the same freedom as it carried on to the Mainland.

Any one who is familiar with the conditions of immigrant service is not surprised at the attitude of the Italian government. Before dependence should have been placed on a favorable attitude, a careful investigation should have been made of the regulations governing Italian emigration to the Argentine Republic and elsewhere.

A DRINKING TROUGH.

While the government is building an excellent road to the Pali, it should place a large water trough by the road side, near the reservoirs. By a simple automatic arrangement there would be no waste. Travel is increasing and the need of water for animals increases.

Dr. S. E. Bishop in one of his interesting letters to the Evening Star of Washington, D. C., gives an extended account of the recent expansion of the sugar interests here.

Lieut. Safford told the members of the Historical Society on Friday evening, that according to the best form in Samoa, a lover fed not only his fiancée, but her family and relatives until marriage took place.

VISITING MEDICOS

Luuau in Their Honor on Saturday Night.

Entertained in Hawaiian Style By Doctors Day and Wood—Lunched on Tantalus With Dr. Cooper.

A luau in regular Hawaiian style was given by Drs. Day and Wood at their Beretania street premises, formerly the Club Hotel, on Saturday evening in honor of Dr. Senn, the noted Chicago surgeon, and Professor Brower of Rush College, who are visiting this city for a short time.

The feast was prepared under the direction of Mrs. Arnold and comprised every Hawaiian delicacy, nothing but native foods being on the table. Those present in addition to Dr. Senn and Prof. Brower and their hosts were Major Woods of Buena Vista Hospital, Major Bradley and Captain Styles of the U. S. Hospital Ship Relief, Dr. Stone of the U. S. T. Brutus, Drs. Myers, Taylor, Hoffman, Platt, Cooper, Humphris, Garvin, Alvarez, Emerson and Howard, Attorney-General Cooper, George W. Smith, James Judd and Mr. Hervey.

During the feast the Misses Kanoho entertained the guests with native airs, while photographer Davey succeeded in getting a splendid flashlight picture of the scene.

At the end of the feast Dr. Senn led off with a few remarks in which he paid special praise to Hawaiian cookery, saying that he had been feasted in many cities in the world but never had been given a greater variety of good things to eat cooked in such an attractive style.

The Match Shoot.

The match shoot between teams from Co. F and the police force was held Saturday and was won by the soldiers. The score was 586 to 553. The highest single score was made by Bortfield of Co. F. Capt. Parker, who made a "possible" a couple of days before, made the low score of 39.

Officer Toma Abe was bitten by a spider last Saturday. The bite was extremely poisonous making a bad wound.
