Zuckers Medicol Egg...

Is the most economical and reliable destroyer of Vermin, Mites and Lice on fowls and keeping brooders healthy and strong that is for sale on the market today. This is done by placing one of ZUCKERS MEDICOL EGGS in each nest.

The leading fanciers of the U. S. are using this egg and since finding its worth, are not using anything else.

Help the hens by keeping them clean and they in turn will help you. Now is the time to receive their assistance when eggs are expensive.

We have a circular full of testimonials what this wonderful egg has done for Canary Birds that stopped singing and shed their plumage on account of being covered with lice and mites.

The ZUCKER MEDICOL EGG is also used for the dispersion of ROACHES, ANTS, MOTHS, PLEAS and BED BUGS.

And as a GENERAL DISINFECTANT.
