# SIGNS AND WONDERS

## Seismic Action to Herald Second Coming.

## ADVENTIST VIEW OF VOLCANIC WRATH

### J. H. Behrens Writes of Scriptural Meaning of Convulsions of the Earth's Crust.

EDITOR ADVERTISER: Inasmuch as there is at present considerable volcanic activity in different parts of the earth, and many reasons are given as the cause of these phenomena, it has occurred to the writer that the Bible reasons have been largely unnoticed and inasmuch as the word of the Lord has much to say upon this, we beg leave through the liberality of the columns of your paper to present a few of these for the consideration of all who may read them.

What we shall say upon this subject will not conflict with the idea as held by some that "Coal and oil frequently ignite and burn beneath the surface of the earth. Thus rocks are heated, limestone is burned, and iron ore melted. The action of the water upon the lime adds fury to the intense heat. As the fire and water come in contact with ledges of rock and ore, there are loud explosions, and volcanic eruptions follow. These often fall of giving sufficient vent to the heated elements, and the earth itself is convulsed, the ground opens and villages and cities are swallowed up."

This view appears to our mind as reasonable and consistent as any we have seen presented and for this reason we quote it here.

When the Savior died upon the cross "the earth did quake and the rocks were rent," and when he arose from the dead "there was a great earthquake." When he shall come again to earth he "will shake the heavens, and the earth, and the sea, and the dry land."

"But the Lord will be the hope of his people." See Isa. 13:13, Joel 3:16, Hag. 2:6.

In the Savior's prophecy of his coming again and of "the end of the world" he mentions "earthquakes in divers places" as one of the signs. Matt. 24:7, Mark 13:8, Luke 21:11.

The alarming frequency and destructiveness of these in later years has caused some to look up their record and history, and estimate through the advancing centuries. The result is well summed up in the Christian Statesman when it says: "The continued occurrence and great severity of earthquakes has distinguished the period in which we are now living above all others since the records of such phenomena began to be generally preserved."

In the "time of the end," just before the coming of Christ, God declares that he "will show wonders in the heavens and signs in the earth, blood, and fire and vapor of smoke." "Great earthquakes shall there be in divers places, and famines and pestilences, fearful sights and great signs shall there be from heaven." Isaiah refers to these exhibitions of God's power in calling the attention of nations to stand in awe of him, and that they may tremble at his presence. "Oh, that thou wouldst rend the heavens that thou wouldst come down, that the mountains might flow down at thy presence, as when the melting fire burneth, the fire catcheth the waters to boil, to make thy name known to thine adversaries that the nations may tremble at thy presence." Isa. 65:1, 2. "Let all the earth fear the Lord. Let all the inhabitants of the world stand in awe of him," "which doeth great things past finding out, yea, and wonders without number." "great things doeth he which cannot be comprehended." "Lo, these are parts of his ways, but how little a portion is heard of him." J. H. BEHRENS.

A Wonderful Cure.  
Thomas Marin Co., Cal., Jan. 2, 1902.  
DR. M. G. McLAUGHLIN—Dear Sir: One could not imagine the siege of suffering I passed through from stomach trouble and rheumatism. I was subjected to severe drug treatment, stomach pump treatment and diet treatment without the least relief. I grew disgusted with them all and as a last resort tried your belt, two years ago. In three days I could fling away my cane, and in three months was a new man, entirely cured and felt better than I had for years. Several of my friends have since purchased your belts. I would not part with mine for \$1,000 if I could not get another. Yours truly,  
JOHN B. GUAY.
