MAUNA LOA IS ACTIVE

Dewey Crater Said to Be Smoking Again.

HILO, July 25.—The Herald says: Guests at the Volcano House last Saturday noticed smoke arising on Mauna Loa in the vicinity of the outbreak of 1899. It will be remembered that Weather Observer Lyons predicted that there would be "something doing" on Mauna Loa about July 4. It is possible that the Dewey crater has opened up and may be slightly active.

LITTLE SAYS STAMP TAX IS VOID. Judge Little has handed down an opinion declaring the Territorial stamp tax to be unconstitutional and void. The case in question was where an attorney asked the court to compel defendant to place stamps upon a certain deed. Judge Little denied the motion and goes into the discussion elaborately, wandering back in his search to the time of Lycurgus' English common law, etc.

STOBIE-REID WEDDING.

The marriage of C. A. Stobie and Eliza McCarrill Reid was solemnized last Saturday evening at the home of Dr. R. H. Reid by Rev. G. L. Pearson. After the impressive ceremony and congratulations, the guests were served with a delightful supper, which concluded the party drove to the home of J. T. Moir at Papeaia, where they have been guests for a week. The bride was beautifully attired in a gown of crepe de chine over tan silk, and wore but one ornament, a brilliant star studded with diamonds, the gift of the groom.

VALUABLE DOG DEAD.

The magnificent Great Dane dog, the property of Miss Elsa Grubb, superintendent of the Hilo Hospital, died of acute glanders on July 18. The dog was of blooded stock and was valuable. His pedigree was a long one. He was by Prince II, winner of third prize, out of Belle II, she by Hector (Imp) out of Belle I (first prize 1897), she by imported Malock, out of Queen, she by Marco, out of Nellie. The last two were owned by Porter Asche and A. B. Spreckels, respectively. Rover was whelped in San Francisco, January 16, 1896. A sister of Belle II took first prize and special prize at the San Francisco dog show in 1898. Miss Grubb recently refused an offer of \$500 for the animal.

BRIEF NOTES.

The Tribune is still pushing the candidacy of Judge Little as a Delegate to Congress. Police at Honolulu have been making wholesale raids of Japanese and Chinese stores, suspected of illicit trading. Much sakl was found and at one Chinese store over 100 pounds of opium was seized. The Foresters of Hilo have rented the second story of the Richards and Schoen building and will move into their new quarters the first of the month. Company D has returned from camp at Cocoanut Island, having had a good time while it lasted.

J. Anderson—5 overs, 0 maidens, 19 runs, 2 wickets; 8.50 average.

The innings as played by Beardmore were worthy of a veteran, his cutting being simply perfect. His innings was nevertheless marred by a few chances, he being badly missed early in his innings. Owing to Von der Heyde hurting himself before the game started it was bad luck for the World team, as after the accident he was practically useless in the field.

The Hoot Mons, although beaten on Saturday, are trying to arrange another game for Saturday next. It would be as well next time when players are selected that they inform the captains of the sides that they do not intend to play instead of making them believe that they will be there.

RICH LAND

—IN—

Central Kona FOR SALE

By order of REINNE BODANET, Trustee, I offer for sale those certain parcels of land situate at Onoati, South Kona, Island of Hawaii, described by Royal Patent (Grant) No. 1162 to F. O. Schultze, and containing 174 acres. Royal Patent (Grant) No. 2862 to Awabak and containing 739 75-100 acres, situate at Keopuka and Onouli, Island of Hawaii.

This is a tract of land of over 918 acres, situated in the most fertile and richest portion of the Island of Hawaii. It faces the new Government road, extends to the sea, and is five minutes' walk from Kealahouka Bay, by way of the old Government road which runs through the property. Portions of the land are already under cultivation. This tract is so situated that it is about midway between Kailua and Hookea, and five miles from Napoos, three most important parts of the Kona district. It has sufficient elevation, running up to fourteen hundred feet, to be particularly healthful, and its soil is well adapted to the growth of sugar cane, coffee, fruits, dairying, or for the promotion of diversified farming.

Occupants of this land have easy access to several ports for export, and with the advent of the Kona Railroad will find themselves in close communication with the thriving City of Hilo. This, of course, affords a splendid opportunity for the exporting of farm products to the California market. With the revival of the Kona Sugar Co., considerable portions of this land can be successfully planted to sugar cane.

This is one of the most splendid opportunities for a good investment that has been put upon the market for a considerable period of time.
