**IMPORTS FROM THE
INSULAR POSSESSIONS.**

**WHEAT ISLANDS FURNISHED
THE UNITED STATES
PAST YEAR.**

Products of Hawaii, Cuba, Porto
Rico and the Philippines Sent
to Mainland Valued at
\$60,000,000.

(Stat. Correspondence of The Republic.)
WASHINGTON, July 28.—The im-
ports into the United States from Cuba,
Porto Rico, Hawaii and the Philippine
and Samoan Islands for the fiscal year
just ended amount to over \$60,000,000.
Over \$40,000,000 of this is sugar and
molasses. \$10,000,000 tobacco, \$5,000,-
000 vegetable fibres, \$1,000,000 iron,
copper and manganese, and the remain-
der such miscellaneous tropical prod-
ucts as coffee, cocoa, sponges, tropi-
cal fruits, vegetables, hides and skins
and cabinet woods.

The sugar importations from the is-
lands form practically one-third of the
total sugar brought into the United
States during the year, amounting to
about 1,400,000,000 pounds out of a
grand total of over 4,000,000,000 pounds
imported. Of the total sugar importations
from the four islands, Cuba supplied
slightly more than one-half, though
in value the importations from Hawaii
exceeded those from Cuba, Hawaiian
sugar being of a higher grade, and
consequently representing a larger
value, although the number of pounds
of sugar imported from the islands, as
shown by the import figures for Cuba.
The total importations of sugar during
the year from Cuba were 705,466,552
pounds, valued at \$18,243,659; those
from Hawaii, 594,713,165 pounds, val-
ued at \$20,322,150. Porto Rico occupies
the third place in quantity and value of
sugar imported from the islands, the
total for the year exceeding \$9,000,000
pounds, while from the Philippines the
total for the year is in round terms
\$5,000,000 pounds.

The second item of imports from the
islands, considering them in the order
of magnitude, is tobacco, amounting in
round terms to \$10,000,000 in value,
which represents about two-thirds of
the total importations of tobacco into
the United States. The total value of
manufactured and unmanufactured to-
bacco imported during the fiscal year
is about \$16,000,000, and that from the
four islands slightly above \$10,000,000.
Of this, the very large proportion
comes from Cuba, the total value of
tobacco imported from Porto Rico dur-
ing the year being about a quarter of
a million dollars, from the Philippines
but about \$1,000, and from Hawaii less
than \$100.

The third item of imports from the
islands, considering them in the
order of magnitude, is manilla hemp,
which comes, as the name indicates,
from the Philippine Islands, the total
value of the importation of this article
being for the year \$7,172,368, of
which \$5,024,770 came direct from the
Philippines.

The following table shows the im-
portations into the United States from
the four islands for the eleven months
ending with May, the details of the var-
ious classes for the month of June
having not yet been completed:

LATE SUGAR QUOTATIONS.

NEW YORK, July 28.—Raws—This
is a half holiday and there is little do-
ing in the market. Buyers are generally
absent from the city today, and it is
evident from the large reaction which
has come to the European market, ac-
ticipated, that the rise in raw sugars
is over for the time being.

Sales, July 28, 1900—1200 bags Porto
Rico and 621 bags Trinidad muscovado,
on spot, basis 89 test, at 4 3-8c
landed.

Refined—The rise in refined must also
be considered ended for the present at
least. Demand is extremely light and
refiners are catching up somewhat with
deliveries and request instructions on
contracts expiring July 31.

European markets had a large re-
action, with indications of a further
decline. Evidently the corner in con-
tract deliveries for July has been brook-
en and the quotations for likely now
to come closer together by a reduction
in present quotations.

London Cable, July 28, 1900.—Cane
quiet, no change. Beet dull at the de-
cline. Java No. 15 D. S. 14s 6 1-2d;
fair refining, 13s; beet, July, 12s 3-4d;
August, 12s 3-4d.

York, duty paid.

American Sugar Refining Company's
stock opened at 127, highest 127, low-
est 124, closing 124 1-2.

NEW ORLEANS, July 29.—The local
market for sugar continued strong and
all offerings sell promptly. New York
reported raws strong, with little offer-
ing, and refined in fair demand.

The London market was reported by
cable to the Sugar Exchange today as
follows: Cane, firm, with upward ten-
dency, at 14s; beet, active at advance
at 12s 41-2d.

The New York market was reported as
follows: Fair refining, 89 test, 4 3-8c;
centrifugals, 96 test, 4 7-8c;
standard granulated, 5.90c; standard A,
5.70c; German granulated, 5.47c.

There were no receipts nor sales
reported today.

The following quotations for planta-
tion sugar and molasses are from the
official report of the Louisiana Sugar
and Rice Exchange, and are for round
lots:

Plantation sugar, open kettle, none.
Centrifugals, per pound: Market

ager, is to write a book of reminis-
cences of the famous singers and com-
posers he has known.

like him, is a native of Illinois.

ways a good, religious and conscien-

[From the Philadelphia Record.]
An emergency might arise at any
moment requiring the substitution of
conciliatory intervention by a civilian
envoy for a surgical operation by the
sword in the hands of a military com-
mander. A better choice than that of
Mr. Rockwell could not have been
made for the performance of the diffi-
cult task of maintaining peaceful re-
lations with the constituted authorities
in China coincidentally with the em-
ployment of force to rescue American citi-
zens from a tremendous horde of fanatics
and mutinous troops.

A "Sacred Edict" of China.

The following "sacred edict issued
by the lord of wealth and happiness" is
from the Shanghai Mercury of June
15.

"The Catholic and Protestant reli-
gions being insolent to the gods and
extinguishing sanctity, rendering no
obedience to Buddhist and engaging
both heaven and earth, the rain clouds
now no longer visit us; but 500,000
spirited soldiers will descend from heaven
and sweep the empire clean of all foreig-
ners. Then will the gentle showers
once more water our lands; and when
the tread of soldiers and the clash of
steel are heard, heralding woes to all
our people, then the Buddhist's Pat-
otic League of Boxers will be able to
protect the empire and bring peace to
all its people.

"Hasten, then, to spread this doctrine
far and wide; for, if you gain one ad-
herent to the faith, your own person will
be absolved from all future misfortunes.
If you gain five adherents to the faith,
your whole family will be absolved from
all evils; and, if you gain ten adherents
to the faith, your whole village will be
absolved from all calamities. Those
who gain no adherents to the cause
shall be 'decapitated' for, until all
foreigners have been exterminated, the
rain can never visit us. Those who
have been so unfortunate as to have
drunk water from wells poisoned by
foreigners should at once make use of
the following divine prescription, the
ingredients of which are to be decocted
and swallowed, when the poison patient
will recover:

"Dried black plum half an ounce.
"Solanium dulcamara half an ounce.
"Encornium ulmoides half an ounce."

A Minister's Good Work.

"I had a severe attack of bilious colic,
got a bottle of Chamberlain's Colic,
Cholera and Diarrhoea Remedy, took
two doses and was entirely cured," says
Rev. A. A. Power, of Emporia, Kan.

"My neighbor across the street was
sick for over a week, had two or three
bottles of medicine from the doctor.
He used them for three or four days
without relief, then called in another
doctor who treated him for some days
and gave him no relief, so discharged
him. I went over to see him the next
morning. He said his bowels were in
a terrible fix, that they had been run-
ning off so long that it was almost
bloody flux. I asked him if he had tried
Chamberlain's Colic, Cholera and Diar-
rhoea Remedy and he said, 'No.' I went
home and brought him my bottle and
gave him one dose; told him to take
another dose in fifteen or twenty min-
utes if he did not find relief, but he
took no more and was entirely cured.
I think it the best medicine I have ever
tried." For sale by all dealers and drug-
