### Assistant Post-Master Is Held Responsible For Registered Money Packages Containing \$525.

### SOME FRESH, PERSONAL PARAGRAPHS

### Senate Has Balked On The Arbitration Treaty Which Fact May Result In Failure of Treaty.

The Sunday School lessons these days are devoted to the study of a comparatively unfamiliar but very interesting period of Old Testament History viz: the breaking up of the Jewish Kingdom and the consequent captivity. This Mr. Lydgate proposes to make graphic and instructive for his Sunday School Children, and the general public, by means of a series of tableau portrayals, on the Church lawn, on Sunday afternoon at 4 p. m.

The pageant will be in two acts of 4 or 5 Scenes each, the first act being "The Finding of the Law" and the second "The Burning of Jeremiah's Prophecies." The parts will be taken by the children in appropriate costumes, specially designed for the occasion.

This will take the place of the usual morning service and a collection will be taken to meet expenses.

So novel an exhibition should be interesting as well as instructive, and we bespeak a large audience. The public generally is invited.

### Assistant Post-master Is Held Responsible

Joe Kubey, assistant Postmaster of Honolulu, is held responsible for the disappearance of two registered packages containing five hundred and twenty five dollars. The packages are said to have disappeared from the safe in the post-office. It is thought by some that they may have been placed in the wrong pouch.

Among Mr. Kubey's friends on Kauai, it is hoped that he will be able to locate the missing packages to the satisfaction of all parties concerned.

Makee here for some time, mysteriously disappeared from the Hanalei beach the other day where it had been overlooked by the pursuer in whose charge it had been placed. Within half an hour after the departure of the boat, Mr. Makee had an occasion to pass the landing and the suit case was not to be seen, so it is supposed that it must have been stolen immediately after the boat sailed. The matter was reported to the police at once but no clew has been discovered which might lead to its recovery.

Mr. Cook, returned from Haena last Wednesday and said he was very hopeful of stamping out the disease there and that he had succeeded in confining it to such close quarters, indicated a vast improvement over conditions on his former visit.

Inspector Cook has sent in a requisition for another supply of lime for Haena and will return there within a few days to continue the crusade he has begun.

### Dog-Days Come In August, Yes?

That "every dog has its day," was demonstrated here last week, when the official dog catcher reported thirty-four dogs captured in one day. This certainly leaves little to doubt that "Dog-Days" fall in August. While a few of the dogs were redeemed, the larger number of them were shot—being probably more valuable dead than alive.

### Wireless Station May Be Shifted Further From Beach—Stodart To Return To Bonnie Scotland

Honolulu August 12, 5:27 p. m.

GARDEN ISLAND:

Oahu wins with score of 6 1-2 to 3 3-4. Philip and Arthur Rice played great polo. Walter rode Carrie for three periods. Walter and Castle did wonderful work.

The teams took the field as follows:

Oahu. Kauai. Harold Dillingham 1 Arthur H. Rice Harold Castle 2 John Malina Walter Dillingham 3 Chas. A. Rice Robert Atkinson 4 Philip Rice

The information embodied in the above wireless which was received at half past five Saturday evening was a surprise to everyone as there was no doubt but the Kauai team would take the pennant. The Star, in speaking of the game says: "The game was the best and fastest played here in years. Neither side had anything to complain of in the matter of mounts, indeed it is doubtful if a classier bunch of ponies have ever been turned out in a single game on the island."

"The Kauai players showed brilliant individual work, but failed to play together as a team as well as the Oahu Quartett. Arthur and Philip Rice both put up a splendid game and the latter has seldom been seen to better advantage."

A complete report of the game will appear in our next issue.

### Wireless Station May Be Changed

According to information obtained through a reliable source, the Lihue wireless station is soon to be renovated and placed in a new location. There have been several suggestions as to a suitable location, but no official action has as yet been taken. Nawiliwili is said to be a favorable place, yet the projecting mountains which fringe the bay are thought by some might interfere with the wave transmission. Near the hospital is another site spoken of, while the baseball park and THE GARDEN ISLAND office are two more locations under consideration.

Operator Vincent, in conversation with a reporter, said that a move was inevitable, and that a new and modern plant will be installed.

### Wm. Stodart Leaves For Bonnie Scotland

During this time he has established himself as one of the leading mechanical and sugar engineers of the country and as a manager of exceptional executive capacity and good judgment.

We understand that he has received several very flattering offers for the future but at present he is not making any engagements—everything being contingent on his wife's health.

The Japanese school in Kapaia opened yesterday morning with an enrollment of one hundred and fifty pupils.

County Auditor C. Maser is in the city for a few days.

County Attorney Sam Kaco, returned on the Hall this morning.

### Hanamaulu Store One Of The Neatest On Kauai—J. K. Gandall A Very Conservative Business Man

### HARBOR SURVEY YET IN PRELIMINARY

### Pure Food Man Passes The Buck Up To Expert Chemists And Is Willing To Stand Results

### Gandall's Wholesome Liquors, Kapaia.

Mr. J. K. Gandall, proprietor of this establishment, is one of Kauai's most conservative business men. He has been in business here for years, during which time everyone has come to look upon him with a feeling of profound respect and perfect confidence. Noted for his firmness, he is, nevertheless liked as well for his well-known cordiality and courtesy.

Mr. Gandall takes much interest in the welfare of the community, and his advice is frequently sought on occasions requiring careful consideration. His establishment is known the island over as one of absolute reliability and as a consequence he enjoys a large patronage which—as one of Kauai's most venerable business men—he so richly deserves.

### Hanamaulu Store

Leaving Kapaia, we soon arrive at another beautiful glass front store. It is the Hanamaulu Store—a branch of "Kauai's Emporium" [Lihue Store.] Here a window is enticingly filled with bicycles, sporting goods etc., there, others, with equally attractive displays. This clean and well-regulated store is under the supervision of Mr. Antone Nobriga and T. Seike, the former having charge of everything but the Oriental Department, while the latter most ably looks out for this one line. They are both veteran sales' managers and conduct the business in a highly satisfactory manner to their employer and the trade.

This store is by far the coolest and airiest of any we have seen and it was a pleasure to feel the inviting influences at the very threshold to the entrance.

Not a speck of dirt marred the shiny floor, the counters and show cases fairly glistened, the managers, attended by their clerks, moved gracefully and noiselessly to and fro, and all in all, there was not a single suggestion of the flurry which is so evident in too many of our stores, and which gives rise to the belief that all stores are bake-ovens. The eight hundred or more families who depend on this store for their monthly supplies are certainly fortunate in having such men as Messrs Nobriga and Seike to see to their wants. Prompt delivery and good goods is their slogan and that this is carried out to the entire satisfaction of their customers, can be readily verified.
