MAKAWELI WINS FIRST CHAMP. GAME

Out at Makaweli Sunday the home team scored a win from their neighbors the McBrydes 6-4. The winners got all their tallies in the eighth inning, after it looked as though the visitors would use the white wash brush. Ineneo weakened up in that inning, and the home team took advantage and kept the fielders busy with the globule. One citizen of Makaweli when asked about how they came out in the last inning said, "We usually keep 'em guessing." It was a fine game to watch, the umpires Eddie Fernandes and Leslie Wishard give decisions which were not unappreciated by the mass of fans who gathered around. The game lasted one hour and thirty five minutes. Summary of the game follows:

1st Inning

McBryde.—Spaulding flew to H. Fassoth. Costa got a pass and made second on a steal. Denichi reached second on Kane's error. Pacheco hit a deep fly which Thompson caught Costa scoring, Denichi being out at the plate. One Run.

Makaweli.—Costa made first on Kusan's error. Fernandes forced Costa out, Ineneo to Pacheco. Thompson and H. Fassoth fanned. No runs.

2nd Inning

McBryde.—Takitani bunted and stole second, Ineneo did the same. Kusan flew to Thompson, Takitani scoring. Gabriel and Pereira both fouled to J. Fassoth. One run.

Makaweli.—Raposo singled, but was out trying to steal Ineneo to Pereira to Pacheco. Oeha was hit by a pitched ball. Kane hit a three bagger, Oeha being put out at the plate. Kusan to Gabriel. Kruse was out by Pereira unassisted. No runs.

3rd Inning

McBryde.—Spaulding and Costa both singled and stole third and second respectively. Denichi struck out. Pacheco flew to Costa. Takitani died, Costa to H. Fassoth. No runs.

Makaweli.—J. Fassoth flew to Ineneo. Costa and Fernandes both died the same route that is Denichi to Pereira. No runs.

4th Inning

McBryde.—Ineneo singled and stole second. Kusan flew to Kruse. Gabriel to H. Fassoth. Pereira let loose a single which scored Ineneo. Spaulding expired Fernandes to H. Fassoth. One run. Makaweli.—Thompson fanned. H. Fassoth flew to Ineneo. Raposo died Ineneo to Pereira. No runs.

5th Inning

McBryde.—Costa fouled to Kane. Denichi fouled to J. Fassoth and Pacheco fanned. No runs.

Makaweli.—Oeha out, Kane to Fassoth. Kane singled. Kruse fanned and J. Fassoth flew to Costa. No runs.

6th Inning

McBryde.—Takitani hit a two bagger. Ineneo died, Kruse to H. Fassoth. Takitani making third, Kusan died, Costa to H. Fassoth. Takitani scoring. Gabriel died, Kane to H. Fassoth. One run.

Makaweli.—Costa walked but was forced out at second. Spaulding to Pacheco, when Fernandes made first. Thompson died Pacheco to Pereira. H. Fassoth died at first base unassisted. No runs.

7th Inning

McBryde.—Pereira out. Kruse to H. Fassoth. Spaulding and Costa expired at first base unassisted. No runs.

Makaweli.—Raposo flew to Ineneo. Oeha made first on Denichi's error. Kane hit into a double killing. Denichi to Pacheco to Pereira. No runs.

8th Inning

McBryde.—Denichi out, Costa to H. Fassoth. Pacheco made first on H. Fassoth's error. Takitani and

KOLOA'S PROTEST IS NOT ALLOWED

Koloa Aug. 18th, 1913. Dr. Glaisyer. Sec. Kauai Annateus Athletic Association.

Dear Sir: We do hereby protest the game played at Lihue Ball Park on Sunday, Aug. 17th, 1913 between the Makaweli's and Koloa's on the following ground, viz:

Jos. Fassoth 1st. batter up in the ninth inning was declared out. Jno. Costa next man up hit to left field which rolled under Smith's auto, hitting an auto occupied by Mrs. Kula, Mrs. H. Blake and Miss Kalawe thereby bouncing in the air and caught by Andrade and returned to 2nd. base which went through 2nd. baseman to 1st. base and then relayed to 3rd. base said runner Jno. Costa being called out by Base Umpire, but said decision was reversed by the Chief Umpire Mr. Fernandez on the grounds that said ball out in left field had been returned to left fielder by a spectator such not being the fact.

On the ground we protest and pray for a hearing. Yours very respectfully, H. M. HONAN, Capt. Koloa Athletic Club.

A special meeting of the Directors of the K. A. A. A. was held last Wednesday to consider the above protest of the Koloa team. Both umpires were present and interviewed.

After a long discussion, the point was held, that if the umpire in chief, Mr. Fernandez still considered the play a question a block ball, then the decision must stand as given, it being a play to be decided by the umpires judgement, as laid down in Rule 63, Spaulding, B. B. Guide.

Mr. Fernandez stated, that in his judgement the ball after being hit by Costa went under an automobile, and that he saw the arm and shoulder of some person not identified, passed the ball to the left fielder, who then relayed it into play in the manner described in the protest. Except for this blocking of the ball, Costa would have been out at third, but upon this block alone he called him safe. Mr. Fernandez firmly adhering to his view of the case, the Directors after due consideration had no recourse but to find in accordance with the Rules, and by a vote of 6 to 1, threw out the Koloa protest and let the game go to Makaweli.

WAIAU ON THE RACK

"I am a dangerous man this morning."

These were the words uttered by Henry Waiiau last Tuesday upon trying to enter the home of Mrs. Kahele where Mrs. Wa'au was staying. In the subsequent conversation which followed, he intimated his intention of killing his wife, his mother-in-law and himself.

He was refused admittance by Mrs. Kahele who told Waiiau that his wife would not see him and did not want anything further to do with him. He was placed under arrest but later released upon furnishing bond to the amount of \$200. The case will come up Friday.

Ineneo both fouled to Kane. No runs.

Makaweli.—Kruse struck out. J. Fassoth and Costa walked. Fernandes flew to Spaulding. Thompson doubled scoring J. Fassoth.

H. Fassoth tripled scoring Costa and Thompson. Raposo was hit by a pitched ball, he then stole second. Oeha made second on Pereira's error. H. Fassoth and Raposo scoring. Kane singled scoring Oeha. Kruse singled but Kane was put out by Denichi. Six runs.

9th Inning McBryde.—Kusan out. Kruse to H. Fassoth. Gabriel flew to Thompson and Pereira flew to Kruse. No runs.

Mrs. A. R. Glaisyer underwent a slight operation at Lihue Hospital last Friday and is reported as getting along nicely.

LIHUE'S NEW ELECTRIC POWER SYSTEM

Born of nothing—it leaps to life and in the short space of one second of time lives a thousand lives—dies a thousand deaths and still lives on.

Thus has one of our modern poets so ably described that wonderfully useful yet infinitely intangible modern convenience—Electricity.

Lihue may congratulate itself on having one of the most efficient power plants that modern engineering can produce; no expense or detail was overlooked in the construction of the plant, that could possibly contribute to providing a first class up-to-date system.

The power house itself situated about eight miles from Lihue lies cosely ensconced in a deep saucer-like depression just beyond the ridge followed by the Waiiha pole line.

As one looks down from the trail several hundred feet above the power house and nearly a mile away from it, one is attracted by the loud hum of the machinery and sees the foam churned water, as it passes from the turbines to the stream a little beyond. One cannot fail to be suddenly brought to realize the invasion of commercialism in the heart of the sub-tropical Hawaiian foot hills.

The plant derives its source of power from the Waiiha stream.

Two tunnels have been constructed known as the north and south intakes. The former is four miles long and the latter just half as long.

These are divided up at certain intervals by deep cavities giving access to the tunnel way, and nearer the hydrostatic head by spillways by the aid of which the main volume of water may be regulated.

On leaving the tunnels the water is brought through a concrete canal way to a capacious surge head 207 ft. above the level of the water wheels below. From the surge head a thirty inch pipe conducts the stream to the entrance to the power house, where the water way divides into two branches, one branch leading to each turbine.

The turbines are of the pelton type direct connected each to a 250 Kv. Amp. capacity alternating 3 phase current generator, turning them at 347 revolutions per minute.

Demands for sudden increased output from the generators are instantly met by means of automatic valves which are operated by finely adjusted oil governors. An increase in the load causes the water valves to open thus increasing the volume of water admitted to the wheels and corresponding increase in speed and output of the machines.

Diminutions in the load cause a closing of the valves preventing the machines from racing at too high a speed thus giving excessive voltage.

The power house is constructed of concrete and well enforced steel work. Overhead cranes on steel runways provide an easy means for moving or dismantling some of the more heavy pieces of machinery.

Under ground conduits lead the main current from the generators to the switchboard and transformer room.

The former is well equipped with every variety of meter, including synchroscopes, frequency meters and phase meters.

The transformer room is a small concrete building added on to the main house, containing a set of four water cooled transformers.

Here the current from the machines which has a voltage of about 2,250 is transformed to 16,500 volts for transmission over the six mile high tension line to Lihue.

There are over 230 re-enforced concrete poles bearing the wires of this line, being as strong and durable as they possibly could be made.

The high tension line enters the substation at Kapaa where the current is transformed through enormous oil transformers from

ADOPTS A CONSTITUTION AND BY-LAWS

The second meeting of the Kauai Chamber of Commerce was held at Lihue Hall last Thursday. The object of this meeting was the approval and adoption of the by-laws prepared by the committee appointed for that purpose at the first meeting of the Chamber, to appoint a board of directors and a delegation to attend the second annual convention of the Chamber of Commerce, Merchant's Association and Commercial Club of Honolulu which convenes September 17th.

After the reading of the minutes of the previous meeting the matter of the by-laws was taken up. The draft drawn up by the committee was read by paragraphs and discussed, and, after a few alterations, were adopted in total.

The election of a board of directors was next in order and the following members were elected to compose that body: The President, Secretary and Treasurer, ex-officio: Carl Bayer, Gustav Hansen, Frank Alexander, and Gaylord Wilcox.

The matter of a delegation to attend the convention in Honolulu was then taken up and it was decided that President Rohrig, Secretary Behr and Treasurer Mahlum would be the proper persons to undertake that important work. The delegates were instructed to invite the civic bodies of Honolulu, Maui and Hawaii to hold the next annual convention on Kauai as the guests of the Kauai Chamber of Commerce.

Those present were:

H. Rohrig, C. B. Hofgaard, E. Behr, E. E. Mahlum, A. Bucholtz, C. Bayer, J. I. Silva, W. D. McBryde, W. O. Crowell, Capt. Leavitt, A. R. Glaisyer, J. H. Cone, C. W. Spitz, St. Clair Robinson, Elmer Robinson, Philip L. Rice, W. H. Rice, Jr., J. M. Lydgate, F. Alexander, G. Hansen, Gaylord Wilcox, R. P. Spaulding, Dr. Waterhouse, J. K. Farley, A. G. Kaulukou, J. M. Kaneakua, Karl Roendahl, E. Fernandez, Percy Deverill, Dr. Putman, K. C. Hopper.

ART 1 OBJECTS.

The objects of this organization shall be to foster and encourage Commerce, Manufacture, Horticulture and Agriculture; to promote the passage of beneficial laws; to obtain the best possible transportation facilities both passenger and freight; to attract and interest visitors; and to generally advertise the attractions, and promote the welfare of Kauai.

ART 2 MEMBERSHIP.

1. All persons interested in the welfare of Kauai, and willing to co-operate for the promotion of the same may be eligible for membership in this Chamber.

2. At any regular meeting of this Chamber a two-thirds vote of those present will elect to membership, on the payment of dues, and

16,500 volts down to 2,200 volts in order to handle it safely and adopt it more easily to every day use. From the substation main feeders are led to distributing boards located in Lihue and Hanamaulu mills, from whence current goes out to the residence transformers to be stepped down from 2,200 volts to 110, from which we derive our light and power.

A unique feature about the local plant is its exclusive use of re-enforced concrete poles, it being among the very first to adopt them. Their appearance is neat and substantial.

The Lihue moving picture going public received a treat last Wednesday and Thursday evenings in the exhibition put on by Eddie Fernandez. Each film shown had been passed by the National Board of Censorship, and were instructive as well as extremely interesting. The picture showing the Glacier National Park, in Wyoming, was alone worth the price of admission.

Sid Spitzer is again on Kauai and will be in Waimea a few days.

I. W. W. MAN IS IN BAD

Judge—"Two months for you." Prisoner—"You...?" Judge—"Three months."

A. V. Roe, the I. W. W. organizer, is again in the toils of the law. This time he will be put away for three months; two months for being a common nuisance and one month for contempt of court. The warrant was sworn out by J. K. Kula in Koloa last Friday and the case came up before Judge Schimmelpennig Saturday morning. When told to stand up and be sworn he refused, saying he did not believe there was a God.

Roe was found guilty and sentenced to two months in the county jail, whereupon he jumped to his feet and called the judge about everything he could think of. Then the judge said: "Three months."

Roe was brought to the county jail Saturday and immediately started in on a hunger strike.

signing of the By Laws of the Chamber.

3. A member refusing or neglecting to pay dues, assessments or fines, for three months after same become due or payable, or guilty of any conduct unbecoming his calling, may be expelled from the Chamber by a two-thirds vote of the entire Board of Directors.

ART 3. MEETING AND QUORUM.

1. The Annual meeting shall be held in the month of August, on such day as the Directors shall order.

2. The regular meetings of the Chamber shall be held on the third Thursday of each alternate month, at 10 A. M. in Lihue, unless otherwise specified by the Directors.

3. Special meetings may be held at any time, or place after due notice on the call for the President, on his own initiative, or upon request by five members.

4. That (10) members shall constitute a Quorum at any meeting of the Chamber.

ART 4. OFFICERS.

The Officers shall be, President, Vice-President, Secretary, Treasurer and Auditor. Who shall hold office for one year, or until their successors are duly installed.

ART 5. ELECTION

The election of Officers shall be held at the Annual Meeting, by ballot, when a majority of those present will elect.

Special elections may be held by order of the Directors, due notice having been given of such intention.

ART 6. DUTIES OF THE OFFICERS.

The Officers of this Chamber shall perform the duties usually incumbent on such officers.

ART 7. BOARD OF DIRECTORS.

There shall be a Board of Directors, which shall consist of the President, Secretary and Treasurer, ex officio and four members of the Chamber, who shall be elected at the Annual Meeting, and shall serve for one year. This Board of Directors shall have general control of the affairs of the Chamber.

ART 8.

The Board of Directors may appoint from the membership, committees as follows:

1. Finance.
2. Commerce, Manufacturing and Agriculture.
3. Harbors, Shipping and Transportation.
4. Legislation and Public Improvements.
5. Local promotion.
6. Reception and Entertainment.
7. Miscellaneous.

ART 9 FEES.

There shall be an Annual Membership fee of \$10.00 payable in advance.

ART 10 AMENDMENTS.

These Bye Laws may be amended by a two thirds vote of any special meeting, called for that purpose, after due notice.

Mr. and Mrs. C. B. Morse have been retained at the Elecle school.

School Commissioner Brandt returned Friday from Honolulu where he attended a commissioners meeting last week.

KAUAI'S CHAMBER OF COMMERCE

Kauai may now feel competent to keep step with the foremost progressive communities. With a chamber of commerce to take up matters which need improving and to officially voice the long felt wants of the community it should be an easy matter if all put their shoulder to the wheel of co-operation for Kauai to forge ahead, to the mutual benefit of not only the merchant and the planter but to every member of the island community.

With such an official body in existence composed of members with diverse interests from every part of the island the deciding of vital matters should be greatly facilitated. Had there been such a body in existence at the time of the harbor and wharf controversy a mutual agreement would probably have been easily and quickly reached.

Among some of the items to be taken up by the chamber of commerce in the near future will be, the bettering of the Telephone service, in view of the noise caused by the new power plant, reestablishment of daily wireless press service, the furthering of harbor and wharf matters not to mention the results which must follow insistent promotion work.

"WATCH KAUI SPROUT."

SOCIALISTIC TEACHINGS AND CRIME

It is by a strange coincidence that the Lihue butcher shop cash register should be stolen and broken up, at the very time our friend of the I. W. W. teachings is so busy preaching to and inciting Filipinos laborers to riot, and disorder.

Such an act as was perpetrated at the butcher shop last Thursday is practically an unheard of thing on Kauai, and it is not stretching the imagination very far to assume it was a direct result of unconstitutional speeches made recently in Lihue, by A. V. Roe.

He is quoted at one meeting as having told the laborers "That they should not work more than four hours per diem and should not be made to rise before eight or nine o'clock. Their wives should wear silks and satins a la same Boss's wife. If one man is sent to jail—why; all go along with him. The county cannot feed four or five thousand people. If you have nothing to eat, go and steal; I would do the same myself."

If this sort of thing goes on we shall find more cash registers broken open. Anyhow we have three months to think the matter over.

HONOLULU AD CLUB MAY COME

News comes from Honolulu to the effect that the Honolulu Ad Club is anxious to make Kauai the objective point for their next inter-island excursion. "Booster" Giles the live wire of the Promotion Bureau of Honolulu is said to be already planning the invasion. The members of the Ad Club are individually and collectively, natural born boosters, and Kauai has a reputation for hospitality which remains unexcelled, and that the Ad Club or any other club, will be given a royal reception by our hospitable people, goes without saying. "Watch the Garden Island Blossom!"

Mr. and Mrs. Aubrey Robinson and family left on the Kinohi last Saturday on their way East.

Mrs. Robinson expects to remain away with her two younger children during their year's studies at one of the prominent preparatory schools. Mr. Robinson will return to Honolulu after a brief visit on the mainland.

Miss Louis Deen formerly of Waimea has been appointed to the Kalahou school.
