All of the Red Cross War Fund goes for War Relief

ESTABLISHED 1904. VOL. 15. NO. 2.

LIHUE, KAUAI, TERRITORY OF HAWAII, TUESDAY, JANUARY 14, 1919

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

AS TO THE HARBOR PROJECT

In regard to the Nawiliwili Harbor, the advance information published by the Garden Island last week is now being published by the Honolulu papers in more detailed form.

The House Committee Bill provides for an initial appropriation of \$250,000, on the following conditions:

First. Satisfactory assurances must be given that railroad connections will be made within a reasonable time, which will make the harbor accessible to the entire southern portion of the island.

Second. That the rates on the railroad shall be subject to regulation by the Secretary of War.

Third. That in advance of the undertaking of the work, \$200,000 shall be deposited by the County of Kauai in some bank of the territory to the credit of the enterprise.

Fourth. That no expense shall be incurred by the Federal Government in acquiring any land which may be needed for the enterprise.

Hanapepe Land Under Cultivation

According to M. J. Pereira, former candidate for representative, he has been able to secure permission to plant cane on about 100 acres of government land at Hanapepe.

The lands secured are about 70 acres below the main road at Hanapepe. Seventeen acres in an open gulch on the west side of the Hanapepe valley, and 13 acres of former cane land in Hanapepe valley, recently under rice and cultivated by Nido, a Japanese rice planter.

Nido was under the impression that he could continue to plant rice on this land until the land went under the hammer sometime this summer, but was recently informed by Mr. Pereira to stop operations on the rice plantation.

Last October Mr. Rivenburgh gave assurance that all rice planters at Hanapepe or elsewhere on Kauai, would be assured the right to continue the cultivation of rice lands. The 13 acres cultivated Nido was formerly cane land, and the land office was probably not informed regarding the transfer of this land from cane cultivation to rice. As the remainder of the land upon which Pereira intends to plant cane has been idle for the past year or more, it is a good thing that it is now to be put under cultivation.

Regarding the 13 acres of rice land however, which Nido has already plowed for rice, there should be some action taken to see that Nido is either reimbursed for his labor or that he is allowed to continue the cultivation of the land as he was assured he could do by the land department last October.

RED CROSS WORKERS ENTERTAINED

Last Friday Mrs. H. Wolters entertained the Kawaihau workers of the Red Cross at her home at Kealia. The spacious rooms were tastefully decorated and those present enjoyed a very pleasant afternoon.

The Portuguese branch have requested us through the medium of these columns, to thank their hostess for the happy gathering.

Kapaa School is the Place to Lunch

The Kapaa school has inaugurated a well equipped domestic science kitchen which is doing excellent work in the way of popular school lunches.

A cool commodious, well ventilated kitchen has been outfitted with two large blue flame kerosene stoves, and the necessary paraphernalia for about 150 lunches daily. A broad counter-shelf runs the whole way round on the inside where the portions are prepared, and a similar one on the outside, over which they are dispensed.

The standard lunch is rated at 5 cents, and the lunch furnished is certainly well worth the money—about twice the value that could be got anywhere else. The service is rendered by girls of the upper grades taking turns, one day a week. They put in an hour in the morning, before school, getting things started, and then come back at 11 o'clock for the final preparation of the meal. There is a different menu for each day of the week, and certainly they are appetizing. Some of them are as follows:

Corn beef and cabbage, corn bread and tea; vegetable soup, crotons, apple pudding and cocoa; baked beans, jelly sandwiches, cocoa; fish chowder, rice pudding, tea; meat pie, fruit salad, cocoa.

The bill of fare for the day is put onto the board in each room so the children may know in advance what is coming and gauge their appetites accordingly.

A representative of the Garden Island happened around yesterday, a little in advance of lunch time, and was so taken by the spicy fragrances that drifted over from the kitchen that he begged an invitation to lunch.

With commendable foresight the kitchen has been placed to windward of the school buildings, so that the children know what is coming; that's the kind of advertising that reaches them!

That day there 192 lunches served, and every one looked happy and contented.

The children file past the counter in regular order, deposit the five cents in a ginger jar, get their plates waiting all ready for them, and then look round for a sheltered or shady spot on the lawn, to eat it. One band of little brownies colonized under one of the bungalows and had a nice, quiet time by themselves.

In addition to being palatable and abundant, the lunches are well balanced with good food values properly disposed. The effort is to give the very best lunch possible for the money, and we venture to say that they are certainly doing it.

6000 PILLOW CASES WANTED

The Hawaiian Chapter of the American Red Cross has been asked to equip a 1500 bed hospital in Siberia, and the Kauai Branch has been asked to finish all cut out hospital garments on hand and also to make 6000 pillowcases. Any one wishing to help in this allotment of pillowcases will be furnished with materials by applying to the Red Cross work rooms. The work should be finished by the end of February.

Manager Herman Wolters of Kealia Plantation went to town on Saturday and returned this morning.

BASE BALL GAME LIHUE VS KAPAA

An exciting baseball game was played off yesterday afternoon on the park diamond opposite Kapaa school between Lihue grammar school and the nine stars from Kapaa. The game resulted in a victory for the boys from Lihue by a score of 11 to 8. This was in retaliation for a similar defeat inflicted some weeks ago by the Kapaa bunch and the rubber is yet to be played. Yesterday's game reached the exciting climax in the ninth inning when Kapaa made a spurt and shoved in three runs in quick succession and the Lihue fans became noticeably nervous. Good pitching and a rally of the infield however stopped the onslaught just in time to leave a respectable margin in favor of the visitors.

Among the large crowd of enthusiastic rooters from both schools, four teachers from Lihue and Kapaa schools were very much in evidence. The Y. M. C. A. is offering a pennant to the school winning the highest percentage of games until March 1st. All Kauai grade schools will be eligible to enter the contest and the roar of the rooters will soon be heard in the land.

Immediately following yesterday's game Mrs. Katherine Burke, with characteristic chivalry, soothed the overworked nerves of the teachers, including the meek and wilting umpire, with hot buttered toast and tea.

The line up for Kapaa: Isami, Hawo, Satoru, Yoshichi, Figi, Juan, Kamechi, John P., Kiyoshi; for Lihue, Ota, Masa, Isami, Yoshiake, Shige, Koon Lim, Macaro, Tadaichi, Willie; subs, James and John; Umpire, J. Warner.

KAPAA'S BADLY BEATEN BY THE LIHUE JUNIORS

The following account of the ball game at Kapaa on Sunday, Jan. 7th, came in too late to be published in the last issue:

On Sunday, the 7th, the Juniors motored to Kapaa and defeated the Homesteaders badly, with a score of 13 to 3.

Alex K. Akita and Hirota and Kano and A. Taves composed the batteries for the Juniors and Homesteaders respectively. The Juniors started the scoring and had it not been for the rain the Homesteaders would have been whitewashed.

The Homesteaders have a good team but are lacking in teamwork and practice. They rather depend on the umpire for the game. It was a mighty fortunate thing to have Thomas, head carpenter for Lihue plantation, as one of the umpires. There isn't any criticism in his umpiring. He sees things that most umpers cant spy in a game.

The fans are partly to blame for the Homesteaders losing. They criticized and scolded at the players each time they made an error, when they really needed encouragement.

Alfred Fernandez, M. Pereira, and Joe Carvalho were the bright and particular stars for the Juniors, while M. Taves shown for the Homesteaders.

This Sunday the Puh's will play the Filipinos at the Lihue Park.

Standing of the teams:

| | | | |
|---------------|---|---|------|
| Lihue Juniors | 2 | 0 | 1000 |
| Kapaa | 2 | 1 | 500 |
| Filipinos | 0 | 1 | 000 |
| Puhi | 0 | 2 | 000 |

BOLD BURGLARS AT HOMESTEADS

Sometime last Saturday night or early Sunday morning, burglars entered J. I. Silva's store at Kalaeo and carried away merchandise valued at about \$260.

The robbers gained entrance to the store by forcing the lock on the door of the watchman's room, which was located in the rear of the store and which was not occupied on the night of the robbery.

A hallway and two locked doors separated the main part of the store from the watchman's quarters, but two more locked doors did not faze the robbers, who made a good job at breaking thru these and helped themselves to the goods behind the counters.

The stock stolen consisted of 24 pairs of shoes, 10 sweaters, a large assortment of blankets, several boxes of cigars, and a long list of other articles of considerable value.

There was no cash stolen as there had been none left in the store over the week end. The robbers passed up a large quantity of canned goods and groceries, evidently having no use for these commodities. A gunny sack full of cheap clothing was also left behind, although the thieves had taken the trouble to remove the clothing from the shelves and packed it into the bag ready to carry away.

POLICE COURT NOTES

Joe Jacinth, a Portuguese youth of Kilauea, and Kiyosaku Hiraoka, Japanese laborer of Lihue were committed to the Honolulu insane asylum on Saturday by Judge Hjorth, and were sent to in charge of Captain Dick Dias.

Geronimo Vikilla, Filipino, committed a vicious assault on one Sano in the Lihue mill on Saturday. In court on Monday fifteen days in jail and three dollars cost were meted out to the offender.

A RECORD

The Kapaa Japanese school has collected so far \$300 for the fatherless, motherless and homeless children of Belgium. This is a record, being more than any other Japanese collection on these Islands. Mr. and Mrs. Miyasaki, Mr. Kunda, and the band boys have worked hard to raise the money. The school wishes to thank all those who have helped to make this campaign a success.

COTTAGE AT KOKEE

F. R. Tracey, of the Kapaa homesteads, has been awarded the contract to build a four-room cottage at Kokee for the territory. The cottage is to be used as quarters for the government employees engaged in hydrographic work in that section of the island. Mr. Tracey is now in Waimea getting the lumber hauled. Work on the building will begin this week.

NOTICE

All subscribers to the Red Cross drive of 1918, in Lihue district, who have not completed payment on their pledges, are requested to forward the amounts to the undersigned. It is necessary to get all pledges in without delay in order that the affairs of the drive can be closed.

K. C. HOPPER, Captain Lihue District.

Mokihana Club Has An Interesting Meeting

Judge Dickey addressed the ladies of the Mokihana Club on the subject of the Red Cross drive, at the meeting held last Wednesday afternoon. He urged the members of the club to take an active interest in the work and to assist as canvassers, four minute speakers, and in other ways.

Mrs. C. A. Rice read a communication from Miss Beatrice Castle, asking that the Eastern Section of the Kauai Branch of the Red Cross assume the duty of making a portion of the 6000 pillow cases for which there is such an appalling need in Siberia. The branch was also asked by Miss Castle, to rush refugee garments and she stated that helmets, mittens, long stockings and children's sweaters and stockings are badly needed. Mrs. Rice stated that the Eastern Branch, of which she is the chairman, has agreed to make 3,500 of the pillow cases.

The following was the literary and musical program:

Quintette: "Mele Hanu Aala," Mrs. Hazelton, Mrs. Dean, and the Misses Sheldon Kaiwi and Jordan. Piano accompaniment by Mrs. Hustace.

Hawaiian Legends, W. H. Rice, Solo: "Moani Ke Ala," Mrs. W. H. Rice, Jr. Address: "Mountain Peaks of Hawaiian History," Rev. H. P. Judd.

Quintette: "Pua Mohala."

At the close of the program hot chocolate was furnished by the hostesses, Mrs. W. H. Rice, Mrs. A. S. Wilcox, Mrs. Everett and Mrs. Anderman.

Red Cross Drive Under Full Swing

The Red Cross Drive now in progress promises well. It is of course, too early to predict final results but a membership of upwards of 5000 is hoped for. Renewed orders are coming in from various outer districts which indicate that things are going well. One of the novelties of the campaign will be the Christmas stamps that will be given to every subscriber. You can keep them for next Christmas! "Join Now" is the slogan.

Mr. Kenneth F. Brown, of Castle & Cooke, surprised his friends here by making a hurried trip to Kauai by last Tuesday's Kinau. Although Mr. Brown has been a resident of Hawaii for over thirty years, this is his first visit to our island. He expressed himself as being so charmed with Kauai that he hopes to see it again soon and stay for a longer time.

Two more candidates for County office are looming up over the horizon. K. C. Ahana has announced his intention to run for the office of county treasurer. C. Le Roy is the other aspirant to County honors. He will enter the race against H. D. Wishard for the office of Supervisor of Lihue district.

NOTICE

Thrift and War Stamp purchasers are warned by the post office department that they must not affix the new issue 1919 stamps to the old 1918 cards. By so doing they run the risk of losing their stamps.

FORMER LIHUE MAN IS KILLED IN FRANCE

A meagre report has reached Lihue that Kenneth Cameron, formerly employed as a blacksmith by Wm. Hyde Rice, of Lihue, has been killed in France by shrapnel fire sometime in May, 1918.

Cameron, while here was an excellent workman, but of a somewhat retiring disposition. Leaving here some six years ago, he went to Samoa, and when the war broke out, went to Australia and enlisted, going to England and France with the famous Anzacs.

BANANA FIBRE FOR BAGS

A machine has been perfected, and brought to successful trial for the manufacture of bags, twine, etc., from the fibre of banana stalks. So thoroughly assured is the success of the machine that a company is being formed in Honolulu to undertake the manufacture on a large scale.

If a commercial success, this invention will prove a great boon to these islands, for we have a large source of supply in the thousands of banana trees that go to waste when the fruit is cut, and a large demand from the sugar and rice industries for millions of bags.

The machine is now on exhibition in Honolulu, and it seems to give good satisfaction. Here's to its commercial success.

Local News

Gathered from here and there

Rev. H. P. Judd returns to Honolulu this evening.

Dr. Branch has gone to Makaweli on a professional visit. He will return on Monday.

Francis Gay is reported as being very much better. He is still at the Queens Hospital.

Mr. E. A. Knudsen returned to Kauai by the Kinau this morning.

J. R. Bergstrom is back on Kauai again and the interests of harmony in many homes are looking up.

Mr. and Mrs. Chas. H. Wilcox went to town on Saturday.

Mrs. F. W. Carter returned by the Kinau this morning from Honolulu, where she has been spending a few weeks.

A. F. Robinson and Miss E. Robinson returned from town this morning.

Mr. and Mrs. S. Keliinoi landed from the Kinau this morning. Mrs. Keliinoi is just returning from the coast where she spent two or three months.

Mr. Frank Crawford leaves for a short stay in Honolulu tonight.

Mrs. E. O. Thurtell and Miss Grace Thurtell are back from the coast where they have been spending some months.

Mr. and Mrs. Chas. Horswill arrived this morning and went to their new home at Hanalei.

Mrs. E. Wedemeyer returned from town this morning where she has been for ten days or so under treatment for her eyes.

Mrs. Frank Crawford is in Honolulu.

Chas. Lund, formerly traveling salesman for H. Hackfeld & Co., visited Kauai last week after an absence of about two years. Mr. Lund expects to leave for China next April, where he will represent a mainland firm.
