KAUAI WILL HAVE LEAGUE BASEBALL

The meeting of the Kauai Athletic Association at the County Building last Friday afternoon was well attended by baseball fans from all parts of the island, who are anxious to see the National pastime started on Kauai again.

President B. D. Baldwin called the assembly to order and announced the purpose for which the meeting was called, stating that Kauai had not had any regularly organized baseball since the war and that it was time something was done to remedy the situation.

The first business of the meeting was to elect new officers. President Baldwin stated that the old ones had been in office for several years and he thought it was time new and younger blood was taking hold. Accordingly the following officers were elected: James Spalding, president; H. D. Wishard, vice-president; A. Q. Marcellino, secretary, and L. D. Larsen, treasurer. The following committee was appointed to revise the constitution and by-laws of the association, as they were somewhat antiquated and did not just answer the purpose of the present organization: W. F. Sanborn, A. Q. Marcellino and Mr. Thomas. These gentlemen were also made a committee to draw up a schedule for the coming series.

After a canvas of the different districts represented, the following teams signified their intentions of entering the league: Makaweli, McBryde, Koloa, Lihue, Makee and Kilauea. Kalaheo was represented at the meeting and expressed a desire to enter a team, but as the expense will be considerable and they have not got the backing of any plantation, it was thought best not to include them in the league.

The following tentative schedule has been prepared by the committee. This schedule will probably have to be revised so as to bring the Lihue-Kilauea game on Sunday, July 6, to Lihue. This will be necessary if the Punahou team, which is coming for the 4th of July, stays over to play in Lihue on Sunday, the 6th:

- June 29 Makee vs Kilauea at Kilauea.
- Lihue vs Makaweli at Makaweli.
- McBryde vs Koloa at Koloa.
- July 6 Lihue vs Kilauea at Kilauea.
- Koloa vs Makee at Makee.
- Makaweli vs McBryde at McBryde.
- July 13 Kilauea vs McBryde at McBryde.
- Makee vs Lihue at Lihue.
- Makaweli vs Koloa at Koloa.
- July 20 Makaweli vs Kilauea at Kilauea.
- McBryde vs Makee at Makee.
- Koloa vs Lihue at Lihue.
- July 27 Kilauea vs Koloa at Koloa.
- Makee vs Makaweli at Makaweli.
- Lihue vs McBryde at McBryde.
- Aug. 3 Kilauea vs Makee at Makee.
- Makaweli vs Lihue at Lihue.
- Koloa vs McBryde at McBryde.
- Aug. 10 Kilauea vs Lihue at Lihue.
- Makee vs Koloa at Koloa.
- McBryde vs Makaweli at Makaweli.
- Aug. 17 McBryde vs Kilauea at Kilauea.
- Lihue vs Makee at Makee.
- Koloa vs Makaweli at Makaweli.
- Aug. 24 Kilauea vs Makaweli at Makaweli.
- Makee vs McBryde at McBryde.
- Lihue vs Koloa at Koloa.
- Aug. 31 Koloa vs Kilauea at Kilauea.
- Makaweli vs Makee at Makee.
- McBryde vs Lihue at Lihue.

The Punahou and Waikiki baseball teams desire to come to Kauai for the 4th of July. The Kauai Athletic Association took the matter up at their meeting last Friday, and decided that as several of the boys on the Punahou team live on Kauai and will be here during the vacation, it would be considerably less expensive, and we would probably have a better class of ball if this team came. Consequently it was formally decided to invite the Punahou team to come.

Upon the invitation of Mr. James Spalding, it was decided to have the 4th of July game at Waipouli, where there will also be horse races. This will give the people a chance to witness both sports. It was decided to charge a nominal admission fee to the grounds to help defray the expenses of the visitors. It was also decided that the McBryde team, who hold the championship of the island, should be given the honor of meeting the Puns for the 4th of July game, and that a picked team will play the visitors at Lihue park the following Sunday.

G. W. Sahr has been appointed land agent for the County—a very wise appointment.

Weather Man Visits Kauai

T. H. Daingerfield, meteorologist in charge of the U. S. Weather Bureau in Honolulu has been on Kauai the last ten days.

The prolonged and unusual weather condition on Kauai coupled with the alarming lack of rainfall, aroused his curiosity, so he came himself and is making a visit to every rainfall station on Kauai.

On Tuesday last Mr. Daingerfield, accompanied by W. V. Hardy, the veteran hydrographer of Kauai, was on top of Mount Waialeale to inspect the rain gauge there with its reported abnormal rainfall of over fifty feet in a year.

Mr. Daingerfield is most enthusiastic over the beauties of Kauai, and has been making copious notes and taken a series of pictures, all of which he hopes to embody in a special report to Washington. Readers of the Garden Island may look forward to an article in this paper on Kauai and its natural conditions, which should prove of universal interest, coming as it does from the pen of a lover of nature with the gift of expressing it in a popular way.

Y NOTES

Mr. G. A. Young, executive secretary of the Boys' Working Reserve, has been touring the island with the Kauai secretaries, speaking in schools and at public gatherings, notably at Hanalei, Kilauea, Kapaa, Lihue, Kalaheo, Makaweli, Waimea and Kekaha. In a number of these places moving pictures were shown illustrating the subject of Mr. Young's talk. Indications are for a large enrollment on Kauai this year.

Besides speaking in the interests of the Reserve, Mr. Young gave several splendid, brief addresses on character building at four Filipino Y clubs, Kalaheo Bible Class, and the Sunday Evening Club at Lihue. There was an attendance of forty at the latter. The club has developed a fine orchestra in addition to the good singing of the boys.

One of the most notable events of the week was the Reserve meeting and basket ball game at Kilauea on Thursday evening. The Kauai high school was mobilized en masse with the kind assistance of their friends, to Kaliahiwai Bay where a sunset picnic was enjoyed. At seven o'clock the party of more than fifty repaired to Kilauea social hall which was jammed to the doors with eager spectators. A careful counting of the crowd found it to number 600. To this number Mr. Young told his story to sympathetic ears. Owing to an accident only two reels of pictures could be shown, but the basket ball game to follow more than made up for the loss.

With the crowd backed up against the walls and gallery the Kauai high school team joined battle with a lusty five representing Kilauea. Both teams surprised themselves and the spectators by putting up a fast game notwithstanding they are both novices in basket ball. There was some roughness which was scarcely avoidable owing to the limited floor space allowed by the spectators. Aside from this the playing was fast from start to finish and some very pretty basket shooting was done on both sides. The first half ended in a score of 10-9 with Lihue one point in the lead. The second half was almost as close and the total score remained in the high school's favor by the narrow margin of 16-13. A return game will be played at Lihue soon.

Baseball had the front page on Saturday when four school games were played at Lihue as follows: Kapaa 10 vs Kekaha 8; Lihue 28 vs Makaweli 8; Kapaa 19 vs Makaweli 4; Lihue 12 vs Kekaha 8. Notwithstanding the fact that the visitors from the sunny side were defeated in both games, they were good sports to the finish and evidently enjoyed the day's outing almost as much as their vanquishers.

MRS. DOWSETT WILL SPEAK

Mrs. J. M. Dowsett, of Honolulu, has kindly consented to speak in the Lihue Union Church on Sunday evening on Woman's Suffrage. Everyone is cordially invited to come and hear her. This will take the place of the regular morning service.

J. M. LYDGATE.

The Grand Jury will meet on Saturday, 9:30 a. m. for the transaction of business held over from the former session, as well as any new business which may come before them.

MCBRYDE WINS HAPAI KO CONTEST

Over five tons of cane, loaded on the cars in 30 minutes, under ordinary field conditions. That is the record of the McBryde "Hapai Ko" team, consisting of two cane loaders from McBryde plantation who finished first in the preliminary cane loading contest at Lihue last Saturday at 3 p. m.

Great interest was displayed in the contest. All plantations on Kauai were represented, except Kilauea and Waimea plantations. Lihue and Grove Farm were represented by two teams each, but nevertheless were unable to pull out ahead of the sturdy, well coached team from McBryde. Both Lihue teams however, were able to take second and third place in the contest, while Grove Farm filled the fourth position.

Plantation people turned out in large numbers to witness the contest, several hundred people being present, including the managers from most of the plantations on the island.

The conditions of the contest were that all should start loading even and at the same time. Each team consisted of two men. Loading was continued for thirty minutes, at the end of which time the team having loaded the greatest weight of cane was judged the winner. Two "Hapai Ko" boards were allowed, which permitted the men to load from two sides of the car. Pinning up of the cane was allowed after the contest was over, so that the cane loaded would not fall off in transit to the mill in order to be weighed. This gave the McBryde team an advantage, in that some of the other teams did not understand this condition and did a good deal of pinning during the process of loading, as is customary under ordinary field conditions. Pinning after the contest was allowed at the Ewa preliminaries on Oahu, and the McBryde team took advantage of the point to get their cans loaded quickly, depending on pinning up the load after the contest. Had compactness of the load at the end of the contest been taken into consideration, McBryde would have stood little chance to win.

The official results of the contest as the cane was weighed at the mill immediately after the contest, are as follows:

McBryde	10375 lbs.
Lihue 1st team	10900
Lihue 2nd team	9925
Grove Farm 1st team	9850
Koloa	9800
Grove Farm 2nd team	9690
Kekaha	9580
Makee	8950
Makaweli	7725

Even Makaweli, though they stood lowest, loaded more cane in thirty minutes than did the crack Ewa team, which took first place in the Oahu contest. Although conditions make a lot of difference, it looks as if the Kauai team has a good chance to clean up in the big inter-island contest to be held at the fair next week. The loaders from McBryde loaded over two tons more in the preliminaries than the best Oahu team.

Next week the McBryde team will go to Honolulu to represent Kauai in the big contest. The Kauai team will compete with the best team from each of the other islands. Kauai has a good team. If a good coach is sent with them they should win the contest.

A High Class Movie

The moving picture presentation of Louise Allcott's "Little Women," now making the tour of the island, is a treat such as we do not often have. In every respect it was practically ideal. It was at once bright, witty, pathetic, inspiring and wholesome. The acting was excellent, and setting most picturesque and true to life, being staged in the actual surroundings of the Concord home where the story was enacted.

There was an excellent audience. No one should fail to see it if he has a chance. Not to see it will be to miss a treat.

THE COUNT WAS O. K.

The Mendes recount case has flattened out—96 is 96, the same in Honolulu that it is on Kauai, not even the Supreme Court could make any more. So Mendes drops out, and the taxpayers pay the bill for the recount.

WAIMEA ELECTION COMPLICATIONS

The 164 votes cast for F. P. Hurley in the recent primary election as against the 156 for Th. Brandt gives the former a clear majority and had they been running on the same ticket with no opponents he would have been elected.

Mr. Hurley took the ground that he was elected and made formal demand on the County Clerk, J. M. Kaneakua to grant him his certificate of election. The County Clerk pointed out to him the provision of the law that required a majority of the votes cast, for election, which would mean 168 instead of 164. The matter was referred to S. K. Kaeo, the County Attorney, for his professional opinion, which he rendered to the effect that Hurley was elected.

Mr. Brandt being apprized of the situation applied to the circuit court and secured a mandamus to restrain the county clerk from granting the certificate of election, and proceed with the regular election in accordance with the law—which has been done and the election is in process as we go to press.

Notice of appeal, based on untenable objections, has been denied, but it will be possible to review the case after the election on a "quo warranto" basis. Presumably, however, it will be dropped as a dead issue.

The High School Hikes

Under the leadership of Mr. Lydgate, the high school pupils and a number of friends, made the hike to the summit camp of the Waialeale pole line on Saturday. Leaving the rendezvous at the Lihue Store a little after six o'clock they reached the Kanaha crossing on the North Branch of the Waialeale a little after eight o'clock—this portion of the trip being made by truck and motor car. Here they set out in good spirits, afoot, for the top—it was only three miles, and over a good trail, and it was a beautiful day, much drier under foot than it generally is in the mountains. Most of them, however, had discounted the fact that there was a climb of nearly 2000 feet thrown in with the distance. As the way dragged on, and the top was still some distance off, they were convinced that it was six, or even ten, miles instead of three. Some of the fastest and sturdiest of the boys made it in less than two hours, while some of the more leisurely took two hours and a half. The average was two hours.

The view from the top is superb, commanding everything from Kapaa clear around to the Gap, back of Koloa, as well as the mountain fastness of Makaleha on one side, and Waialeale on the other. But the fine supply of cool, clear water in the tanks at the little house, awakened more interest and drew far more praise than the wonderful view.

Some sharp eyes spotted a single, lone Hawaiian palm in the jungle; a very rare find, to be seen very seldom, and at high elevations only.

The return to Kanaha was made in somewhat less time than the ascent, and brought a very hungry band, 52 in number, all told, to a very welcome and substantial lunch consisting of broiled wiener wurst sausages, broiled bacon, hot rice, coffee, etc. And if anyone thinks that wasn't a feast fit for a king, it is simply because he wasn't there to partake of it.

While the lunch was in process, a good sized freshet came down the river from the mountains, having taken about three hours in the coming, and made a flank movement that cut in on the rear and made an island of the temporary camp, and threatened to drown it out.

The party reached home along about five in the afternoon so thoroughly pleased with the outing that a whole series has been tentatively planned for next year.

The whole affair did credit to the capacity and organization of the young people—the boys provided the transportation, and the girls, the lunch—and everything went through all right.

MRS. J. M. DOWSETT of Honolulu, arrived this morning. She will address the Mokihana Club tomorrow afternoon on the subject of woman's suffrage. She will also speak on the same subject at Waimea next Friday.

District Court News

Last week was a busy one in the Lihue District Court, with a number of cases disposed of.

Gerardo Quijo, charged with gross cheat, was handed a six month's sentence in which to think over his evil ways. Acting cook for a hui of Filipinos at Pokakii, he went to Hanamaulu Store and procured nine coupon books of \$5.00 each, and then blithely made tracks for Lihue, where soon only the covers of the books were left, buying shoes and other articles of wearing apparel. Shortly after Gerardo found Kauai to be too hot for him and sped to Honolulu, where the long arm of the law shortly found him. Brought back by detective R. Stein, Gerardo in excellent English, conducted his own defence but failed to convince his honor of his innocence, and now Gerardo is sweating in the Lihue Park, making the grounds ready for the baseball season.

Adriano Sandel and Maxima Ybares, wayward young Filipinos from Kapaa Homesteads, were charged with the commission of a statutory offence, pleaded guilty and were fined the usual \$30 and \$10 respectively, with cost added. Being out of funds, the pair are languishing in the County Bastile.

Gabino Bacilla of Hanamaulu, made love to a comely Filipino senorita and when his advances were spurned, got mad and threatened all kinds of awful death to the fair one, even brandishing an ugly caneknife to accentuate his wrath. In court Gabino was quite normal again and seemed to have forgotten ever having let his temper run away with him. The request of complaining witness that he be put under bond to keep the peace was granted by the Court. Unable to find bondsmen, Gabino is cooling his heels in jail.

Amoy, a fireman from the S. S. "Kinau," was caught on Nawiliwili wharf last Friday by Deputy Sheriff Lovell, with five tins of opium, extra-fine Hongkong, valued at \$160 per tin, concealed on his person. The tins were promptly confiscated and Amoy gently requested to put up \$150 bail for his appearance in court on Saturday. Amoy complied with the request, raising 150 silver dollars among friends and was given his freedom. When the case was called in court, Amoy had flown and his bail was declared forfeited as county realization. Five times \$160 equals \$800 and plus \$150, reaches the pretty sum of \$950. Pretty expensive to get caught with opium on Kauai. And think of the disappointed devotees.

Five young men of Lihue and Nawiliwili were caught on Friday, rolling the ever seductive bones, sometimes called "African Golfballs," and were ordered to appear in court. It was a quiet and scared quintet that lined up on Saturday. Two of the gang being minors, were arraigned separately, and all were given a stiff lecture by the Judge, all promising never again to stray. On the strength of their apparently sincere vow, a three month's suspended sentence was meted out to each delinquent.

The Peggy Center concert Friday evening at the Tip Top was in every respect the musical event of the season. In addition to the delightful singing of the talented young prima donna, the easy grace and skill of Mrs. Sinclair Robinson at the piano won universal praise. Everyone was also very much pleased with the simple unassuming, straightforward war reminiscences of Lieut. Anderson. A. Horner, Jr. added to the pleasing program by his mastery work at the piano. Mrs. Wm. Grote, as usual, proved herself an accomplished accompanist.

PERSONALS

MR. H. ANDERMANN, head engineer of the Hanamaulu mill returned from this morning.

H. LUDDERS, salesman for Von Hamm Young & Co. is on the island for his firm.

MRS. W. F. SANBORN went to town on Saturday and returned this morning.

MR. and MRS. CHAS. GAY arrived by the Kinau this morning and will spend some time at their old home in Waimea.

MR. SEARBY, chief consulting sugar engineer for the American Factors interests arrived by the Kinau this morning and will make the tour of the island.

FILIPINO WOMAN MURDERS CHILD

A particularly gratuitous and unprovoked Filipino murder is reported from Koloa May 31, in which a girl 12 years old was the victim of the brutal rage of a neighbor woman.

Two Filipino families lived in the same house in the plantation quarters, and as often happens, were more or less at variance. On this particular occasion there was an altercation about the wood supply, one family accusing the other of being unduly favored. Finally they got to bandying bad names, the outcome of which was that one of the women, Beneta by name, went into her room, got a revolver, came back and shot the girl through the head. She died immediately.

Lihue Ball Club to Give Dance

The Lihue baseball club held a meeting at the County Building last night and elected officers and appointed committees to carry the club through the coming season. The following officers were elected: R. N. Oliver, president; C. A. Baggett, Secretary; C. G. Kuhlmann, Treasurer; R. D. Moler, manager, and M. R. Thomas, coach.

After a general discussion as to how the club might raise the necessary expense money without calling on any one too heavily, it was decided to give a benefit grand ball at the Armory on the evening of Saturday, June 21st. Accordingly committees were appointed to take the affair in hand, and arrangements are well under way at the present time.

This ball will also be in the nature of a farewell to the departing teachers, a number of whom are leaving Kauai shortly after this date.

"King" Baggett and Dick Oliver are the moving spirits of the affair and they declare that it is to be the best dance Kauai has had since the war, Jack Coney, W. H. Rice, Jr., and Dick Oliver will be floor managers, and they intend to see that everybody has a thoroughly good time. There will be two first-class stringed orchestras to furnish music for the occasion. The Ladies of Lihue will be asked to furnish cakes, which will be supplemented by other good things in the refreshment line. The ladies (this is the first they have heard of it) will also decorate the Armory and will turn it into a bower of ferns and flowers.

It has been a long time since Lihue has had a really big dance and this occasion will undoubtedly be welcomed with joy. There will be an admission fee of one dollar for gentlemen—ladies free. Tickets will be out in a few days.

The New Water System

The new Lihue water system, now in process of reconstruction, is approaching a successful finish. An 8-inch wood pipe is being laid from the ditch and tunnel line in the German Forest, which will furnish an abundant supply of mountain water, with a head of 110 feet, which will give a pressure of over 50 pounds.

This new line will be connected with the reservoir part way down, which has been used as the supply for the present old system, so that in case of any temporary pilikia to the sources of supply of the new system, the old will be available.

A concrete reservoir is being put in at the intake of the pipe line which will hold a million and a half gallons, with a stand pipe drawing the water well up from the bottom, so as to avoid the settlements. There will be suitable washout appliances, so that the reservoir can be cleaned out whenever necessary.

The ultimate source of the water is the Waiahi branch of the Waialeale, at the power station, from whence it is conducted down to the German Forest, mostly in tunnels. The few short stretches of ditch will be carefully fenced to keep out cattle or other contamination. There are 30 people living on that line.

News has been received by Mrs. A. S. Wilcox of the safe arrival of Allan Wilcox in New York. He will soon be home.

Dr. Anderson, Lieut. Anderson and Miss Peggy Center returned to Honolulu Saturday.
