Kauaians Get A Chance to See Kalalau by Sea

Hoo-ray! On April 8th we will all take a day off and see Kalalau. And we won't have to hike our legs off on a dangerous trail to do it either. We'll just sit still on the good ship Kinan and see the sights in style. It's only going to cost us six bucks per each to do it too.

It's this way. Nearly everybody on the island wants to see Kalalau and have wanted to see it for years. But it is a hard, dangerous hike and it is now an impossible horseback ride. So a lot of people have been wondering why the Inter-Island didn't send a boat up and have an excursion around the island.

That is just exactly what is going to take place. That is, we think that it is. It is if 125 people want to go. The Inter-Island can't afford to send a boat for fewer passengers than that. But it probably won't be any trick at all to get more than that many to go.

The following letter from R. W. Smith of the passenger department of the Inter-Island tells all about this proposition:

"Having received a suggestion from the people of Kauai that this company run an excursion around the island of Kauai, the S. S. Kinan will be dispatched from Waimea about 7 a. m., on Saturday, April 8th, touching at Nawiliwili for additional passengers about 9 a. m., and then to continue around the island, passing Hanalei bay and the Na Pali cliffs.

Passengers making the trip will disembark later in the afternoon of the same day at Waimea and Koloa, from which latter port the steamer will proceed to Honolulu.

"Tickets may be procured from Mr. Pickard, our agent at Nawiliwili at \$6 each and it will be necessary to have 125 tickets sold prior to April 3rd in order that the proper arrangements can be made at Honolulu for the trip. In the event of the required number of bookings not being obtained, money will be refunded to those having purchased tickets."

WAIMEA STABLES LTD., REORGANIZES AND EXTENDS BUSINESS

At the annual meeting of the stockholders of the Waimea Stables Ltd., held at the Waimea office on Saturday, March 4, a general reorganization of the firm was effected. Th. Brandt, former president of the company, sold his holdings to John B. Fernandez, of Kapaa, who becomes vice president and general manager of the concern.

The present officers and directors of the company are Jose Gomez, president; John B. Fernandez, vice president and general manager; C. B. Hofgaard, treasurer; M. Costa secretary.

The company bought the business and equipment of the Kapaa Auto Service Co., and will operate it in conjunction with the Nawiliwili branch.

CHUNG KEE SUFFERS FROM AUTO ACCIDENT

Chung Kee, a store keeper at Kekaha was seriously injured last Friday when the truck in which he was riding skidded and went off the road and turned over in a gulch. The accident occurred at the bridge at the top of Koloa hill just above the Koloa power house. The car fell into the ditch that is used to bring the storm surplus water to Koloa from the Grove Farm ditches. Chung Kee is suffering from concussion of the brain and has a fighting chance for recovery. A Chinese boy who was driving and a Chinese woman were also injured but not seriously.

MRS. J. K. COCKETT DEAD

News was received this morning of the death of Mrs. J. K. Cockett, formerly of Koloa, at the Queen's Hospital last Saturday.

Hawaiian Civic Club of Kauai

Two weeks ago last Sunday, some of the leading Hawaiians called a meeting which was held at Koloa for the purpose of considering the advisability of forming a club amongst the Hawaiians of this island to promote community spirit and unity, and to get behind movements for the best interests of this island or of the various communities in which they live. A number of Hawaiians from Hanalei to Waimea met at the Koloa church and listened to Mr. Lota discourse on the subject of unity. After the church service, the Koloa boys invited the malihinis to go over to Mr. Blake's house and investigate puua and poi.

After luncheon, Mr. Crowell of Waimea explained the idea of gathering and a temporary organization was effected with Mr. Crowell as president and Mr. Blake as secretary. The secretary was instructed to get in touch with the Hawaiian Civic Club of Honolulu and get from them a copy of their constitution. The meeting then adjourned to meet again in Kapaa two weeks later.

Last Sunday at the Hawaiian hall at Kapaa, the permanent organization of the club was effected. Over 70 leading Hawaiians, men and women, were present and took active part in the work of organizing. The officers of the new club are W. O. Crowell, president; J. M. Kaneakua, secretary; S. W. Meheula, assistant secretary; Nicholas Akana, treasurer; five vice presidents, one from each district are Luther Waiama, Waimea, J. K. Cockett, Koloa, A. G. Kaulukou, Lihue, Mrs. S. Kellinoi, Kapaa, and J. K. Lota, Hanalei. Different committees were appointed: Membership: Kalei Montgomery, Henry Peters, Mrs. Meheula, John Naleimale and J. K. Waiama; Pep or program committee: John A. Kealoa, Wm. Meheula, G. K. Hoopii, John Waiama, A. G. Kaulukou, A. Gardner and William Werner. Public improvement: J. K. Waiama, G. W. Mahikoa, Jas. Werner. Educational: S. Kellinoi, J. K. Waiama, J. K. Lota, J. K. Kula, Chas. K. Holokahiki.

There were also appointed committees appointed on health, legislation and industry.

A study of the list of officers and committee chairmen, who will probably form the executive committee of the club will reveal the fact that a movement for the unity of the Hawaiians and for the promotion of community spirit is in safe hands. It is the intention of those who have become members to bury the hatchet and get behind every proposition for the progress of Kauai as well as the smaller communities in which they as members reside. They will also delve into questions which involve territorial-wide activities, if necessary.

At the church service preceding the organization of the club, Lota again gave one of his helpful lectures on the need of getting together; Frank Wooley, who came in during the organization of the club, was invited by the president to address the gathering. He also emphasized the need of getting together and of preparing to meet the needs of the future. He dwelt on the rehabilitation project about to be launched on Molokai, and advised his audience not to wait until the last minute before thinking about the project, but rather to plan at this time to send the best men who can be picked up to go to Molokai to take up this project; men who are not afraid to work. When he stopped talking without having said anything about the delegateship, he was urged to speak again on the question of the fitness of the various candidates. His explanation why Mr. Baldwin should be elected was enthusiastically received by his hearers.

A fine lunch prepared by the Kapaa boys with George Mahikoa and John Opio as the committee, was enjoyed by all the members. The club will meet again at Waimea in the near future when the Waimea boys will do the honors.

LIHUE GRAMMAR SCHOOL CARNIVAL

The teachers and pupils of the Lihue grammar school staged a carnival on the night of March 10th at the Lihue armory. To say that it was a success would be like saying that mother's lemon pie is fairly good. It was a roaring success. People swarmed in and out of the armory and St. Peter will never be more popular than the ticket seller at the gate. However it was one of the most orderly carnivals Lihue has ever seen. There was no unseemingly conduct at any time during the evening, everyone apparently realizing what an effort was being put forth to make the evening a success.

That the committee on food had tremendously underrated the appetites of the fathers and mothers of their young hopefuls was proven when the ice cream booth and the hot-dog stand had to close their doors early in the evening and put up a placard with the letters "N. S. F." meaning not sufficient food. And in proportion to the rush on these booths were the efforts to obtain admission to the various side shows. "A Hawaiian Night" was the most popular, and close second came the minstrel show. The Dance of the Nations appealed immensely as did the Punch and Judy show. The mothers and fathers as well as the children had all to take a chance on Hitting the Nigger Baby and the hypnotism booth got its share of tickets. Everybody was so anxious to take a chance in the fish pond, that it was all sold out and closed up one hour after the carnival had begun. Each and everyone seemed anxious to learn from the Gypsy fortune teller what fate had in store for him. And then for the people who were not lucky enough to be able to get into any show there was the jitney dance, which grew more and more popular as the evening wore on.

The school could hardly show too much appreciation to the children who gave every ounce of their loyalty and energy to this project nor to the teachers who gave so much of their time to the direction and management of it. The kindly efforts of the people of the community who gave of their time and more material things should not be forgotten.

Over \$500 was taken in and all but about \$50 of this is clear profit, thanks to donations of lumber, music, cakes and candies. This money is to go for the construction of playground apparatus in the new Lihue grammar school grounds.

RIVAL DEMOCRATIC CANDIDATES ARRIVE

Among the passengers arriving this morning from Honolulu were L. L. McCandless, Democratic candidate for Delegate to Congress, and Mrs. Mary A. Atcherly, independent Democratic candidate for the same office. They are making a speaking tour of the island.

INTER-ISLAND WORKING TO IMPROVE SERVICE

In a letter received from the Inter-Island Steam Navigation Co., Ltd., they state that the request made by the Kauai Chamber of Commerce for a boat leaving Nawiliwili on Tuesday afternoons is having their attention and the necessary details are being worked out to insure a service between Oahu and Kauai which they hope will prove satisfactory to everyone.

In conclusion they add: "We are anxious to have the Kauai people feel that we are looking after them to the best of our ability."

HANALEI ROBBERY CASE SET FOR MARCH 27TH

The Hanalei robbery case which is to be tried on a new charge, is set for trial on Monday, March 27.

SEN. HARRY BALDWIN WILL ARRIVE TOMORROW MORNING

Senator Harry Baldwin, Republican candidate for the Hawaiian delegateship to Congress, will arrive on Kauai tomorrow morning to make a speaking tour of the island. Senator Baldwin will be accompanied by Senator John Wise, Samuel E. Kalama, chairman of the Maui board of supervisors, and Rev. Stephen L. Desha, of Hawaii.

Wednesday evening, they will speak at Kekaha, Waimea, Makaweli and Hanapepe. On Thursday evening they will jump to the other side of the island and speak at Hanalei, Kilauea and Kapaa. Friday evening they will speak first at Kalaheo, then at Koloa, arriving at the Tip Top theater, Lihue, where they will hold a big meeting.

U. OF H. BASKETBALL TEAM COMING TUESDAY

The University of Hawaii basketball team, one of the best in the territory, has accepted the Kauai Basketball League's invitation to visit Kauai. Coach Otto Klum and seven players will arrive next Tuesday, March 21, for a four game series with local teams.

The college boys are rather light in weight but are undoubtedly the fastest team in the islands. They climbed a notch nearer the championship of the islands last night by trimming the 35th infantry team by a score of 29 to 14, which in itself marks them worthy opponents for any team.

Tuesday night they start the ball rolling against the speedy Kaula High Five. The high school's lineup will probably be the same as finished the regular season in such a whirlwind fashion—Wedemeyer at center, Camara and Lydgate at forwards, Cheatham and Senici at guards. Wednesday night the anti-Kauai basketball league, Lihue's line up will be picked from the following: Fernandez, Fern, Longstreth, Crawford, Christian, Wedemeyer, Morgan, Sadao and Lane.

On Thursday night they journey to Makaweli where they stack up against the Makaweli team. The Makaweli line up will be Damkroger, Beecroft, Auld, Baldwin and Marcalino.

Friday night they close the series against the American Legion quintet at Makaweli. A nominal admission will be charged to all games to go towards defraying the expenses of the university team.

The university boys making the trip are Blaisdell, Chung, Chong Wong, Matsugama, Fuller, Farden and Hemmerly.

WORK STARTED ON NEW LIHUE SCHOOL TODAY

Work started today on the administration building of the proposed new Lihue school group. The firm of Coney & Morris have the contract for the administration building the contracts for the units will be let later.

Work on the Hanamaulu and Makaweli schools, both of which are being built by Coney & Morris, is progressing at a rapid rate and they will more than likely be completed well within the time limit.

LIHUE UNION CHURCH

Sunday morning subject Hawthorne's masterpiece, "The Scarlet Letter," will be analyzed as the basis of the study of the human soul.

Sunday night, the fifth of the missionary educational addresses, will be delivered by Rev. M. E. Carver, of Waimea. The subject, "Latin America," is of great interest at the present time. This country has been called the great unfulfilled reservoir for population. Its area, twice that of China, yet with only one fifth the population; more than twice as large as the United States with only four-fifths of the latter's inhabitants. There are marvelous resources yet to be developed. Hear Rev. Carver Sunday night and you will get much valuable information from one who has spent 29 years in the heart of South America's interesting life.

ORNELLAS APPOINTED KOLOA POSTMASTER

Joseph S. Ornellas has been appointed postmaster at Koloa, Kauai. Mr. Ornellas' appointment has been made by the President but has not yet been confirmed. That is, of course, only a matter of a few days.

Mr. Ornellas succeeds W. E. Smith who attempted suicide some time ago after he had been found short in his accounts by Postoffice Inspector Smith. Mr. Smith, the former postmaster, is not well yet, and it is understood that no charges have been preferred against him by the postoffice department.

WHALE IS WASHED UP ON BEACH NEAR KEALIA

A dead whale was washed up on the beach between Kealia and Anahola last week. According to reports from people who have motored over to see it, the whale evidently has been dead for some time.

Kauai Trout Show Wonderful Growth And Lots of Fight

H. L. Kelly, executive officer of the Fish and Game Commission, had some Kauai rainbow trout on exhibition at the Lihue Store last week that proved beyond any possibility of a doubt that the experiment being conducted in the Kokee region in the growing of trout is, to put it mildly, successful.

One of the specimens taken by Kelly measured 15 inches and weighed about a pound and a half. He used a fly and states that it took him about twenty minutes to land the big fellow. Kelly is convinced that the Kauai trout will have just as much pep and fight in them as the trout on the mainland.

These fish were planted at Kokee about 20 months ago and now the streams are not only alive with the large trout, but they are also teeming with baby fish—the first bona fide Hawaiian rainbow trout.

Mr. Kelly, who departed for Honolulu last Wednesday, took the fish with him and will send them on to the headquarters of the fish and game commission in Washington to prove what a success the experiment has been. He will also ask for more spawn to be planted in these waters.

KAUAI PUBLIC LIBRARY

The regular monthly meeting of the Kauai Public Library Association, Ltd. trustees, was held Thursday afternoon with the entire board present, with the president, Mr. Crawford presiding.

Many items of business was acted upon, chief of which were the reception of a seal for the association which had been designed and secured by Mr. Lydgate. The report of William Rice to the effect that the Lihue Plantation Ltd., had made a gift to the Kauai Public Library Association of a building site, northeast of the plantation office; and the report of the secretary, R. W. Bayless, to the effect that Miss Gertrude McLaughlin had accepted the position of librarian for the association.

The chairman appointed the following committees which will be supplemented from the membership list:

Committee on administration and finance—Wm. Henry Rice, Mrs. C. E. Brandt, H. T. Barclay.

Committee on books—J. M. Lydgate, Mrs. M. P. Waterhouse, Mrs. C. E. Brandt.

Committee on branches and stations—H. T. Barclay, Mrs. Waterhouse, R. W. Bayless.

Miss Robson, of the territorial library, and Miss McLaughlin were welcomed by the board. They gave many timely suggestions relative to the initial steps in the inauguration of a library. The book committee was authorized to purchase new books not to exceed \$2,000. The new librarian had submitted a list for the same.

Thirty-eight interested individuals had made application to become members of the association, thereby obligating themselves to support to the best of their ability the association, they were unanimously voted into membership.

Miss Robson announced that the territorial library is making a permanent loan of approximately 1,500 volumes to the Kauai Public Library Association.

Miss McLaughlin will return to Kauai April 1st, but the library will hardly be in functioning condition before the middle of the month.

TEACHERS' ASSOCIATION TO MEET MARCH 25TH

President Raymond of the Kauai Teachers' Association has instructed the officers and executive council of the association to notify all teachers concerned with the Hawaii Education Association in their respective districts that a meeting of the organization will be held at the Lihue school house on Saturday, March 25th. In addition to routine matters, the business of selecting a delegate and an alternate to attend the convention of the National Education Association in Boston in July of this year, will come up for consideration and action.
