Fish and Game Club Holds Special Meeting

MANY IMPORTANT DECISIONS ON LOCAL CONDITIONS ARE MADE

The Kauai Fish and Game Club held an important meeting at the home of Dr. Kuhns last Thursday evening. About 36 members of the club were present at the meeting, which was preceded by a buffet supper which was given by the members' wives under the direction of Mrs. Kuhns.

The principal object of the meeting was to hear a report from H. L. Kelly, executive officer for the Hawaii Fish and Game Commission, on the work that the commission is doing in regard to the game situation.

Mr. Kelly gave a short resume of the work that the commission is doing in stocking the fields with game birds and the streams with game fish. He then stated that all this work would be lost unless the sportsmen of the islands would cooperate with the commission in preventing game hogs from exterminating the birds and fish. This cooperation is to help the commission in the way of suggestion for laws to protect the game as well as an insistence that the law be enforced.

After Mr. Kelly's talk, there was considerable discussion on the matter of the trout that were planted in the streams at Kokee two years ago. Mr. Kelly reported that the fish were making excellent progress and the fish streams would be ready for fishing next summer. Mr. Kelly stated that the fish and game commission would like to have suggestions from the sportsmen of Kauai in regard to rules governing the fishing of trout in the Kauai streams. The club then asked for some suggestions from Mr. Kelly and he stated that in his opinion the season should not be open after July 15th owing to the fact the fish spawned early that spring would be big enough after that date to hook themselves on a fly as it was on these fish that the stocking of the streams the following year depended. It was necessary to have the season open early to protect them. He suggested that the season should not exceed six weeks and that the limit should be ten fish a day and 25 a week.

The club then discussed Mr. Kelly's suggestion at length and finally decided to have the season open from May 15th to June 15th, and that the limit be five fish a day regardless of weight and the limit for a week be fifteen.

The subject of the limit on pheasant and doves was then taken up and Mr. Kelly told of the situation in the Willamette Valley in Oregon where pheasant at one time were so plentiful that the limit was 200 a day and the season was open three months. As the birds began to get scarcer the limit was cut down and now the limit is two a day and the season is open two weeks.

With this thought in mind the club voted to suggest to the commission that laws for Kauai be changed so as to make the pheasant limit three a day and thirty a season. The club also suggested that the dove limit for Kauai be reduced to 15 a day.

Mr. Kelly then told how H. P. Faye had agreed to set aside a portion of Kekaha as a game preserve and that the commission hoped, if they could secure enough funds, to start a game farm there. The club voted to assist the commission in every way possible in their efforts to start the game farm and elected Mr. Faye member of the club for cooperation in protecting and propagating game on Kauai.

LIHUE UNION CHURCH

Regular services will be resumed in this church next Sunday. Throughout the month of August these services will be conducted Sunday evenings at 7:30 o'clock.

RALPH W. BAYLESS, Minister.

KAPAA NOTES

CONCERT AND DANCE BY KAAHUMANU SOCIETY

A concert at the Hawaiian hall, followed by a dance at the Kapaa hall was given by the Kaahumanu Society, Saturday evening. A large crowd was in attendance at both places.

BILL WOLTERS BACK

William Wolters, son of Manager H. Wolters of the Makee Sugar company, is back again at Kealia spending the remainder of his summer vacation. William has been attending the University of Hawaii.

SPALDING PLEASSED WITH TEAM

James M. Spalding returned last week after a two months business trip to California. He was greatly pleased with the success of the Makee team since his departure, and was on hand Sunday to see his team nose out Lihue.

EVERYBODY HAS HAT IN THE POLITICAL RING

The local political pot is just beginning to get hot and will probably reach the boiling point within the next few weeks. Announcement of prospective candidates for the house and senate will be made in the next two weeks.

HAWAIIAN CANNERIES BREAKS RECORD; 11,000 CASES SHIPPED ON HELENE

All previous records for single shipments of canned pineapples were smashed by the Hawaiian Canneries company last week when the Inter-island S. S. Helene loaded 11,000 cases into her holds from Ahukini for Honolulu. The previous high mark was made in September 1921, when the same steamer took 9000 cases in one load to Honolulu from Kealia.

THINGS ARE LOOKING UP AT THE HOMESTEADS

With the price of sugar showing slow but steady gains, optimism is returning to those who were inclined to be pessimists a few months ago. Interviews with the various homesteaders, both of the Waialua and Kapaa sections, indicate that with the price of sugar averaging above five cents for the remainder of the year, many of them will probably manage to break even, which is doing very well, taking into consideration the high wages paid in 1920 to plant the 1922 crop.

PERSONALS

A. V. Gear, deputy auditor of the territory, arrived on the Claudine this morning on official business.

Mrs. Elizabeth Ferreira of Honolulu arrived last week and is visiting her daughter, Mrs. S. Kellinot at Kapaa homestead. She will spend six weeks on Kauai.

Judge D. H. Case, recently appointed to the Maui circuit bench, arrived on the Claudine this morning to visit his son, A. H. Case, of Grove Farm, Lihue.

Miss Helen Baggott, with the American Factors, Honolulu office, arrived this morning for a visit of two weeks with her brother, C. A. Baggott of Lihue.

J. H. Moragne, returned this morning from Honolulu where he accompanied his daughter, Miss Josephine, who is leaving tomorrow on the Maui for the mainland where she will enter Mills College in Oakland.

Rev. Ralph W. Bayless of Lihue, who with his family have been vacationing in Honolulu the past month, returned on the Kinau last Wednesday morning. Mrs. Bayless and children will remain in Honolulu a short time longer.

WAILUA HOMESTEADERS TO CELEBRATE THE END OF HARVEST

The Waialua Harvesting Association was given permission by the board of supervisors to use the Oloheia school house for their celebration at the end of the harvesting season. This is the first harvest in this district and although most of the homesteaders suffered a loss, optimism prevails in the district owing to the advancing price of sugar.

SUPERVISORS HOLD MONTHLY SESSION

The regular monthly business meeting of the Board of Supervisors of the County of Kauai was held on Wednesday, August 2, 1922, at 9:30 a. m.

Present: H. D. Wishard, chairman; T. Brandt, J. I. Silva, Fred Mendes, A. Menefoglio.

The minutes of the previous meeting were read and approved.

The several demands submitted and hereinbelow listed were approved:

Bids for furnishing material, etc., and for the construction of the Kauai High School shop were received and were as follows:

| MATERIAL— | |
|-----------------------|------------|
| Allen & Robinson Ltd | \$2,370.00 |
| C. B. Hofgaard & Co. | 2,095.00 |
| Kauai Railway Co. Ltd | 1,897.00 |
| Lewers & Cooke Ltd. | 2,060.00 |
| Lihue Store | 2,210.00 |

CONSTRUCTION—

Y. L. F. Akau \$820.00
John Hansen 948.00
S. Honjiyo 789.00
J. Lyons 895.00

Later and upon the advice and recommendation of the county engineer the following bids were accepted:

KAUAI HIGH SCHOOL SHOP—

Material: Kauai R.R. Co. 1,897.00
Construction: S. Honjiyo 789.00

A communication (P2041) from the Makee Sugar Co. requesting an increase of one hundred dollars (\$100) in the monthly allowance of the Kealia hospital was received and upon the motion of Mr. Mendes seconded by Mr. Silva, by unanimous vote, the county clerk was instructed to ask the Makee Sugar Co. to furnish the board with an itemized statement of the cost of treating the indigents at the Kealia hospital during a period of one year prior to this date.

The petition (P2039) of the Koloa citizens to set aside the vacant lot opposite the postoffice and the store of the Kauai Trading Co. for a public park was taken up for consideration. Upon the motion of Mr. Silva, seconded by Mr. Brandt, by unanimous vote, the petition was refused as the county is not in a position financially to acquire this property.

The petition (P2029) of property owners having homes at East Koloa beach, district of Koloa, which requested that the county install a water system to supply water to said homes was taken up. Mr. Knudsen was present and supplemented the petition for consideration by explaining the needs of this section. He requested that proper

NEW COTTAGE TO BE BUILT AT THE HIGH SCHOOL

Among the new buildings decided upon at the last meeting of the supervisors was a cottage for the teacher who is to come to the high school to take charge of the manual training work. The new cottage will be built on the high school grounds.

This will remove the last obstacle in starting the manual training work at the high school, as difficulty was being experienced in finding a capable man to take charge of the work owing to the fact that no accommodations could be offered to a man with a family.

KOLOA'S REQUEST FOR PARK LAND IS TURNED DOWN

A petition was presented by Koloa citizens last Wednesday to the board of supervisors requesting them to purchase the land being used as a baseball field in Koloa for a public park.

Owing to the fact that there are no funds available for this proposition the board was forced to refuse the request of the Koloa citizens.

Mrs. Leslie Wishard, who has been visiting Mr. and Mrs. H. D. Wishard, of Lihue, for the past two weeks, departed last Wednesday for her home in Kohala, Hawaii.

U. S. Army Engineers Inspect Breakwater

PARTY OF ARMY ENGINEERS ARRIVE ON STEAMER KUKUI

A party of army officers belonging to the Engineers Corps were arrivals on the Kukui yesterday. They are on a tour of inspection and have been busy looking over the breakwater at Nawiliwili and various other engineering projects on Kauai. The party is made up of Major H. F. Cameron, Capt. H. P. Oram, Capt. E. H. Bowley, Capt. R. H. Stock, Lieut. A. G. Lovett and Lieut. F. O. Bowman.

Major Cameron reports having lately seen two former residents of Lihue, one being Charles Sweetser, who was county engineer in 1905-06, and Carl Brush who was construction engineer on the Hanamaulu trestle about the same time.

Mr. Sweetser is now in San Francisco with the federal government, while Mr. Brush is in New York City. Both men were with the Engineers during the world war and it was there that Major Cameron made their acquaintance. He states that they send their aloha to all their old friends on Kauai.

KAUAI MASONIC CLUB INSTALLS NEW OFFICERS

The annual election and installation of officers of the Kauai Masonic Club was held Saturday night, Aug. 5th at the county building in Lihue. The following were elected for the ensuing term:

President—Frank Crawford.
Vice President—H. D. Wishard.
Secretary—C. L. Lane.
Treasurer—A. Menefoglio.

Several new members were admitted to the roster.

Tentative plans were discussed for a regular old fashioned basket picnic dinner to be held on the beach at Hanalei, Sunday, Sept. 10. Dr. Patterson is chairman of the Hanalei contingent who are acting as hosts for the occasion.

Every Mason on Kauai should keep in touch with the secretary, as important matters are to be taken under final consideration at the next meeting.

The membership is rapidly nearing the one hundred mark.

Refreshments were served after the business meeting.

KOLOA WATER WORKS TO BE EXTENDED TO BEACH HOMES

Plans are being formulated to increase the capacity of the Koloa water works so that the pipe line can be extended to include the homes at Koloa beach.

With the present water works there is not enough pressure and water to serve these homes, but the county is planning to lease from the Koloa Sugar company, and the Knudsen estate, water rights, so that the present system can be increased.

KOLOA TO HAVE NEW COURT HOUSE

A new court house is to be constructed at Koloa and the old one removed according to the decision of the board of supervisors at their meeting last Wednesday morning.

Sheriff Rice and County Engineer Middleton were instructed by the board to consult as to the necessary details and bids will probably be called for within a short time.

COUNTY OFFICIALS TO PLAY BUSINESS MEN AT NATIONAL GAME

The county building has issued a defi to the business men of Lihue to play a game of baseball on the Lihue diamond on Sunday, Aug. 20th.

The business men have accepted the challenge and the game will be put on. The Audit Co. of Hawaii has arranged to keep two of their expert accountants to keep the score.

The business men's team will tackle the Lihue club on Thursday afternoon at 5 o'clock for a practice game.

Col. Z. S. Spalding and James Spalding returned last Wednesday from a visit to Southern California.

Princess Completes Work on Kauai

EIGHT WOMEN'S CLUBS IS THE RESULTS OF HER EFFORTS

Men, take off your hats to the women! They have shown their initiative and ability in organizing. All honor to the Hawaiian women who throughout the whole of last week worked under the guidance of their Princess for the formation of auxiliary clubs to the republican party.

Princess Elizabeth Kahanu Kalaniana'ole continued her good work during the week and scored success after success at the various precincts. Old hands in politics watched the organization with varied interest, and were surprised at the aptness displayed by the women. The Princess herself is an organizer of great ability, and she has the happy faculty of getting results out of chaos. A suggestion here and word at another place, and a club is formed and officers are elected. No fuss, no squabbling, no sparring for honors, no undercurrents to in any way mar the proceedings. And when she leaves any locality, the best of feeling prevails, and a determination to work as she had advised is prominent in the minds of all the women. The women have come forward to meet their responsibilities and if the ideals preached by their Princess are carried out, and there is no reason why they should not, politics on Kauai will be cleaner, issues will be more clarified, candidates who are fearless, honest and intelligent will have the better chances for nomination, and the best element in the community will not

(Continued on Page Seven)

ANAHOLA SCHOOL TO BE MOVED TO NEW SITE

A site will be acquired by the county just as soon as negotiations can be made with the owners for the new Anahola school, the board of supervisors having voted to purchase the property and H. D. Wishard appointed to act for the board. The piece of land to be purchased is next to the church on the Kealia side of the bridge.

Just as soon as the property is purchased by the county a new school building will be built on the property. Some grading is necessary before any construction work can be done.

OHIO PROFESSOR VISITS KAUAI

Among the passengers on the Kukui when she arrived yesterday morning at Nawiliwili was Prof. E. L. Mosely, who is a guest of Ralph Pinkham, lighthouse inspector for this district. Prof. Mosely is head of the science department of the state normal school at Bowling Green, Ohio.

He is a grandson of Hiram Bingham, one of the early missionaries in the Hawaiian Islands.

TH. BRANDT OF WAIMEA GOES TO THE COAST

Thorvald Brandt, manager of the Bank of Bishop at Waimea and a member of the board of supervisors, from the Waimea district, was a departing passenger on the Lurline last Sunday. Mr. Brandt plans to take the Maui to the mainland tomorrow and will spend about two months away from the islands.

CIVIL SERVICE EXAMS. WILL BE HELD THIS MONTH

A civil service examination will be held at the Kauai high school on August 26th for the position of clerk in the Lihue postoffice. The examination is open to American citizens only. The examination will be conducted by Mrs. G. T. Lomnes, district secretary of the civil service commission.

Further information in regard to the examination can be received from T. E. Longstreth, Lihue postmaster.

THOS. J. K. EVANS, TERRITORIAL SURVEYOR, HAS ESTABLISHED A CAMP AT THE MOUTH OF WAILUA RIVER AND WILL USE THIS AS HEADQUARTERS DURING HIS WORK OF SURVEYING THE WAILUA LANDS.
