## Molokai Land May Be Acquired For Forest Reserve

George Freeland, W. F. Pogue and Joaquin Garcia Named Appraisers for the Territory.

(ASSOCIATED PRESS)  
 HONOLULU, Sept. 25.—William F. Pogue, George Freeland and Joaquin Garcia of Maui, were named a board of appraisers today by Governor Wallace R. Farrington, looking to the acquisition for the government forest reserve system of about 1601 acres, more or less, of mountain land, running up to the rim of the Kalaupapa pali. Mr. Pogue was named by the governor to act as chairman.

The Molokai land in question was once heavily wooded but, by reason of long continued use as pasture, has now become almost denuded of trees. The land is at present a part of the Meyer estate.

On the map of Molokai it shows as a part of that island forest reserve, but has never been fenced and no attempt has been made to keep stock from the lands with the result that cattle have had and still have free run of it. The territory now proposed to acquire it, either by usual condemnation proceedings, that is applicable to such instances, or by an equitable exchange. The latter method would require a special act of congress.

"Whichever choice is made," the governor said, "it is first necessary to determine what amount of money would be involved."

### Important Water Supply

In a report to the governor, C. S. Judd, superintendent of forestry, writes that the lands are important as a source of water supply, because they lie at the edge of the cloud belt and their water producing capacity is manifested by the permanent body of water called "Meyer's Lake" near Puu Olole and by numerous springs further mauka.

"All of these lands were at one time heavily forested but, because of continuous grazing, the forest on them has now almost entirely disappeared. It is important for water conservation purposes that the forest on this area be brought back. This is particularly so because of the plans of the Hawaiian Homes commission, which contemplate the development of reservoirs and ditches on these lands. Every gallon of water that can be saved here will be used to advantage on the dry farming lands at the lower elevations."

### Potent Streams

"From a water supply standpoint this is a highly important portion of Molokai, because, while the area is small, only about one mile square, it is subject to heavy rainfall, while from its location the Waihanau is a stream that could readily be diverted and put to use. Speaking of this stream, the Waihanau, Lindgren says: 'Swamps line the borders and much water comes in from springs on the sides of the abrupt canyon in which it flows. I conclude that the streams can be relied on for 2,250,000 gallons per 24 hours from November 1 to June 1; for 1,900,000 gallons during June and July, and for at least 100,000 gallons from August to November 1.'

"When water is as badly needed and as valuable as it is on Molokai, it is not good policy to use such an important catchment area as this for grazing. On a good portion of upper Kahana the native forest would probably come back naturally if cattle were excluded. Lower down artificial planting would be necessary."

## Herrin Grand Jury In Special Session Indict Two Hundred

(ASSOCIATED PRESS)  
 MARION, Ill., Sept. 25.—Two hundred and fourteen indictments were returned today by the special grand jury, investigating the Herrin mine massacre.

The jury arraigned Adjutant General Black for his failure to send troops to the Herrin district and criticized Sheriff Thaxton and the local police for their alleged failure to protect life and property.

Of the 214 indictments returned, 44 charged murder, 593 charged conspiracy to commit murder, 64 charged assault with the intent to commit murder and 58 charged conspiracy and rioting. Sheriff Thaxton is a member of the miners' union and a candidate for the county treasurer'ship.

The jury's report said that the attack on the mine which resulted in the death of 22 persons, was planned in advance and that Sheriff Thaxton had plenty of time in which to learn of it. The report declares that hardware stores in the town had been ransacked for arms and munitions as the result of a telegram from John L. Lewis, president of the United Mine Workers of America, declaring that the non-union men working the mine were strike breakers.

## Propagator Of Rare Hibiscus Will Visit Fifth Annual Fair

John Walker, the Honolulu contractor, and said to be the greatest propagator of the hibiscus flower that the Territory has known, has lent his services to the fair committee on floral and cut plant exhibits and will act as a judge on that committee, according to a report from Grant Bailey, chairman of the floral committee of the Fifth Annual Maui County Fair.

For the first day of the Fair David Haunika, nurseryman for the territorial board of forestry with headquarters in Honolulu, will also act as judge of floral exhibits.

Mr. Walker has recently produced by years of cross-pollination the double white hibiscus that has since been pronounced one of the rarest works of horticulture. A specimen of this hibiscus has been sent to Grant Bailey and will be exhibited in the floral booth at the coming fair. Some idea of the knowledge in horticulture obtained by Mr. Walker may be gained in the fact that of 46 known varieties of the hibiscus known, Mr. Walker has produced 46 of these. He is now at work propagating a single and double blue hibiscus and though some horticulturists, considered experts, have declared it impossible, Mr. Walker declares that in 10 or 12 years time cross-pollination and budding will bring forth the variety he desires.

Mr. Walker will be on Maui for two weeks after the fair and during that time will be very willing to communicate his knowledge of the hibiscus to the people on Maui who so desire. Some years ago he was guest of this island during a Knights of Pythias convention and wishes to return the cordially shown him at that time. Immediately after the fair and for the following two weeks he will be the guest of Mr. Grant Bailey and Mr. J. T. Fantom.

## Nineteen Year Old Girl Shoots Spouse

(ASSOCIATED PRESS)  
 HONOLULU, Sept. 25.—Henry Hewitt, aged 25, is in a dying condition at a hospital here and his wife Helen Hewitt, aged 19, is being held by the police on a charge of shooting him at the Hewitt home at Waihiwa.

The police announced the girl confessed to the shooting. She declared Hewitt had threatened to kill her several times and that she shot him when he began beating her.

Neighbors of the Hewitts told the police last night that they heard Mrs. Hewitt screaming for help shortly before the shooting but they were afraid to interfere. The screaming was continued for several minutes and was followed by a shot. Neighbors notified Corporal Davis of the military police at Waihiwa who entered the Hewitt house and found Hewitt lying on the kitchen floor with a bullet wound in his neck, while the woman was standing nearby, holding a revolver in her hand.

Little hope is held for Hewitt's recovery, according to hospital attendants.

## Outdoor Circle Will Meet New Officers

The Lahaina Outdoor Circle will hold its first meeting of the ensuing year next Monday at the home of Mrs. Arthur W. Collins at Lahaina.

The new officers elected to preside at the meeting are, Mrs. Arthur W. Collins, president; Mrs. William Smith, vice-president; Mrs. R. K. Hoso, secretary; Mrs. J. A. Gannon, treasurer and Mrs. H. S. Walker, corresponding secretary.

The activities of the circle in the past years have multiplied rapidly and extend over a larger field each year. Plans for the coming year's work will be drawn at its first meeting with Mrs. Collins. The Outdoor Circle points with pride to the hundreds of young palms that are now flourishing along the county road from Lahaina to Olowalu. These young trees were set out by the circle recently as a part of their plan to beautify the West Maui district. Under its present administration a most successful year is looked forward to.

### DEMOCRATS RALLY

(ASSOCIATED PRESS)  
 HONOLULU, Sept. 26.—The Democrats rallied in the Kalihi district last night. Dr. J. H. Raymond of Maui, candidate for delegate to congress and D. E. Metzger, I. M. Stainback, C. P. Lauka and Archie Robertson, candidates for the senatorial nomination spoke.

The candidates to the house that addressed the meeting were Jessie Elulbi, George Ah Nee, Kim Ching, George Holt, Charles Holt, and Fred Luning. William Jarrett left for Hawaii and Maui. He will return to Honolulu Friday.

Gaming Charge—Eleven persons charged with gaming with dice, failed to appear in the district court of Wailuku Saturday morning when the case was called. Bail in the amount of \$165 was declared forfeit.

## Lyman and King Given Most Time At Maui Rallies

Candidates for Nomination for Delegate to Congress Get Lion's Share; Campaign Plans Changed.

Wailuku voters had a chance to hear two of the Republican candidates to delegate to congress on Market street, Saturday night, the rally developing into one for those candidates and the legislative candidates will have their hearing later in the campaign from the same platform. Besides Lyman and King only the house aspirants from the outside districts and John Hoopale were heard.

### Plans Revised

Campaign plans shifted rapidly and without notice at last week end. On the return from Kalaupapa it was decided to abandon the trip that was to have been taken Sunday to Molokai and thence to the Hama district on the Makaiwa. There were meetings held in West Maui Thursday night instead of Friday and on the latter night there was a hastily arranged meeting at Paia. Saturday night came the meeting at Wailuku for which there had been little publicity so the crowd was nothing like those that turned out in the Baldwin campaign.

### Lyman Speaks First

Norman Lyman was the first speaker on Saturday night and spoke at length both in English and Hawaiian, the latter not being an interpretation of his first remarks but differing quite materially. In his English speech Lyman told of his experience and his qualifications for the office for which he seeks the nomination. He pledged himself to work for the best interests of all the people of Hawaii and especially in the matter of securing appropriations for roads and for schools and funds adequately to carry out the Hawaiian Homes project which he criticized as being too small at present to achieve important results immediately since only ten or a dozen families were to be put on the land.

John Hoopale followed and after him came Senator King, the other candidate for delegate, John Wise not being represented at the meeting by proxy.

### King Presents Case

King also explained his qualifications for the office, his knowledge of the needs of the territory, his legislative experience, his acquaintance with the mainland. He pledged himself to work for the best good of all, to strive to get Hawaii's right of inclusion in appropriation bills and generally to have its needs met. He went at some length into his record as a senator answering some charges which he says had been made by lieutenants of Lyman. He urged all voters to go to the polls.

By the time he closed it was late and the audience drifted rapidly away before the other speakers had time to address them.

### Wise Has Able Proxy

At the Paia meeting Senator Rice spoke for John Wise, answering charges that a large campaign fund was being raised for Wise in Honolulu. Rice said he saw Wise in Queen's Hospital about three weeks before and did not think he would live until after election. He saw him again about the middle of this week and he was better so the speaker believed he would recover, but he was unable to speak for himself.

Every man in public life makes friends and enemies and if there is a large campaign fund being raised and spent on Wise's behalf it is being done by Wise's friends. The fact that he has such friends, men who stand by him in time of sickness and seek to conduct a campaign for him at their own expense speaks volumes for the man who has won such friendship.

Today the party goes to Hana for the campaign in that district, returning tomorrow on the Klauwa.

### Speak At Puunene

On Monday night the candidates held a meeting at Puunene. Jack Walsh presided and introduced each candidate that was present. As they stepped on the platform Walsh introduced Goodness, Clark, Paschout, Ferreira, Holstein, Hanuma and Kahoekele.

Four candidates addressed the large gathering. Norman Lyman spoke of his qualifications for filling the seat of delegate at Washington. John Hewitt, vocational instructor at the Puunene school spoke on the behalf of John Wise who he said, was convalescing from an operation in Honolulu and was therefore unable to speak for himself. John Hoopale of Kaula spoke, urging the nomination of Norman Lyman and was followed by Jack Kanohi who seeks nomination to the Territorial house of representatives.

### Hana Today

Twelve candidates left for Hana on the Claudine this morning where a meeting will be held tonight.

P. J. Goodness and John Walsh were the candidates seeking the senatorial nomination to make the trip. The remaining ten were Samuel Aka, W. A. Clark, Charles Farden, John Ferreira, John Hanuma, Jr., Thomas Holstein, Jack Kanohi, Antonio V. Marcellet Jr., John Medeiros and M. Gomes Paschout.

## All Divisions Of Maui County Fair Wake To Activity

Division Heads Name Their Committees And Work Of Preparation Goes Into Full Swing With Fair Three Weeks Off

Committees are lining up and getting down to real work of preparation for the Fifth Annual Maui County Fair. Young Ting has named his committees in the Poultry and Domestic Animal section and the committee held a meeting last week and decided a number of details. While generally there are to be money awards as prizes for the winners in the various departments at the fair, the poultry and pet stock department exhibitors and the committee in charge do not like that idea and favor the award of cups. The committee decided to take care of the purchase of suitable trophies. It was also decided that entries should close on Saturday, October 7, and specimens must be in the grounds on Wednesday, October 11, at 5 o'clock.

The Poultry and Domestic Animal Department is again in charge of Young Ting. The poultry committee has Foster Robinson as chairman and L. T. Lyman, Paul Lada, Manuel Asee and F. Y. Lee. The Pigeons committee is J. C. Correll, chairman and Hicnie English and W. A. Sparks. The rabbits committee has J. P. Dolim chairman and C. E. Houtchens.

### Fruits Coming In

Judge D. H. Case reports that he already has 11 boxes of fruits in cold storage for the Fruits section which is in his charge. Some very fine specimens are being thus cared for to be on display. His invitation to prospective exhibitors to send specimens to him to be kept for the fair is still open to such prospective exhibitors.

### Livestock department

W. A. Clark is chief of the livestock division and reports that the horses and cattle will be more numerous and higher class than before. It was decided not to have an exhibit of pigs this year and some regret on that score is heard.

Clark's committee is composed of G. I. Mast, secretary; H. Piller, Clerk, L. K. Smith, superintendent of horses and also superintendent of the live stock parade and of the horseshoeing contest as well; W. T. Richard, superintendent of Dairy Cattle; Angus McPhee, superintendent carcass contest; Louis von Tempisky, official weigher and Dr. J. C. Fitzgerald with the general committee composed of S. A. Baldwin and L. K. Smith, Makawao; C. G. Munro, Molokai; J. Fassoth, Kipahulu; Ben Williams, Puunene; H. B. Penhallow, Wailuku and D. T. Fleming, Honolulu.

### Schools Start Installation

Preparation of the gallery of the Territorial Building for the installation of the school exhibit is in progress and H. M. Wells head of the department has named as committee associates Fred Murphy, H. Alton Rogers, Robert M. Judd, P. H. Cooley, Miss Lida Crickard, John M. Eddy, Miss Mary Fleming, O. W. Robinson, John M. Brown, William P. Hala, David Kaal, Miss May E. Nance and Miss Harriet Collins. Considerable change in rules and regulations and classifications of exhibits have been made by this department.

### Flower Days Planned

Grant Bailey, head of the department of floral exhibits announces that Thursday, October 12 will be for cut flowers other than hibiscus. Friday there will be an especial exhibit of leis and Saturday will be Hibiscus Day. Those are merely special features of his department connected with his cut flowers section. On his committee he has named Mrs. E. J. Walker, Mrs. William F. Pogue, Mrs. James Cumming, Mrs. Charles P. Durney, Mrs. H. K. Breuss, Mrs. John F. Freudenberg, Mrs. George L. Keeney, Mrs. H. A. Baldwin, Mrs. W. A. Clark, Mrs. S. E. Kalama, Mrs. J. A. Tiorman, Mrs. C. C. Campbell, Mrs. J. T. Fantom, Mrs. E. J. Walsh, Mrs. Zelle Cockett, Mrs. A. Garcia, Mrs. A. N. Kepofkai, Mrs. H. B. Penhallow, Mrs. Weddick and Miss Leilani Weight.

### BANKS UPHOLD DECISION

(ASSOCIATED PRESS)  
 HONOLULU, Sept. 26.—Judge James J. Banks issued an order carrying out the recent decision in favor of Oliver Vierra, ordering the trustees Oliver Shipman and Sam Kauhane to turn over to Vierra the Mahiki ranch at Hanakua, including the stock and furniture.

### IRELAND LOSES OUT

(ASSOCIATED PRESS)  
 WESTBURY, New York, Sept. 26.—The All-Ireland polo team was eliminated from the Waterbury cup tournament by the American Ahebarne team by a score of 18 to 9.

all of whom are seeking office in the lower house. They will return on the Claudine tomorrow afternoon.

## Crabbe Denies Huge Campaign Fund Was Raised For Wise

(ASSOCIATED PRESS)  
 HONOLULU, Sept. 26.—Clarence Crabbe, campaign manager of John Wise, speaking at a Republican rally in the Punchbowl district last night, denied that Wise has a "slush fund" of \$13,000 to obtain the nomination. "I have not got a slush fund of thirteen cents to win the nomination for Wise," declared Crabbe.

Senator Charles King who also addressed the gathering laid stress on the necessity of receiving federal aid for the territorial schools.

Other speakers were S. P. Correa, Charles Chillingworth, J. F. Woolley, W. H. McInerney, Robert Shingle and J. K. Jarrett, senatorial candidates, and R. A. Vitousek, H. T. Mills, G. P. Wilder, T. H. Petrie, Alfred Magoon, A. R. Cunha and F. D. Lowrey house candidates.

The same speakers spoke at the Thomas Square meeting.

### Women Question

Twelve Republican candidates and one Democrat appeared before the league of women voters yesterday. They were questioned by the women regarding their stand on legislation affecting the schools. All candidates pledged their support to the measures that the league is interested in.

## Injunction Against Strikers In Force

(ASSOCIATED PRESS)  
 CHICAGO, Sept. 25.—Judge James H. Wilkerson today put in force the drastic temporary restraining injunction against the striking shopmen without any modification of its effectiveness.

### Davis Urges Peace

CHATTANOOGA, Tenn., Sept. 25.—The strife and bloodshed of the nation's industrial life had reached the proportions of "disgrace to our whole civilization," declared Secretary of Labor Davis, in an address here today. He urged the labor leaders to help restore the industrial relations to an orderly basis and blamed the radicals for much of the violence.

Davis said he knew that "unscrupulous employers, facing trouble with their workers, resorted to company guards and the so-called private detectives who were hired plug-uglies and whose sole purpose is to stir up hatred and violence."

### Injunction Granted

CHICAGO, Sept. 25.—Judge James H. Wilkerson of the United States district court granted today the request of Attorney General Harry M. Daugherty for a nationwide temporary injunction against the railroad shopcraft strikers.

In granting the injunction Judge Wilkerson said the defendants could not deny the responsibility for the wide spread violence marking the railroad strike. Wilkerson gave the defense until Monday to prepare their arguments.

## VISITORS ATTRACTED BY HAWAII'S BEAUTY

Hawaii has made a hit with the visiting members of the Los Angeles Chamber of Commerce. The beauty of the islands has a great attraction for the visitors, it became apparent, when reports from Honolulu say that more than 90 percent of the visitors do not want to return home as soon as they are scheduled to. To hold the palatial steamer "The City of Los Angeles" for a few days further would be impossible owing to that ships mail contract with the United States government, but plans are being worked out whereby the visitors may remain in Hawaii for perhaps two weeks longer.

If possible, those who wish to remain will be accommodated on the liner, City of Honolulu, which is now on its way to Honolulu from the southern California port.

### CAN'T TRANSFER FUNDS

(ASSOCIATED PRESS)  
 HONOLULU, Sept. 26.—Attorney General Matthewman handed down an opinion that the Hawaii county supervisors have no authority to transfer funds from one appropriation account to the other.

The question arose as a result of a request by the Hawaii supervisors to transfer \$2000 from a new ground for a Hilo high school fund to another account.

### Greatest Maui Paper

In connection with the Fifth Annual Maui County Fair, Maui News will issue the largest and finest newspaper ever printed on the Valley Island. There will be four sections profusely illustrated, contained in a two-color work cover.

Advertisers desiring extra space may secure it by applying at once. Subscribers desiring extra copies could do well to place their orders now. It will be a paper they will want to send away to friends.

## Kemalist's Break Neutrality Pact Of Dardanelles

Turk Forces Seize Kumkalis At Mouth Of Straits In Open Violation Of Neutral Zone

(ASSOCIATED PRESS)  
 CONSTANTINOPLE, Sept. 26.—Essad Bey, aide to Mustapha Kemal Pasha, the leader of the Kemalist forces in the Near East dispute, who arrived here from Smyrna said the Kemalist's reply to the allied note was complete and accepts the allied conditions but insists that the Kemalist movements during the proposed conference and the admission to the conference of Russia, Persia and Bulgaria.

Growing indications strengthen the belief that the Sultan of Turkey who, it is reported, is in a state of collapse at Kemal's hostilities toward him, intends to resign. It is known the Kemalist forces have seized Kumkalis, located at the mouth of the Dardanelles, which is a violation of the neutral zone.

### Discuss Violation

Allied commissioners met this afternoon and discussed the Kemalist's violation of the neutral zone. One French commissioner telegraphed Kemal, urging the immediate withdrawal of the Turk troops from Kumkalis.

### Fire Is Raging

Fires are raging on upper Pera Street, the main thoroughfare of the capital and the population is in a state of panic. It is persistently rumored that the Sultan's cabinet has resigned. The armistice conference will be held at Mudania about October 1.

Two Kemalist divisions, totalling three thousand men, have occupied Eren and Keul, the Ankara government officially announced.

### Government Overtaken

An organized force of 10,000 has overtaken the administration at Thrace. Motor trucks are transporting 300 Turks to that city, daily. The Turks in Thrace are confident of defeating the Greeks. The main forces of the Kemalist's are 15 miles from Chanak.

### Huge Massacre Planned

GENEVA, Sept. 26.—Balfour announced to the league of nations that the British government had received news from Smyrna that a great calamity was impending. Unless 200,000 refugees were moved, Balfour said, it was rumored that the Turks planned a general massacre at Smyrna for September 30th.

### Soviet Interested

MOSCOW, Sept. 26.—The Soviet government has directed notes to England, France, Italy, Greece, Rumania, Yugoslavia, and Bulgaria, proposing an immediate conference to solve the Near East problems and warning the European powers against ignoring the countries that are directing interest in the freedom of the Dardanelles.

### Accept American Offer

LONDON, Sept. 25.—The Greek government has accepted the offer of Rear Admiral Mark Bristol, the American high commissioner at Constantinople, for the use of United States destroyers to protect the removal of the remaining refugees from Smyrna, if the Greeks provide transportation for the refugees within a week.

The British government is continuing preparations for eventualities in the Near East. British troops in Constantinople have been ordered to proceed to Chanak, where the attack, if made, is believed likely to center. A constant movement of troops continues from Gibraltar and Malta to Turkey.

The British torpedo boat Speedy sank in the Sea of Marmara yesterday as a result of a collision with a Dutch trader, according to a Reuters news agency dispatch from Constantinople. Ten of the British vessel's crew were drowned, and 87 were saved.

### CONSTANTINOPLE, Sept. 25

Hamid Bey, representing the Kemalist, said the allied invitation to a conference could not be accepted on the terms laid down. Bey demanded if the conference be held, that Russia and Bulgaria be invited to participate. The Turks have stopped their advance on Constantinople. British forces notified them that any further movement would cause the British to open fire.

### Minister Will Resign

The Grand Vizier of Turkey has notified Kemal Pasha that the government at Constantinople does not wish to embrace the Ankara administration and that its minister was urged to resign. In that event it is expected Kemal will send a governor-general to Constantinople.

CONSTANTINOPLE, Sept. 25.—The French government sent a wireless message today to Mustapha Kemal Pasha, leader of the Turkish Nationalist forces, requesting him to take no further action in the Near East until the arrival of a special French envoy.
