## ELIMINATE ONE IN QUALIFYING ROUNDS

Out of 24 Entries 17 Finish in Preliminaries for Manoa Cup.

Only one player was eliminated yesterday in the preliminaries for the Oahu Country Club links as only seventeen completed the thirty-six holes in the qualifying rounds to compete in the finals for the Hawaiian championship and the Manoa cup, so he will have to console himself for there will be no consolation series played. The other sixteen will take a whack at it again next Sunday in the finishing strokes and the player who turns in the lowest score then will thereby perpetuate his name which will be emblazoned on the magnificent silver trophy as the Hawaiian golf champion of 1910, and in addition to this he will receive a prize. The runner-up will also be appropriately rewarded and then the standing handicaps will be applied and the one having the lowest net score will receive a memento of his prowess.

There were twenty-four entries when the book closed at ten o'clock yesterday morning. They all started, but seven dropped out during the day without finishing. Some played one round, some two and one or two struck it out for three rounds and then quit because they thought they didn't have a chance to qualify for the final play. The wind was pretty strong and came in squalls. It was difficult to gauge the drive against the sudden gusts and the scores were not as good as were made at practice on Saturday.

### Armstrong Leads.

Frank Armstrong was low man, his total score for the thirty-six holes being 181. He did seven better for the two rounds in the morning than in the afternoon. The first eighteen holes he made in 87 strokes and it took him 94 to make the rounds in the afternoon. Tom Gill and H. B. Giffard tied for second place with totals of 184 each. Both made the eighteen holes in the morning in 90 strokes and did it in 94 in the afternoon. E. O. White came through with a score of 190. He made 96 in the morning and 94 in the afternoon. The next two men tied for fourth place with totals of 195 each. These two were Charles E. Edmunds and Frank Halstead. The highest score made was 277. Ominous threats were made if the name of the high record man was divulged so the reporter felt rather timid about turning it in lest he might get a few high balls thrown at him.

George Angus, who won the championship last year, was seventh low man yesterday with a score of 197. He covered the eighteen holes in the morning with 105 strokes and in the afternoon he did it in 92. There are only two names on the Manoa cup thus far and Angus holds the lowest record. The other champion whose name adorns the trophy is Austin White. This putting marvel held the championship two years in succession and his name and record appear twice on the Manoa cup.

Won Championship Twice. On September 15, 1907, he won the championship with a total score of 177 for the thirty-six holes, and he captured it again on September 29, 1908, with a total score of 162, which is fifteen strokes better than his score of the year before. George Angus went White one better last year, doing the thirty-four rounds in 161. The last eighteen holes he made then in 78. Angus was not able to get in any practice during his six months' trip, and he had hardly been ashore long enough to get his hand legs before this tournament started.

Following is a tabulation of the scores made yesterday by the sixteen who qualified for the final match:

Player	First	Second	Total
Frank Armstrong	87	94	181
Tom Gill	90	94	184
H. B. Giffard	90	94	184
E. O. White	96	94	190
C. E. Edmunds	106	99	205
Frank Halstead	107	98	205
George Angus	105	92	197
John Evas	100	101	201
William Waugh	111	103	214
H. B. Sinclair	113	114	227
C. P. Morse	118	111	229
Arthur Enart	113	122	235
J. F. Fenwick	124	112	236
Jack Boiser	117	123	240
B. B. Booth	137	125	262
B. A. Jordan	123	145	268

Quit After Luncheon. Major Long, H. H. Walker and W. H. Rabbit entered, but quit playing during the morning and didn't turn in any scores. J. O. Young, Mannie Phillips, H. C. Waldron and William Monroe did the two rounds in the morning, but after the special luncheon was served they just sat around and enjoyed that comfortable feeling. Waldron turned in a score of 127 for the two rounds. J. O. Young covered the morning course in 111, and Mannie Phillips came through with 120. Monroe did not keep his record.

THE PERFECT MAN. "There was one man whose life was perfect," said the Sunday school teacher. "What one of you can tell me who he was?" "Little Mary Jane's hand went up, and the teacher nodded to her. "He was mamma's dear husband," he said. "Everybody's."

## TRAIL AND MOUNTAIN CLUB INVADERS HILO

Official of Local Organization Encourages Movement to Form Branch on Big Island.

Steps are being taken to form a branch of the Hawaiian Trail and Mountain Club in this city, says the Hilo Herald, and a preliminary meeting was held last night, at which Mr. L. A. Thurston, the vice-president of the Honolulu club, told in a very interesting manner of the purposes of the organization and of the benefits which might be accomplished by its work on this island. The objects of the Trail and Mountain Club, as set forth in its constitution, are as follows:

1. By promoting knowledge of and interest in objects of natural interest in the Territory and the ways and means of getting there.
2. By the construction and maintenance of trails and roads leading to the same and of rest houses incidental thereto.
3. Through promoting interest in travel, more particularly by foot, through the mountains of Hawaii.
4. Through enlisting the cooperation of the people and the government in preserving the forests and other natural features of the Hawaiian mountains, and generally by publication and otherwise to convey information concerning the object of the club, both to residents of the Territory and to persons residing abroad.
5. By acting in cooperation with other clubs or associations having similar objects, as well as with government and other tourist bureaus, and to exchange privileges therewith.

Among the purposes which the local branch of the Trail and Mountain Club might well take up, are the exploiting of the local scenic features of which very little is known at present. Trails should be built to many of these and guide posts put up to show where the trails branch from the main road, that tourists, and local people as well, may visit interesting places which are now but little frequented.

Among the places near Hilo which should be largely visited by tourists, Rainbow Falls is practically the only one which attracts any traffic. Pepee Falls, the Kaunama Caves, the big falls on the Pihooua plantation and the Boiling Pots are hardly ever visited and, in fact, there are comparatively few persons who know the trails by which they may be reached.

Another matter which might be taken up to advantage is the building of a footbridge across to Coconut Island, the only public bathing beach in the vicinity of Hilo. At the present time it is a question of wading or getting a boat and sometimes it is impossible to get the latter. A footbridge would cost very little and the expense would be more than repaid in a very short time by the trouble which it would save.

The Seven Craters, which are said in many ways to be even more interesting than Kilauea, are very seldom visited on account of the fact that so few people know the trail. In fact there is no trail by which some of them can be reached. The most interesting of all of these is the crater of Makoupi, the Eye's Eye. This crater is 1500 feet deep and the bottom is divided into two parts, the first being a level table of lava, with trees growing on it, while the second is lower and composed of sulphur banks, with the steam rising in great clouds. From the place where the trail reaches this crater, one may drop a plumb line 1000 feet down before touching the side in the descent.

## TWENTY-FIVE HUNDRED SEE EWAS BEAT WAIANAES

About twenty-five hundred baseball fans from the plantations congregated at Waipahu yesterday and saw the Ewa team wallop the Waianae nine fifteen to seven. Twelve cars went from Ewa loaded with human freight, and the Waianae contingent turned out in force. Johnnie Meyers, who pitched for the Waianaes, was held responsible for their defeat. The Ewas batted him out of the box and scored twelve runs in the first three innings. They started it with a lone tally in the first period, gathered in a half a dozen in the second and added five more in the third. In the second frame Billy Meyers, the Ewa catcher, swatted a three-bagger with the bases loaded, which accounted for three runs at a crack. The Aieas won the first series of the Plantation league, and now it is between this team and the Ewas.

## INCORRUPTIBLE.

The lady of the house hesitated. "Are my answers all right?" she asked. "Yes, madam," replied the census man. "Didn't bother you a bit, did it?" "No, madam." "Feel under some obligations to me, don't you?" "Yes, madam." "Then, perhaps, you won't mind telling me how old the woman next door claims to be?" "Good day, madam, said the census man.—Cleveland Plain Dealer.

## TO SHOW PLAYS ON LARGE CHESS BOARD

Ballou-White Matches Will Be Duplicated on Wall at the University Club.

Dr. A. N. Sinclair, the chess champion of the Islands, has taken charge of the meet between Judge Sidney M. Ballou and J. W. White, and has arranged for two sittings. One will be held at the Y. M. C. A. on the seventeenth of this month and the other will be at the University Club on the twentieth. The two experts will play until one of them has won four straight games. The matches will be played according to the International Chess Association rules, and each session will start at half-past seven o'clock.

It is expected that there will be a large audience at the University Club session, and arrangements have been made to have a chess board about three feet square placed on the wall in a conspicuous place, and each play made by the experts will be duplicated at once on the exhibition board, so that all the chess enthusiasts present may watch the progress of the game.

Doctor Sinclair was a member of the Honolulu Chess Club, which died a natural death some time ago, and he won the last two annual championship matches played there. The doctor said that as young White has beaten out everybody around the Y. M. C. A., he now claims the championship. If White should defeat the judge, a match may be arranged between him and Doctor Sinclair. These matches are stirring up the old chess members, and it is likely that the old club may be revived. When the club gave up its headquarters in the Young Hotel all the paraphernalia was placed in the keeping of the Y. M. C. A., with the privilege of using it while the club slumbered.

Torkins—I'm glad to see you are taking better care of your health. "What do you mean?" "Several times you have said that when you were out playing cards you got cold feet. I suppose these red, white and blue discs I found in your vest are cough lozenges."—Washington Star.

## THE GALLOPING MARY WINS IN WREN RACE

Beats Sea Mew by Six Seconds in Pearl Harbor Series for Howard Cup.

The second seawren race of the Howard cup series, which was held at Pearl Harbor yesterday did not settle it as to who should have the trophy, as George Crozier in the Galloping Mary was the first to cross the finish line, beating H. D. Bowen, who captained the first leg, by six seconds. The conditions under which the Howard cup was put up require that the winner must beat the fleet twice in succession, so now the Galloping Mary will have to win the next event in the series to finish it. Otherwise somebody else will get a chance. Commodore James E. Jaeger and Charlie Dunikase headed the fleet of three seawrens in the launch Kulu-mant II, which made the trip to Pearl Harbor early yesterday morning, and there were quite a number of yachtsmen who went down with the fleet to witness the race. The weather behaved just right. There was sufficient wind to make the race exciting, and the sun beamed pleasantly.

The Galloping Mary, sailed by George Crozier; the Sea Mew, by H. D. Bowen, and the Roaring Glimlet, by Rusty Brown, lined up in front of the Hawaii Yacht Clubhouse and swung into the breeze as the starting gun was fired at eleven o'clock in the morning. The course was around Ford's Island, as before.

The Galloping Mary and the Sea Mew held close together throughout the entire course and came up the homestretch neck and neck under a stiff wind, while the Roaring Glimlet, manned by Rusty Brown, tagged along quite a distance behind. The time made by the three wrens to complete the course was:

	H. M. S.
Galloping Mary	1 35 5
Sea Mew	1 35 11 1/2
Roaring Glimlet	1 40 17

George Crozier arranged to have the Galloping Mary towed back to Honolulu Harbor by the launch Kulu-mant II, and he returned in one of the largest

## MANUEL BEATS JOE, MARINES WIN POLO

Travels Mile Second and Half Slower Than Wilkinson's Best Time Here.

Manuel Freitas beat Joe Freitas by fully half a lap over the mile course at the Princess rink last night. Manuel did it last night in three minutes and fourteen seconds, which is only a second and a half lower than George Wilkinson circled the track seventeen and a quarter times two weeks ago when he beat Manuel Freitas. Joe Freitas raced Frank Marens a week ago and beat him, so he thought he was fast enough to travel with Manuel. In his go with Marens, Joe took three minutes and twenty-seven seconds to roll up the mile, which is thirteen seconds slower than Manuel's time last night.

After the race the Marine skate polo team beat the Townies, two to nothing. They played two ten-minute halves. They landed the two goals in the first period and although the Townies played with spirit most of the time threatening to break through, the Townies goal the latter whisked it back again every time it got dangerously near. The Marines were strong on the drive, sending the ball in the air where the Townies couldn't block it with their hockey sticks, but when it landed down at their end the Townies tried to work it back and stay with it. As soon as they got it in the Marines' territory Uncle Sam's boys lifted it over their opponents. When the game was over the captain of the Lullani skate polo team challenged the Marines for a game next Sunday night and Captain O'Lare accepted. The Marine team loses last night was:

Saylor, goal tender; Captain O'Lare, first rush; Netro, second rush; Roll, half back, and Sareone, center. The Townies were Manuel Freitas, goal tender; Baptist, half-back, and Joe Freitas, center. The officials for the race were Will Prentice, starter; William Neland, timer; George Wilkinson, Charlie Babes and J. Ogar, judges.

The officials for the race were Will Prentice, starter; William Neland, timer; George Wilkinson, Charlie Babes and J. Ogar, judges. craft, leaving young Crozier and Shirley Bush in the little wren. A report was circulated about town last night that the Galloping Mary had gotten into trouble and had to be towed to port, but it was learned upon her arrival that it had been prearranged to tow her in and no mishap had occurred.
