Members of the Shrine were aboard the Sierra to welcome Eddie Maier, who unfortunately was missing, having been detained on the mainland owing to baseball troubles. Members of the Young Men's Christian Association also extended an invitation to the party to use the gymnasium and bowling alleys at the Y. M. C. A. In fact, the men were told to make themselves at home there during their stay in Honolulu. The Outrigger Canoe Club, through President Tuttle and Secretary Beavens, has also invited the men to make themselves at home at the club, with the promise of showing them how to paddle a canoe and to ride a surfboard, the various members volunteering to donate the boats, boards and their services to the players.

On behalf of the team Captain Jack Bliss accepted these generous offers and thanked everybody present for their keen interest in behalf of the players. This afternoon the Venetians will get their land legs back again by a snappy practice at Athletic park. The first game of the Venice series will be next Thursday afternoon at Schofield Barracks, the following being the complete schedule for the series: Nov. 19—25th Infantry, at Schofield. Nov. 21—Unabou, at Athletic park. Nov. 22—All-Chinese, at Athletic Park. Nov. 26—Venice vs. Venice, at Athletic park.

After the handshaking and introductions Mrs. Lowry bedecked each member of the party with a yellow and green lei, after which James L. Coke welcomed the party on behalf of the Honolulu Elks, at the same time handing each man an invitation to make the club rooms at the order his headquarters during his stay in Hawaii.

Nov. 27—Coast Defense, at Athletic park. Nov. 28—All-Oahu, at Athletic park. Nov. 29—25th Infantry, at Athletic park.

BRITISH CONSUL DOUBTS REPORTS AUDACIOUS SUNK

(Continued from page one)

to the maintenance within limits of international law of trade between neutral countries, the admiralty feels it necessary to adopt exceptional measures appropriate to the novel conditions under which this war is being waged.

"They, therefore, give notice that the whole of the North sea must be considered a military area. Within this area merchant shipping of all kinds, traders of all countries, fishing craft and all other vessels will be exposed to the gravest dangers from mines which it has been necessary to lay and from warships searching vigilantly by night and day for suspicious craft.

"All merchant and fishing vessels of every description are hereby warned of the dangers they encounter by entering this area except in strict accordance with admiralty directions. Every effort will be made to convey this warning to neutral countries and to vessels on the sea, but from the 5th of November onwards the admiralty announces that all ships passing a line drawn from the northern point of the Hebrides through Faroe islands to Iceland do so at their own peril.

"Ships of all countries wishing to trade to and from Norway, the Baltic, Denmark and Holland are advised to come, if inward bound, by the English channel and Straits of Dover. There they will be given sailing directions which will pass them safely as far as Great Britain is concerned up the east coast of England to Farnes island, whence safe route will, if possible be given to Lindesnes lightship. From this point they should turn north or south according to their destination, keeping as near the coast as possible. Converse applies to vessels outward bound.

"By strict adherence to these routes the commerce of all countries will be able to reach its destination in safety so far as Great Britain is concerned, but any straying even for a few miles from the course thus indicated may be followed by fatal consequences."

NEW APPEAL IS MADE FOR FUND TO AID BELGIUM

(Continued from page one)

the personal acknowledgements of Mr. Henry Clews and our committee, yours very truly.

PERCY S. BULLEN.

Hon. Sec. Dollar Christmas Fund for Homeless Belgians, 65 Broadway, New York.

Mr. Clews' letter says: New York Nov. 6, 1914. Editor Honolulu Star-Bulletin.

Sir: The cooperation of our fellow countrymen is asked to alleviate the sufferings of countless thousands of Belgians during the coming winter. It is a tremendous task. The Dollar Christmas Fund, of which I am treasurer, and which is backed by many well known public men, is working with other organizations to avert starvation which threatens many. It is only by widespread and generous support and by personal appeals through the press that we can hope to achieve success. Today hundreds of thousands of Belgians are homeless and penniless refugees. Thousands of civilians have met a miserable death. The whole apparatus of economic life in field or factory or office has been wrecked and ruined so that the future of Belgium is altogether beyond prophecy.

There are many ways in which you can help to avert the agony of suffering which confronts helpless Belgians during the coming winter. You can send a donation to our fund or you can apply to our secretary, Percy Bullen, 65 Broadway, New York, for a collection card. He will be glad to issue same to any responsible persons enclosing personal references. Churches, clubs, clubs and societies can assist by writing for our collecting list. Entertainment committees and places of recreation may render great help by sending in the proceeds of benefit performances. In all these ways friends everywhere are assisting nobly.

All the money received will be cabled to Europe before December 20. It is our ambition to see that no necessitous Belgian man, woman or child is destitute of food or shelter at Christmas.

Many heads of families have promised to "pass the plate" for the homeless Belgians before dinner on Thanksgiving day. A few cents from each person would form a valuable contribution from many households. Such a gift will surely be remembered by the beneficiaries long after the war has ceased and no man's Thanksgiving Christmas day will be the less happy because in some cases the gift may entail some measure of personal sacrifice.

Let us remember that no little nation in the world's long history has been more grievously stricken, yet no people can raise their heads more proudly from the dust. The crown of thorns is still a crown! Help us as best you can and please help quickly. "Belgian needs are appalling," says a cablegram I have received from London today, "and conditions baffle description."

Yours very truly, HENRY CLEWS, Treasurer of the Dollar Christmas Fund, 15 Broad street, New York.

BERNDT FORESEES TOURIST CROWDS FOR HAWAII, 1915

Tourist trade may be a little slack in Hawaii this winter, but early next year it will start up with a rush and the territory will be filled with visitors for most of 1915, according to the estimate of E. A. Berndt of W. W. Dimond & Co., who returned on the Sierra from a business trip to California.

"We are going to have more tourists here than we have ever dreamed of," he declares. "Everywhere people told me this: 'We are going to the San Francisco exposition next year and from there to Hawaii. We have been promising ourselves a Hawaii trip for a long time and now we are going to take it.'"

"The exposition is going to be a wonderful thing," says Mr. Berndt. He is brimming with enthusiasm over the prospects for the big 1915 fair and Hawaii's place in it. The Hawaii building is coming along finely. "And the colors of the exposition structures—they are marvelous! That whole mass of buildings looks as if it had been touched with a magician's wand. The glow and shimmer of color is simply indescribable."

Mr. Berndt included a visit to Los Angeles in his trip. He had a busy time and returns to Hawaii with a number of suggestions for promoting the tourist traffic.

LITTLE INTERVIEWS —H. P. WOOD: It is certainly good news to hear that the Hawaii building at the exposition is to be finished at the early date which has been announced.

—JAMES A. RATH: The sale of Red Cross seals today was most satisfactory. It must be remembered that about nine-tenths of the proceeds of the entire sale goes to local anti-tuberculosis work.
