The Flying Torpedo.

A picture which comes along at the time of its
appearance is a real treat. It is a war story with
a difference, for it is a story of the war at sea.

BOYS OF HONOLULU
MILITARY ACADEMY TO
GIVE 'JEWEL OPERETTA"

The "Jewel Operetta" is to present "Song of America," a patriotic singspiel. The first show will be the next Thursday night, and will open at the Palace Theatre.

Safe Milk!
The Honolulu Dairymen's Association pasteurized milk is always safe as regards harmful disease germs. Disease germs may get into milk before any human agency can detect them. Pasteurization kills such disease germs and protects you every day of the year. That is the reason that pasteurization is required by law in many states of the United States. Honolulu Dairymen's Association milk is pasteurized by the same method as adopted by the New York Board of Health, a thoroughly effective and reliable system. The milk and cream and all the ingredients of VELVET ICE CREAM are thoroughly pasteurized.

After the movie.
