

MANUFACTURERS TO VISIT KEOKUK

One Hundred and Fifty Captains of Various Industries Will Come to Keokuk to Inspect the Dam.

GUESTS OF MR. COOPER

Entire Party Will be Entertained While in This City at the Elks Club—Coming in Special Train.

The Mississippi River Power Co. has made arrangements with the Elks to use the club rooms one week from tomorrow in which to entertain one hundred and fifty manufacturers from St. Louis who will come to this city to inspect the water power. The party will be guests of Mr. Hugh L. Cooper, vice president and chief engineer of the Mississippi River Power Co., and today Mr. Cooper and Mr. Allen made arrangements to entertain the party at the Elks club, which, in fact, is a very desirable place for entertainment purposes. The public who inspected the building today readily appreciated that it is a very attractive place for such gatherings.

To Keokuk the one hundred and fifty manufacturers will be the guests of Vice President and General Manager A. C. Endicott of the St. Louis Union Electric Light and Power Co. The trip will be made in a special train operated over the "Burlington." Those who have been invited to make the trip represent the larger power users. The train will consist of ten cars including diners, and will leave union station at 10:30 p. m. Sept. 27, arriving at Keokuk at 8:30 a. m. the following day.

The visit of the St. Louis manufacturers to this city is a very important one and may mean a great deal to the city of Keokuk. It was positively learned today that one St. Louis manufacturing firm intends to move its plant to Keokuk just as soon as the power is ready. The firm employs one hundred and twenty-five men.

Kidnapping in Quincy.
QUINCY, Ill., Sept. 20.—To be kidnaped by his father was the unusual experience of five-year-old Bobbie Burns, when his father, Earl Burns, arrived in this city yesterday morning from Chicago and stole him from the home of his grandparents, Mr. and Mrs. George A. Fellers, of 121 South Tenth street, where he has been living with his mother, since his parents separated a few years ago. Immediately after securing the little boy the father left the city, and although it is not known to be a fact it is thought that he took the child to Chicago where the father has been staying for some time.

Elmo is Nominated.
[United Press Leased Wire Service.]
BLOOMINGTON, Ill., Sept. 20.—The senatorial committee of the twenty-sixth district met today and nominated Elmo Franklin, of Lexington, to succeed State Senator Frank H. Funk, who resigned as senatorial candidate to accept the progressive nomination for governor.

FUNERAL RECORD

Mrs. Nancy Jane French.
The funeral of Mrs. Nancy Jane French occurred at the residence of Mr. and Mrs. Elmer E. Coombs, 504 North Eighth street at 4 o'clock and a number were present. The services were conducted by Rev. Elliott of the Unitarian church and three appropriate numbers were sung by a quartette composed of Mr. and Mrs. Will H. Carter, Miss Louise Klein and Howard W. Wood.
The remains were taken to Grace-land crematory at Chicago on the evening Kline train to be cremated.

Gas Explosion Kills Seven.
[United Press Leased Wire Service.]
JOHNSTOWN, Pa., Sept. 20.—Two men are dead and five others dying in the Cambria Steel company's hospital here as a result of an explosion of gas early today in blast furnace number 8, of the Franklin plant of the company. Seventeen men were injured, several being able to go to their homes after first aid treatment.

Mrs. Vest Felt Like Crying.
Wallace, Ia.—Mrs. Mary Vest, of this place says, "I hadn't been very well for three years, and at last I was taken bad. I could not stand on my feet, I had such pains. I ached all over. I felt like crying all the time. Mother insisted on my trying Cardui. Now I feel well, and do nearly all my housework." No medicine for weak and ailing women has been so successful as Cardui. It goes to the spot, relieving pain and distress, and building up womanly strength, in a way that will surely please you. Only try it once.

ALWAYS LEFT A MARK OF BEAUTY

Artist Louis Syberkrop Who Has Visited Keokuk During the Past Three Years Never Failed to Please.

DECORATED ELKS CLUB

His Work Has Always Created the Proper Atmosphere in the Homes and in Public Buildings.

For the past three years a man has come to our city at intervals and every time he left a mark of beauty and a pleasing atmosphere in some of our homes and public buildings. We have reference to the artist, Mr. Louis Syberkrop. One of his recent creations is the interior decorations of the Elks' home. In most of the larger cities and towns of Iowa, and in the middle states, and throughout the entire west for that matter, there are churches, theatres, banks, residences, or buildings of some nature that Mr. Syberkrop's brush and genius have made beautiful. He might be called a creator of atmosphere, that in fact is his art. He combines colors and makes the playhouse a spot where dull care is out of the question. He gives the church the beauty of solemn and religious dignity. He infuses homes with the restful shades, and gives to business houses the modern air of business. Doing these things is creating atmosphere. The minister and the music and the sacredness of the service furnish a part of the church color, but not all of it, in these days when some degree of elegance is demanded.

These plans might do as well in an unpainted barn as elsewhere, but the people enjoy it better if the whole is set in a frame of pleasing color schemes that stir within your breast the sense of beauty. Home is home, wherever and whatever it is, but harmonious surroundings brings peace and joy to the family. Business is business, they say, but up to date men like to see signs of it on the walls. So the beautification of the interior of buildings have become an art within an art.

Mr. Syberkrop being well up in his profession only takes contracts in which his own idea is allowed to prevail. He submits his ideas and lets his patrons take their choice, always open for valuable suggestions, but will not be ruled thereby if same are not practical. He has been making his headquarters in Iowa for thirty years and more. He has been unable to confine his work to this state but Iowa he calls his home. He is known throughout the great middle west and has a national reputation for versatility and straight dealing.

Modern houses are not up to date without his work. He is educating people fast to the fact that his work is not only beautiful but lasting and in the long run less costly than any other. He makes all his own designs right on the work, personally supervises every detail. He is assisted here in Keokuk by his son, Mr. Fred Syberkrop, a young man of rare artistic ability, Elmer Meredith, William Town and Evar Swanson, all of them educated into that particular business, reliable gentlemen, all of them. That Keokuk in the future will hear more about this firm and see more of their work, there can be no doubt, for the Power City will from this day deal no longer in antiquity, along with our manufacturing enterprises we must make it a city beautiful.

Another Chance for Lucy White.
[United Press Leased Wire Service.]
SAN FRANCISCO, Calif., Sept. 20.—Lucy Goode White, socialist and the only woman who was ever a candidate for the California bench, will be given another chance to pass the bar examination for admission to the bar. Justices Lennon, Kerrigan and Hall of the district court of appeals, announced today that they would regard her recent failure to pass the examinations as final. Her case has aroused the interest of lawyers and several prominent attorneys have volunteered to coach her.

ANOTHER CHANCE FOR LUCY WHITE

Female Socialist Who Polled 7,000 Votes Wants to be Admitted to the Bar.
[United Press Leased Wire Service.]
SAN FRANCISCO, Calif., Sept. 20.—Lucy Goode White, socialist and the only woman who was ever a candidate for the California bench, will be given another chance to pass the bar examination for admission to the bar. Justices Lennon, Kerrigan and Hall of the district court of appeals, announced today that they would regard her recent failure to pass the examinations as final. Her case has aroused the interest of lawyers and several prominent attorneys have volunteered to coach her.

Robbed the Safe.
[United Press Leased Wire Service.]
CHICAGO, Sept. 20.—Burglars entered the offices of the Frigid Fluid Company, 215 South Western avenue at 2 a. m. today, jimmied the safe and escaped with its contents. Their booty amounted to an unknown sum, probably several hundred dollars, the day's receipts. They were seen leaving the place by Policeman William Lillis, who shot at them and was fired upon in return.

Zemo For You Skin.
Eczema, Pimples, Rash and All Skin Afflictions Quickly Healed.
No matter what the trouble, eczema, chafing, pimples, salt rheum, Zemo instantly stops irritation. The cure comes quick. Sinks right in, leaving no trace. Zemo is a vanishing liquid. Your skin fairly revels with delight the moment Zemo is applied. Greatest thing on earth for dandruff.
Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is sold by all druggists at \$1 a bottle. But to prove to you its wonderful value it is now put up in liberal size trial bottles at only 25 cents and is guaranteed to do the work or your money back. Sold at J. F. Kiedalsch Drug Store.

THOSE WHO ARE EAGER FOR OFFICE

(Continued from page 1.)
to the caboose, where we bunked. I tell you, there were many times when I didn't know whether I'd get back there. I remember that walk along the cars as a mildly interesting sort of a trip.

"It always makes me think of the dangers which a brakeman must run. They should have every chance for adequate compensation in case of injuries."
Roosevelt continued his attack on Bryan and Wilson. At one stop he declared the democratic candidate's policy was "to erect as the symbol of government the straightjacket."
The colonel's schedule today called for speeches at Holdredge, Hastings, Fairmont, Crete, Lincoln and Omaha.

Three Hours in Bryanville.
LINCOLN, Neb., Sept. 20.—Colonel Roosevelt's stay in Lincoln this afternoon, originally fixed for fifty minutes, has been lengthened to three hours, which will permit the bull moose candidate to deliver an extended address at the auditorium. Bryan, during his western tour, has been aiming the big end of his batteries at the bull moosers and local leaders in the new party movement will meet the colonel when his special reaches Lincoln at 2 p. m., and urge him to "get back" at Bryan in the latter's home city. Many visitors from surrounding towns are here to greet the bull moose candidate, but a drizzling rain, starting last night and continuing today, will not conduce to the outpouring anticipated by the colonel's Nebraska managers.

AUSTRIA-HUNGARY MAY SPLIT UP

Serious Clash Expected Today as Result of the Hungarian Franchise Fight.

[United Press Leased Wire Service.]
VIENNA, Sept. 20.—A serious clash between Austria and Hungary will be threatened today as a result of the Hungarian franchise fight.

Tomorrow the delegations, two bodies of sixty each, representing respectively the Austrian and Hungarian parliaments in matters which concern the two countries jointly, will meet here. The Hungarian parliamentary agitators for the universal franchise have served notice that they also will be in a body to continue the fight begun at Budapest.

Theoretically the Hungarian delegation's meeting place is Hungarian territory and the Austrian authorities have no jurisdiction there. Hungarian police are being sent to keep order but the universal franchise party is sure to be so strong that they will be overwhelmed.

The fight is so bitter that unless there is Austrian interference, bloodshed is likely. If Austrians do interfere, however, the Hungarians are so jealous that an attempt to secede from the Austro-Hungarian union is very probable.

DOES NOT EAT LIKE SICK MAN

Roosevelt Ate a Whole Prairie Chicken and Some Trout for Breakfast.

[United Press Leased Wire Service.]
DENVER, Colo., Sept. 20.—Reports that Colonel Roosevelt's health is breaking under the strain of his present campaign trip were vigorously denied today by persons who were with the colonel during his dinner last evening. The bull moose consumed a whole prairie chicken and several large mountain trout besides two cups of coffee and "trimmings."
In his reply to Bryan at the Auditorium last night when he answered five questions propounded by the Nebraskan recently, T. R. worked his falsetto voice overtime to express his withering sarcasm.

The Six Powers Object.

[United Press Leased Wire Service.]
PEKIN, Sept. 20.—Ministers representing the six powers today informally expressed to President Yuan disapproval of the A. Wendell Jackson loan. The fight against the loan is rather difficult, on account of the obviousness of the six powers syndicate's determination to secure a monopoly on its own terms. It is evident, however, that it means to oppose competition to the last.

Zemo For You Skin

Eczema, Pimples, Rash and All Skin Afflictions Quickly Healed.
No matter what the trouble, eczema, chafing, pimples, salt rheum, Zemo instantly stops irritation. The cure comes quick. Sinks right in, leaving no trace. Zemo is a vanishing liquid. Your skin fairly revels with delight the moment Zemo is applied. Greatest thing on earth for dandruff.
Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is sold by all druggists at \$1 a bottle. But to prove to you its wonderful value it is now put up in liberal size trial bottles at only 25 cents and is guaranteed to do the work or your money back. Sold at J. F. Kiedalsch Drug Store.

GENERAL STORM SWEEPING OVER

The Center of the Unsettled Weather Was at St. Paul or Near There.

Keokuk and vicinity are today in the south edge of a regular, genuine storm extending over a large scope of country. St. Paul, Minn., was the storm center this morning. This storm may pursue its course to St. Louis and reach as far south as Tennessee and then sweep the northeastern states.

The storm is liable to blow off from here tonight and be followed by colder weather—regular blanket temperature.

At Los Angeles, Calif., yesterday the thermometer was 100 degrees above zero, a remarkably hot showing for that locality. That is, it was two degrees hotter there yesterday than the highest temperature reached in Keokuk during the entire summer.

COSTING TOO MUCH TO DIE IN IOWA

Undertakers File Petition Asking That Rates on Coffins be Lowered.

[United Press Leased Wire Service.]
WASHINGTON, Sept. 20.—To decrease the "high cost of dying," reduced freight rates on coffins and coffin manufacturing material are demanded by Iowa undertakers in a petition filed today with the interstate commerce commission, through Iowa's railroad commissioners. Thirty-three railroads are complained against, charged with discriminating in railroad rates against Iowa's coffin industry.

Illinois M. E. Conference.

[United Press Leased Wire Service.]
NORMAL, Ill., Sept. 20.—Ministers and visitors attending the central Illinois conference of the Methodist Episcopal church today went to Amie Chapel at the Illinois Wesleyan University in Bloomington, where services were conducted by Bishop McDowell and Dr. W. F. Oldham. Dr. Samuel Van Pelt of Galesburg will be toastmaster at the "educational banquet" here this evening.
Superintendent Dwinell of the Peoria district today denied that the Rev. J. F. Ramsey, formerly of Canton, was ousted from the church. His voluntary withdrawal was announced yesterday. Ramsey is pastor of a Baptist church at Fort Worth, Texas.

THE WORLD'S MARKETS

The Grain Market.			
[United Press Leased Wire Service.]			
CHICAGO, Sept. 20.—Wet weather in the northwest gave a firm opening to wheat and prices went higher during the morning. Liverpool was lower and the general belief was that the upturn was temporary.			
Frost forecasts for the upper end of the corn belt firmed all futures in that cereal.			
Oats was firm and higher in sympathy with corn and wheat.			
Provisions had a strong undertone, but the price changes were not extensive.

Daily Stock Letter.			
[Copyright, 1912, by New York Evening Post Co.]			
NEW YORK, Sept. 20.—The whole market advanced sharply today and gains of from one to three points were made in many of the active shares. Trading was broader than at any time during the week, and instead of reacting after the early advance the best prices of the day were made in the last hour. Such stocks as Reading, Northern Pacific, Great Northern, Lehigh Valley, St. Paul, Amalgamated Copper, and United States Steel led the movement, and were well taken on the advance. The market displayed excellent resistance throughout and in spite of an attempt to break prices by speculators working for a decline, the upward movement continued from the opening, with practically no interruption. Pronounced strength in the copper shares continued, and in some respects was the feature of the day. Amalgamated Copper, Utah Copper, and some of the minor issues were notably strong, some touching the highest level yet reached on this movement. There was an enlargement of the outside support, and while the buying from this source was not impressive, it showed up better than at any time for several weeks. The movement seemed to be spontaneous and not based upon any special news developments other than the more or less definite reports that a considerable amount of gold might be engaged in London next week for shipment to the United States.
