WORK OF TWO CITY BUILDERS

Local Men Return From Chicago
Where They Looked Over Work
M. H. Kilgallen Has
Done.

MR. NOLEN TO COME

Will Arrive in the City Tomorrow to
Confer With Local Heads of
the City Planning
Movement.

John DeWitt and R. W. Child have returned from Chicago where they inspected the Chicago Heights industrial lay-out and conferred with M. H. Kilgallen concerning the industrial tract plan here.

Mr. Kilgallen will have a preliminary report ready to submit by the middle of this month. At present he has two engineers working on the plans and has drawn several tentative lay-outs.

Chicago Heights has over twenty-six thousand people and is growing rapidly. The plan there was not to lay the entire city out before there was an industry started but to make a small plan which could be carried out as the city increased in industries and population.

One railroad runs entirely through the tract and switches from the railroad run at right angles with the main line as to streets thus providing easy access to the factories. These blocks can be added from time to time as necessitated by the location of new industries and it is not necessary to tie up a great deal of money as would have to be done if the entire city were laid out at first.

It is probable that such a method will be employed in the local tract whereby the improvements can be made as the industries come.

Nolen Here Tomorrow.

John Nolen will be in the city tomorrow, arriving from Little Rock, Arkansas. Mr. Nolen will confer with the local men at the head of the city planning movement.

Mr. Ballinger again invites the public to send in suggestions to be presented to Mr. Nolen so that he will have an idea of the local sentiment as to what should be done.

Meanwhile the canvass is progressing rapidly and the lieutenants are responding nobly to the call of the chairman. The lieutenants will find it much easier to do their canvassing now than to wait until the snow is deep and the weather hovers around the zero mark.

SHE MUST HAVE THE LUXURIES

George B. Price Seems to Have a
Poor Opinion of the Amer-
ican Girl.

[United Press Leased Wire Service.]
COLORADO SPRINGS, Colo., Dec. 2.—Twenty-five percent of the divorcees in the United States enter the underworld and the desire for luxury that cannot be provided by the average American man leads many women into the demimonde, according to George B. Price of Philadelphia, who spoke here Sunday night at St. Paul's Unitarian church.

"The United States is fast reaching a crucial period," said Price. "There are 9,000,000 men and 12,000,000 women in this country who will never marry under present conditions. Only ten percent of the men earn more than \$1,000 a year, and a man with less than that salary cannot give a girl the luxuries she wants. What is the result? The girls won't marry—won't marry because they can't get what they want."

"In many cases they won't stop at this. They take the 'easiest way' and the population of the underworld is increased in just such ratio."

MASONIC LODGES WILL SELECT SITE TONIGHT

Building Committee Will Submit Site
Selected for New Building
for Lodge.

Keokuk Masonic orders will meet tonight and hear the reports of the building committee, which has been busy with the selection of a site for their new building for several months past. It is thought that they will announce a definite location for the new Masonic home tonight.

Many different sites have been viewed by the building committee among them being the old medical college building on Seventh and Blondeau streets, also the college building on Sixth street, the property on both corners of Sixth and Blondeau and many others.

None of the members of the committee will intimate which of these properties will be taken over by the lodge and it is thought they will ask for a vote by both the local lodges before making a selection.

KNIGHTS DAY AT FORT MADISON

Many in Attendance and a Season
of Much Interest to Those
Who Attended the
Exercises.

THE RELIGIOUS SERVICES

Large Class Was Initiated and a
Splendid Banquet in the Even-
ing—Happy Toasts and
Responses.

As anticipated the tri-city initiation at Fort Madison yesterday was an event of unusual attraction and of much interest, and the outline of what was to occur there as given in The Gate City Sunday morning was strictly correct in every detail.

The cities included in this tri-city event were Fort Madison, Keokuk and Burlington, and Fort Madison council was the host of the occasion while the other cities, Keokuk and Burlington were the pleased guests. Fort Madison did herself proud throughout the entire exercises and the guests were honored with marked brotherly kindness and a royal hospitality.

At 9:30 o'clock a. m. the line of march was formed at Knights of Columbus club room and proceeded to St. Joseph's Catholic church to attend high mass which was celebrated at 10 o'clock with Rev. Father Zalzer of Fort Madison as celebrant. There were about 600 Knights of Columbus in the procession, the Keokuk delegation forming a goodly number in the column.

Following mass Rev. Father J. W. Gillespie of St. Peter's Catholic church of Keokuk preached an able, eloquent and instructive sermon, pertinent to the occasion, which was listened to with the closest attention.

Conferring Degrees.

At 1:30 o'clock in the afternoon the conferring of the degrees was the order. There was a large class present. The second degree was exemplified by the degree team of Burlington council. At 5 o'clock p. m. the exemplification of the third degree was by Hon. E. G. Dunn and staff of Mason City.

Each of the three cities represented furnished a quota to the class initiated. Keokuk contributed nineteen initiates and following is a list of those from this city who were initiated:

Rev. Father Kessane, E. L. Dunn, John Reidy, Hiller Velth, James Gredell, Thomas F. Ryan, E. J. Wall, Arthur J. Weber, Louis Adams, Joseph Greaves, J. C. McManus, Henry P. Lefevre, James M. Kennedy, William Schavers, H. S. Faulkner, Ralph Veith, George Vogel, George L. Powers and Raymond Gardner.

The Banquet.

The banquet was a credit to the committee in charge and the city in which it was held. It was complete in every appointment, bountiful and tempting to those invited to partake of the attractive spread.

Following was the menu:
Fruit Cocktail
Roast Turkey
Oyster Dressing
Giblet Sauce
Cold Ham
Cranberry Sauce
Celery
Pickles
Olives
Mashed Potatoes
French Peas in Cases
Hot Rolls
Waldorf Salad
Salted Wafers
Brick Ice Cream
Assorted Cakes
Fruits
Coffee
Cigars

The toasts were a prominent feature of the banquet. Jerome G. Helz, man of Fort Madison, very efficiently performed the duties of toastmaster. The following were the toasts and those who responded:

Address of welcome, Stephen Schler, Fort Madison.
Duties of a Knight, E. W. McManus, Keokuk.
Address, Hon. E. G. Dunn, Mason City.
Catholic Schools, F. E. D. Lawler, Burlington.
Remarks, Rev. Father Reimbold, Nauvoo, Ill.
Impressions of the Day, a candidate. The music was furnished by Meyer's orchestra of Fort Madison with the following program:

1. Aviation Rag, Janya.
2. The Mill on the Cliff, overture, Reissiger.
3. (a) Cloud Kisses, Birch.
(b) Sweetness, Woods.
4. The Girl at the Gate, selection.
5. Tantalizing Tommy, waltzes, Hugo Felix.
6. The Little Millionaire, selection, Cohen.

"Votes for women means neglect of the home," she added. "It means the encouragement of race suicide."

Backbone of Strike

New Men are Operating the Furnaces

Hold Meeting.

[United Press Leased Wire Service.]
PITTSBURGH, Pa., Dec. 2.—Signs of activity in the Homestead and Braddock plants of the Carnegie Steel Company, where the trainmen are on strike, were evident today. The strikers discussed the situation in executive session in Realty Hall, Homestead.

On the surface the company seems to have the advantage today. The Homestead plant was started last night with 200 new men, engineers, firemen, brakemen and conductors recruited from towns in the lower Monongahela valley. Six furnaces were in blast and a converting mill and two rail mills were in operation at the Edgar Thomson works in Braddock.

Steel men were confident today that the backbone of the strike had been broken, but much depends on the stand of the strikers at today's meeting. Up to this time the men have declared that they would stick to their determination to force the company to reinstate the three men discharged for circulating petitions, in spite of the promised wage increases.

SECOND WILL TO BE OFFERED

Albert T. Patrick, Pardoned by Gov-
ernor Dix, Will Try for
Fortune.

[United Press Leased Wire Service.]
NEW YORK, Dec. 2.—Feeling, he said, that he owed it to himself and to the dead William Marsh Rice to endeavor to carry out the "sacred trust" that the aged millionaire put upon him, Albert T. Patrick, free after a dozen years, by grace of Governor Dix, reiterated that he would offer for probate the second Rice will, alleged to be a forgery.

Patrick said he was not actuated by a desire to get control of the Rice millions, but by a desire to carry out the dead man's wishes and to vindicate himself.

The acceptance by the surrogate of the second will as genuine, would automatically vindicate him, Patrick said, in that it would eliminate the motive for murder which the prosecution urged against him.

Patrick said he was going to St. Louis in a day or two to visit the brother-in-law who is said to have spent \$1,000,000 in his defense and then he will go to Denver for a rest and to visit his mother.

Governor Dix was angry today when his attention was called to the criticism that has arisen. He declared that he had consulted many persons and was well satisfied that justice had been done when he signed the document that liberated Patrick.

"If anyone cares to know my reason for action," said the governor, "I suggest that he read the dissenting opinion of the court of appeals in this case. The decision was very close, four to three, and the dissenting opinion by Judge O'Brien, now dead, showed almost conclusively that Patrick had been wrongly condemned."

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by Wilkinson & Co. KENNEDY TALKS ON
BILL FOR BRIDGE
Dispatch From Washington Says That
the Bill Will be Introduced at
This Session.

The following dispatch from Washington, D. C., appeared in the Register and Leader of Sunday concerning the building of the bridge across the river utilizing the dam as announced in yesterday's Gate City:

Representative Kennedy of the First district expects to introduce a bill in the house this session which will practically convert the Keokuk dam into a bridge across the Mississippi. Mr. Kennedy, who is here attending the meetings of the rivers and harbors committee, said today that not much additional work would be needed to make the bridge. Much of the construction necessary for the dam could be utilized and with about 800 feet additional built on the Iowa side an excellent and powerful wagon and railroad bridge would be available.

Keokuk wants to attract industries now that the dam is built and is anxious to construct the bridge. The interests back of the dam will not object. Mr. Kennedy said a regular bridge bill would be necessary and that he expected to introduce it. Hugh L. Cooper, engineer of the Keokuk dam, is expected here the coming week to address the rivers and harbors congress.

The Davenport dam bill which was up last session will be up again this session in the house, along with other bills for dams.

The prospects for dam legislation, however, are not good at the short session. The opposition to such legislation, unless it is most carefully restricted and safe-guarded, is strong in congress and, besides, the administration is not friendly to it.

MORE GREEKS LEAVE
FOR SCENE OF WAR
Thirty-five Leave Keokuk Last Night
for New York to Sail for
Native Country.

The north bound Burlington train, leaving Keokuk at 7:34 o'clock last night, carried a special car in which were thirty-five Keokuk Greeks, who were starting the long journey to the native land for service in the Grecian army.

The special car that was occupied by the Greeks will be given up in Chicago and the party will join another large party of Greeks, from Chicago and Wisconsin points. They will sail from New York the latter part of the week.

According to local Americanized Greeks, these men have to see service in their army and have to be there within three months from the time they are called, or be liable to punishment by imprisonment and property forfeiture, at any time they visit their country. On this account they are hurrying back to heed the call of their ruler.
