

# CHILDREN RUN TO SOLDIER PALS AT ARMY MESS CALL

By Mrs. Hazel Pedlar Faulkner  
 "The little children in this neighborhood have learned to distinguish the mess call.  
 "Immediately it is sounded, they troup out from every conceivable corner, taking their places around the

men, watching with eager, hungry eyes every bite that is dished out. A fellow can't eat his prunes very comfortably with such an audience, and the men here have divided every meal with these little fellows, who are the children of men saving France."  
 A "home-town" private, one of the Engineers who has been building railroads in France, sent that message home. He is one of the men who has been dividing his daily ration of soup and beans, of meat and prunes, with the children who are the soul of France.  
 American women, everywhere, and Western women second to none, have borne their part in the fight. They

have saved their meat and their wheat, they have given their husbands and sons. Their money is going now. In the first, second and third Liberty loans they have invested their dollars. Opportunity to serve has come again. The Government is seeking funds. It is asking for the third of its three-fold need—men, munitions and money.  
 The hand that rocked the cradle is holding the purse strings in these momentous days. For their boys Western mothers will not withhold the needed gold. America has started on the road to Berlin. The way is a long one, and traveling is difficult. But the journey must be made, and the pilgrims

must be equipped.  
 It is no longer a question of "shall we buy bonds?" with American mothers. That was answered when the boys went over there. It is no longer a question of "can we buy bonds." The experience of the first three loans has answered that.  
 The question for Western women, in company with women all over the land, to answer is "what is the limit to which I can, by sacrifice and saving, by going without and working for,—what is the limit which I can reach?"  
**CAN'T STOP SHORT OF BERLIN GOAL**  
 It would be a sorry ending of a journey to have America stop short of Berlin. It is inconceivable that our soldiers should stop short of that goal.  
 Can you, women of the West, pause in the great task which has been set for you? Can you halt for an instant in the face of the country's need?  
 Will all of those planned purchases weigh in the scale with the call which comes ringing across from those plains where the boys are fighting? It is to keep your boy on the march toward the final goal that the Government asks you to lend it your utmost.  
 "I regret that I have but one life to give for my country," said Nathan Hale, as he ascended the enemy's gallows.  
 Ours is the task to save lives for our country, to save by lending our all at its request. The Fourth Liberty Loan gives American mothers and sisters a new opportunity to make impossible a regret that they had but one chance to give.  
 The Fourth Liberty Loan is ours. What is our utmost? The country awaits our answer.

# KAISER'S ORDERS TO AMERICAN AGENTS; BREED TROUBLE; STIR UP SOCIAL UNREST

An Official Document That Shows Instructions to Those Who Are Peddling German Propaganda in This Country

Boise, Ida., Oct. 14.—Frank R. Gooding, Republican candidate for United States senator, short term, has made public the following statement:

To the people of Idaho: I am making the fight of my life, not to be elected senator, but to save my state from the odium and the paralysis of Socialism and Bolshevism. I have practically given up my campaign for the senatorship to wage this contest against the Non-partisan league leaders and to tear off their mask. I intend to keep up this fight, and I leave my candidacy with the public, and will make no further reference to it.

**Startling Exposure.**  
 A short time ago the newspapers carried startling disclosures showing the manner in which German propaganda had been and is being carried on in this country. A number of official documents were given out by the national administration at Washington furnishing details of the outrageous conspiracy hatched by the kaiser and executed in the United States by his paid agents and by others who, however, are no less guilty because they may have helped the kaiser without a consideration. The effect of their work was as bad as though they had been on the payroll of the Prussians.  
 These paid agents are working in the United States today and they have the help of others who are doing more harm than the direct representatives of the kaiser.

**Read Document No. 60.**  
 One of the documents made public in this remarkable exposure of damnable conspiracy was No. 60. It is reproduced here. Read it carefully. You will note that the kaiser wanted to stir up all the trouble possible in the United States.  
 "Stir up social unrest," he said, through Barthelm, who issued the instructions.  
 Who is stirring up more "social unrest" than the leaders of the Non-partisan league? That's about all they have done. They have persistently preached the gospel of hate—the gospel that the kaiser has preached and practiced in his program of frightfulness.

DOCUMENT NO. 60.  
 Circular, February 23, 1915—Press Division of the Minister of Foreign Affairs.  
 To all ambassadors, ministers and consular officials in neutral countries: You are hereby advised that in the country to which you are accredited special offices are established for the organization of propaganda in the countries of the coalition of powers which is in a state of belligerency with Germany. The propaganda will be connected with the stirring up of social unrest and strikes resulting from it; of revolutionary outbreaks; of separatism among the component parts of the state; of civil war, and will also comprise agitation against disarmament and the discontinuation of the war butchery. You are requested to co-operate and to favor in every way the managers of said offices. These persons will present to you proper certificates.—(Signed) Barthelm.  
 Translator's comment (as part of document): According to reliable information to this category of persons belonged: Prince Hohenlohe, Bjornson, Epeling, Karsberg, Sukennikov, Parvus, Furstenberg, (Ganetski), Ripke and probably Kelyshko.  
 Note—Here is the exact German formula for the incitement of war "from the rear"—strikes, efforts at revolution, the use of humanitarian appeals to weaken the arm of its foes.

Look at their official publications—at their newspapers—they teem with hatred and malice and cheap sensations—all designed to stir up "social unrest" to divide the people against themselves.  
 Now, just connect the activities of Le Seuer, the national secretary of the Non-partisan league; of Horace Mann, the fellow he sent to Idaho, who confessed to being an I. W. W. sympathizer and a pro-German; of McKaig, for whom Mann worked, and of Scholtz, the manager of the Non-partisan league in Idaho—and then read Document No. 60 again!  
 Then read what Roosevelt says about them and all other Non-partisan league leaders.  
 He says they are "un-American and Bolshevistic."  
 He also says that every pro-German in this country is anxious to see them win in the November elections.  
 Then review the activities of these Non-partisan leaders.  
 Also read the letter of Arthur Le Seuer, national secretary of the Non-partisan league, to Bill Haywood—his talk about "the damned war"—his opposition to pending legislation intended to curb the German spies operating in this country—and then read Document No. 60 again!  
 Don't Be Fooled, Mr. Farmer, It is no disgrace to have been fooled

by these Non-partisan league leaders when even the great Roosevelt was admittedly deceived by them.  
 It is only reprehensible not to expose them and repudiate them when they are shown up in their true colors—and it can hardly be said those colors are the Red, the White and the Blue.  
 I have been a farmer all my life. Everyone knows that. I have an intimate knowledge of the farmers' needs, far more than these Bolshevick Non-partisan league leaders, who have no abiding interest in Idaho or in any industry of Idaho. I realize that the farmers, like all other classes, require certain legislative relief to meet the existing conditions of agriculture and of other pursuits. But they can't get relief from the McKaigs and the Scholtzes and the Samuels. They can't get relief by following ghost dances and Bolshevism and Socialism.  
 Roosevelt likens Township to Trotsky and Lenin, who worked the farmers of Russia—and traded them off to the kaiser. These Non-partisan leaders have no use for you, Mr. Farmer, excepting to work you for what they can and then trade you for a few offices so they can exploit this state and bring in a Bolshevick rule here and ruin the farming industry and every other industry.  
 FRANK R. GOODING.

**HARVEST THE CROPS AND WHIP THE KAISER.**  
 "Hunger is the Kaiser's best weapon." The Y. W. C. A. believes it. This is why it is making it possible for high school girls in New York state to help farmers in the fields; for college girls in the Middle West to do general farm work; for Polish women in New Jersey to pick potatoes and for boys and girls across the continent in Washington to gather fruits.  
 All this work is part of the campaign to "save the crops and beat the Hun."  
 It is the aim of the Y. W. C. A. to demonstrate the best ways of housing and feeding farm laborers and so take the burden from farmers' wives.  
 In all the places where women are working under the direction of the Y. W. C. A. a house is provided for the laborers, with a supervisor in charge. The supervisor's business is to make all business arrangements with the farmers and provide the food. If children accompany their mothers, a trained woman looks after them while their mothers are in the fields.

# HERE IS POSITIVE PROOF OF THE NON-PARTISAN LEAGUE LEADERS' CONNECTION WITH THE I. W. W.

 "FOR THE EDUCATION OF THE WORKERS BY THE WORKERS"

Mr. Wm. D. Haywood, 164 W. Washington St., Chicago, Ill.  
 Fellow Worker:

Have just returned from Des Moines, Iowa, and am very glad to be able to report that all of the cases there are disposed of favorably and the boys at liberty. I think the Defense Committee is satisfied with the handling of the case. Of course, it was not one in which any labor principle was involved, and, therefore, the fight was simply made to get the boys out.

My expenses for the trip were \$34.30 and if you will send me a check for that it will clean the matter up.

How are you coming with the Minnesota proposition? I hope you don't start anything until the year has expired. This damned war business is going to make it mighty hard to do good organization work or good radical work of any kind, but I think the fight should be now centered against spy bills and conscription.

Have you heard from Pennsylvania and Powers of Attorney?  
 Yours for industrial freedom,  
 AL:Y (Signed) ARTHUR LE SEUER.

The above letter, which is a facsimile of one of the Government's exhibits introduced in evidence at the recent trial in Chicago of 100 members of the I. W. W., was written by ARTHUR LE SEUER and shows his connection with William D. Haywood and the I. W. W.

Haywood with ninety-two of his associates, was convicted of violating the espionage act, interfering with conscription, hampering the Government of the United States in the prosecution of the war, and was sentenced to 20 years' imprisonment and fined \$20,000. In his testimony Haywood identified the above communication as genuine.

ARTHUR LE SEUER is also SECRETARY of the NON-PARTISAN LEAGUE.

If the above letter had been written after the espionage law was enacted, Le Seuer would be in prison today with Haywood.
