

SCORES IN BABY CONTEST GIVEN

Lectures by Physicians Are Given Before Mothers at Fruitland.

(Capital News Special Service.)
Fruitland, March 22.—The interest in "Better Babies" held full sway during "Baby Week" and on the afternoon of March 9 and 10, 80 babies were scored at the school, which had been equipped for the occasion by the committees in charge, under the auspices of the Fruitland Mothers' club. The exhibit of layettes, buggies, beds, baskets, food, etc., by the mothers and merchants were very interesting and helpful.

The examining physicians were Drs. Weese, Whitney and Payne of Ontario; Dr. L. R. Woodward, Avey and Crouch of Fayette; Dr. Drysdale of New Plymouth, Dr. Wright of Fruitland. The dentists were Drs. Hale and Howe of Ontario, all of whom very generously gave their time to assure the success of the contest. On Friday evening Dr. W. J. Weese of Ontario gave an able lecture to a large and appreciative audience, the First Baptist church being filled to its capacity to listen to his views and statistics on eugenics and heredity. It was at this time the highest scoring babies were announced and awarded the prizes won.

Mrs. E. W. Madsen, in a few well chosen words, presented the aim of the contest and the benefit to be desired, the advantage of education along these lines.

The baby receiving the highest score was Hazel Rae Farrell, 95%; 22 months old, who received the bronze medal. Other awards were as follows:

- First division—Lavelle Mae Johnson, 97 1/2%.
- Second division—Elmer Gordon Chapman, 97 1/4%.
- Third division—Marjiam Rose Kessler, 97 1/4%.
- Fourth division—A tie Elwin Herbert Tussing and Laura Rands, 95 1/4%.
- Fifth division—Mary Helen Dorothy, 97 1/4%.

All of whom received diplomas. Other babies scoring above 95 per cent were Lois Margaret Boomer, 96 1/2%; Paul Brow, 96 1/4%; Evelyn Mae Rich, 96 1/4%; Mary Elizabeth Russel, 96 1/4%; Evelyn Taylor, 95; Muriel Fisher, 95 1/2%; Doris Taylor, 95; Earl Rand, 95; Franklin Van Der Kar, 95; Olive Harper, 97; Esther Davis, 96.

Every baby scored was presented a certificate and score card. Of the 80 babies but 12 scored below 90 per cent.

NEW MOTION PICTURE THEATER FOR BOISE

Jack Mitchell, a well-known theatrical man, who so successfully staged the Elks' play, "My Wife's Family," at the Finney theater recently, has leased the former Kaiser theater on Main street and will open it as a motion picture show house the latter part of next week. Mr. Mitchell has been in Boise for some time studying the people and noting amusements and proposes to put on a class of pictures which he believes will be a winner in Boise and make the show house one of the best patronized in the city. He has brought his family with him and will make Boise his permanent home.

Mr. Mitchell wants a new name for the theater and wants some one to furnish the name. Consequently he is putting on a contest and offering a prize of \$20 for the best name suggested, the judges to be a committee of three disinterested persons.

A congregation filling auditorium and adjacent Sunday school rooms gathered last evening at the Baptist church to hear the sermon on the setting of the stage for the judgment of the world. This sermon will be reviewed briefly tonight and the fifth message of the series delivered on, "The Book of the Forfeited Inheritance and the Crowning of Christ as King."

BEST WRITERS USE "AMERICANISMS"

Interesting List of These Phrases Found in New Universities Dictionary.

Many words and phrases that have a peculiar significance in the United States have come into common use in recent years. They are encountered every day in articles contributed to the newspapers and the magazines by the best writers. A carefully selected list of such "Americanisms" will be found in The New Universities Dictionary being offered to the readers of this paper. They make up one of the twenty-five supplementary dictionaries which have been incorporated in this remarkable volume, compiled and edited by leading American lexicographers, including Percy W. Long, Ph. D., Harvard University; Clark S. Northrup, Ph. D., Cornell University; John C. Roife, Ph. D., University of Pennsylvania; Forrest S. Lunt, A. M., Columbia University, and Morris W. Croll, Ph. D., Princeton University. The editor-in-chief is George J. Hagar, compiler of many previous dictionaries and encyclopedias. The book is new, absolutely new. Its definitions are simple, accurate and authoritative.

ST. ANTHONY MAN WILL ENTER RACE

Bert H. Miller Likely to Be Candidate for National Committeeman.

BERT H. MILLER, St. Anthony Statesman Who Will Enter the Race for National Committeeman.

Bert H. Miller, of St. Anthony, well known in political circles, having been the Democratic candidate at one time for congressman, is looked upon in Democratic political circles here as a candidate for national committeeman subject to the will of the Pocatello convention May 13. In that part of the state in which he lives he is considered the most available timber of the party for the position and when the formal announcement is made that he will become an active candidate, the southeast will, it is said in Democratic circles here, deliver its delegates to him.

The linking of the name of Mr. Miller with the national committeemanship and the authorized statement of Governor Alexander that he stands where he always stood as unequivocally for the direct primary in order that the people may be afforded an opportunity to give expression to their preference in political matters, were two interesting developments in Democratic politics.

"I gave out a statement recently in which I repeated my well known stand for the direct primary and the policy of letting the people rule," said Governor Alexander. "I do not think it is necessary to repeat that I stand for the same principle now and will continue to do so."

Means Contesting Delegation. Chairman Hindman of the Democratic committee for this county, has not as yet issued a call of the committee and continues to refuse to recognize the action taken by a majority of that committee in directing him to call a party primary to elect delegates to the state convention. As Democrats view his attitude he might just as well have served notice on them that if he can prevent it there will be no primary in Ada county at which Democrats can show their preference for delegates to the state convention. The county chairman has informed Democrats here that he will have enough proxies to control the county committee meeting. This is taken to mean a contesting delegation will be sent to Pocatello.

Hindman National Delegate. It is the ambition of Chairman Hindman to attend the Democratic national convention at St. Louis in June and it was openly charged by Democrats that for the delivery of Ada county's delegation to the state convention for Elder his reward will be a place on the delegation if the Elder faction is in control of the convention's affairs.

The prospective entrance of Mr. Miller into the race for national committeeman indicates it is to be a free-for-all, and that the southeastern Idaho Democrats will put forth every possible effort to elect someone besides Robert H. Elder. Mr. Miller will probably not be the only candidate from that section for committeeman for E. H. Pugmire of Bear Lake county, state senator, may shy his hat into the ring.

RETURNS FROM VISIT OF A YEAR IN SPAIN

John Uranga, a sheepman of the Hagerman valley, arrived here last night after a stay of a year in his native land of Spain. Mr. Uranga left Idaho a year ago to spend a month in Spain and to bring back his wife, but owing to the uncertainty of ocean voyages, he kept putting off the return trip and until just lately. He took a chance and came back to the United States but did not bring his wife and will not send for her until the war is ended.

Mr. Uranga states this country is far ahead of Spain and while he has made two trips there since he first came here, this will be his last. He says it is the opinion of his countrymen that if the United States took part in the European conflict it would end the war in a month, no matter which side it took.

VALUABLE RINGS ARE RESTORED TO OWNER

Through quick work on the part of J. H. Ross of the city detective department, Mrs. E. J. Tyler of Pocatello had restored to her this morning two diamond rings, valued at \$1500, which she lost last night. Mrs. Tyler was in Boise accompanied by her son and last evening, while at a local hotel, was

playing the piano. She took off her rings and laid them on the piano and in leaving forgot them. Soon afterwards she sent her son to the piano to get them, but they were not there. After making inquiry she notified the police and this morning Detective Ross was put on the job and after some examination of the piano and questioning found the rings had been turned in at the office and they were found tucked snugly away in the cash register, where they had been placed by the clerk on duty last night, they having been found near the piano after Mrs. Tyler had called about them.
