

SPECIAL DISPLAYS OF HOME PRODUCTS TO BE MADE IN BOISE THIS WEEK

Northwestern Producers' week, which is to be observed throughout the northwest states this week, is to be made a gala event in Boise through the efforts of the women of the Columbian club, Good Citizenship club, and Golden Rod club, who have combined their efforts to make a special week of displays of home manufactured products with a view of bringing the producer and consumer closer together and getting home people to patronize home industries to the exclusion of the outside world and to buy western manufactured produce as far as possible.

The display of products will be shown in the big store room at 917 Main street, recently vacated by the Woolworth company. The room is being especially decorated for the occasion and a magnificent display of home products will be shown. A number of prizes are to be given by some of the producers and business men. The Idaho-Utah Beet Sugar company is giving \$10 cash in prizes. For the best display of canned fruit and jelly put up with beet sugar, a prize of \$3, and for the best display \$2.

For the best home made candy a first prize of \$3 and a second prize of \$2. The Sweet-Teller company is giving a prize of an Angel food cake pan for the best Angel food cake and the Caldwell Milling & Elevator company, one-half barrel of Wigwam flour for the best layer cake from Wigwam flour. The Davidson Grocery company is offering a liberal prize for the best cake made of Snowdrift flour.

Practically all the local manufacturers of southern Idaho and a number from out of the state, will have exhibits there which will be explained and the value and saving of patronizing home industries will be pointed out in forcible manner.

The exhibit will last the entire week. The women behind the movement hope to show the consumers that it will be to their advantage to patronize local industries and will do everything in their power to keep alive throughout the year the spirit of such patronizing which they are so forcibly bringing before the public by the exhibit.

On the closing night the cakes will be auctioned off to defray the expenses entailed by the exhibit.

BREAKS TWO WORLD RECORDS AT CHESS

Frank J. Marshall.

Frank J. Marshall, of New York, chess champion of the United States, recently broke two world records in competing with 105 of Washington's best players. He passed rapidly from table to table, keeping track of the 105 games with apparent ease. He won 82, lost 6 and drew 15 of the games.

VILLA STANDS NO CHANCE TO ESCAPE

(Continued from First Page)

The losses to the defacto government's troops were said to have been a colonel, two officers and several men killed. Dispatches from Torreon which carried news of the battle reported the arrival there of General Jacinto Trevino, who will undertake to exterminate the Revolution.

ly expected of further fighting in the chase. Basing their forecasts on the outcome of the San Geronimo fight, when nearly a fifth of the Villistas engaged were cut down, officers at headquarters declared the Pershing orders would be carried out if the Villistas could be overtaken.

With the 50 known killed, the usual ratio of wounded and captured would make the Villista losses at least 100.

The Good Citizenship club will meet Tuesday afternoon at 3 o'clock in the Carnegie library.

BRIBERY AND GRAFT CHARGES IN CANADA

Regina, Sask., April 1.—More bribery charges will be heard Wednesday by the royal commission. The stretch of political graft which has been unearthed in Saskatchewan grows greater each day and the end is not yet.

Preliminary trial will be held in the case of R. H. Devline, brought back from Seattle to answer charges and it is apparent that the opposition will have some time in fastening the charges which has resulted in the mulcting of the treasury of monies, running into the half million, on account of being unable to get hold of certain documents strangely missing. The lengthy confession known to have been prepared the morning Jack Lindsay dropped dead is being sought for by opposition detectives. The disappearance of this confession promises to be one of the sensational features of the investigation before it is concluded whether the document is discovered or not.

Olive Vera Kaul has filed suit in district court against Clarence Roy Kaul. The papers were withdrawn.

SOCIALIST TO LECTURE AT MAJESTIC THEATER TODAY

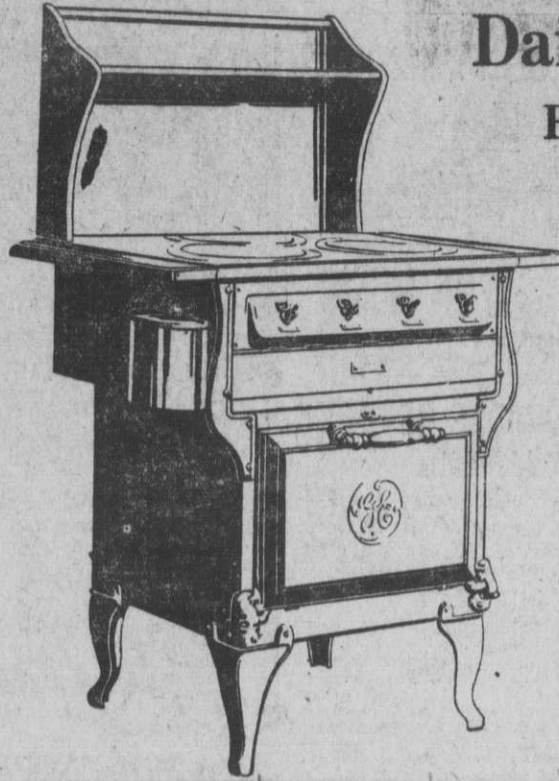

George R. Kirkpatrick, the noted Socialist speaker, who is carrying his fight against "Preparedness" before the people of this country in a series of lectures under the head, "Think or Surrender," arrived here this morning and will speak this afternoon at 8 o'clock at the Majestic theater. Mr. Kirkpatrick is author of the book, "War, What For?" which has had a big sale in this county. Undoubtedly he will be greeted by a large audience here.

SLANDERER OF FATHER OF THE COUNTRY TO BE HELD FOR TRIAL

Tacoma, Wash., April 1.—One may speak disparagingly of the conduct of very ancient personages such, for instance, as Adam during his late residence in the garden of Eden, and escape without serious consequences, but the same cannot be said with reference to criticism directed at George Washington. This in effect was the device of Judge Card in the superior court here today when he overruled

POLITICIANS OF NEW YORK HAVING NOTHING TO SAY

The Roosevelt-Root Luncheon Has the Wise Ones Guessing, While the Gossips Are Busy.

New York, April 1.—It has been a long time since the various political leaders and near leaders in New York had as little to say as they did today.

Their offering to the output of talk and discussion following the Roosevelt-Root-Bacon "preparedness" luncheon yesterday was nothing.

There was much whispering behind closed doors, but not knowing just what "preparedness" was discussed by the colonel and the chairman of the last Republican convention which so

riated Roosevelt, it was evident that the general disposition was to wait and see just what was to happen next.

Barnes Has "No Comment." William Barnes, Jr., said he had "no comment to make." But knowing the feeling between Barnes and Roosevelt and coupling this with the fact that Barnes showed signs of pinning his presidential hopes to Root early this winter, political wisecracks are strongly of the opinion that Barnes is probably anxious to know just where he is "going to stand."

Governor Whitman is also believed to be considerably interested. Whitman has staked everything on the possibility of Supreme Court Justice Hughes being the Republican candidate. He has announced himself squarely for Hughes. The Justice, however, has so far refused to be considered a candidate. Neither has he announced his position on any of the issues which the campaign will probably be waged on.

Colonel Holds the Cards. If Colonel Roosevelt joins whole heartedly with the Republicans, it is accepted the man must be of the stripe he demands.

The colonel will demand a firm foreign policy and a strong preparedness program. If a movement is on foot to finally dispose of the Hughes boom and get behind a man who will live up to the colonel's specifications to "fear God and take his own part," Governor Whitman will have to find some way to "getting from under."

Chairman Hilles of the Republican national committee was too busy today to discuss the Roosevelt-Root luncheon. George B. Cortelyou had nothing to say. Root and Bacon were very scarce around places where they usually might be found.

TALKS PLAINLY TO WOMEN ON SUFFRAGE

Berkeley, Cal. April 1.—President Benjamin Ide Wheeler is dead set against women suffrage and he doesn't care who knows it. Six hundred alumnae of Smith college gathered at a banquet in New York today and carried on a series of conversations by telephone with St. Paul, Chicago, St. Louis, Salt Lake, and here. "Dr. Wheeler," said the chairman from New York, "there are 600 women here listening to what you say and they wish to know what you think about woman suffrage."

Promptly and emphatically came back the answer: "I am opposed to it. I think the women of California are too good to be thrown into the turmoil of politics."

The transcontinental conversation suddenly terminated.

AMERICAN AVIATOR IN VERDUN BATTLE

Sergeant Elliot C. Cowdin.

Sergeant Elliot C. Cowdin, American birdman, has been one of the most daring aviators in the French ranks during the battle of Verdun. He is a graduate of Harvard, has distinguished himself as a polo player and all around sportsman, and is well known in New York society.

WIFE OF PRISONER ATTEMPTS SUICIDE

Calgary, Alberta, April 1.—Mrs. H. Van Koolbergen attempted suicide in her apartments in the Bruner block here last night, but was not successful.

Her husband will be remembered as Von Montford who was accused of complicity in the plots laid in Seattle and San Francisco by Germans who were alleged to be attaches of the German embassy to blow up all the important railway bridges along railway lines in Canada. He was sentenced to

plotted slaves. In court today, Deputy Prosecuting Attorney Selden declared that all Americans should be regarded as children of George Washington, and therefore any citizen may bring action for libel on behalf of "the father of his country."

Attorney Pendleton, representing Haffer, thought Adam might be regarded with even greater propriety as the father of us all, than could Washington. He wished to know whether in this situation any person who dares criticize certain of Adam's acts during his married life with Eve, shall not likewise be subject to punishment under the criminal libel laws of the country.

The court was unwilling to concede Adam any standing in law, but indorsed the view of the prosecutor and ordered the case to trial.

"Eastern made Candies" Versus "Boise made Candies"

Some people imagine that when they buy a box of eastern made candies they are getting a quality which cannot be obtained in Boise made candies, which is a mistaken idea.

Mr. Boas, of the Boas Kandy Kitchen, learned his trade with and has worked for some of the most reputable eastern confectioners. He uses the same methods, the same quality of materials and the same formulas as he was taught to use in the east, and in view of the fact that Boas' candies are made fresh every day right here in Boise insures you of an equal quality and a fresher stock than you can buy under the label of any eastern firm, regardless of what price you pay.

Are you justified in buying eastern made candies, after knowing these facts?
