

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

It has stood the test of years and has a reputation for quickly and effectively giving results in thousands of cases.

However, if you wish first to test this preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Wanted His Right. "What the dickens is the matter with you?" furiously demanded the warder of Pat. "What do you mean by kicking up a row at this time of the night?"

"Sure, an' I only want to go home," said Pat. "Don't be a fool, man," said the warder coming across to see if his prisoner was quite well.

"Pool, bedad," shouted Pat from the other side of the bars. "I'm in me rights." "Now, look here," broke in the warder meaningly, "you've got seven days hard; seven days you've got to do, so you'd better do them quietly."

"You're quite right," smiled Pat. "Shure, the ould boy gave seven days, but, begorra, he said nothing about nights, and faith you can surely trust me to come back in the morning."

Not Valid. "Gadspar is a disappointed man." "Why so?"

"He wanted to get into the army, but made a mistake in his questionnaire."

"How was that?"

"He waived exemption on the ground of domestic infelicity and the exemption board couldn't see it that way."—Birmingham Age-Herald.

PEACE TERMS LEAVE ENEMY POWERLESS TO RESUME WAR

Wilson Gives Text of Armistice and Pledges Aid to Stricken Country.

HUN ARMIES TO DISARM

President Informs Congress of the Agreement Signed by Vanquished Enemy.

TO GIVE UP HER NAVY

Occupation by Allied and American Forces of Strategic Points in Germany; Surrender of Fleet and U-Boats; Occupation of Naval Bases and Release of All Allied and American Soldiers.

Washington, Nov. 12.—The terms of the armistice with Germany were read to congress by President Wilson. Assembled in the hall of the house where nineteen months ago senators and representatives heard the president ask for the declaration of war, they heard him speak the words which herald the coming of peace.

The strictly military terms of the armistice are embraced in eleven specifications which include the evacuation of all invaded territories, the withdrawal of the German troops from the left bank of the Rhine and the surrender of all supplies of war. The terms also provide for the abandonment by Germany of the treaties of Bucharest and Brest-Litovsk.

Communicates Terms to Congress.

The president spoke as follows: "Gentlemen of the Congress: "In these anxious times of rapid and stupendous change it will in some degree lighten my sense of responsibility to perform in person the duty of communicating to you some of the larger circumstances of the situation with which it is necessary to deal."

"The German authorities who have, at the invitation of the supreme war council, been in communication with Marshal Foch have accepted and signed the terms of armistice which he was authorized and instructed to communicate to them.

Military Clauses of Terms.

"Those terms are as follows: "I. Military clauses on western front:

- "1. A cessation of operations by land and in the air six hours after the signature of the armistice.
- "2. Immediate evacuation of invaded countries: Belgium, France, Alsace-Lorraine, Luxemburg, so ordered as to be completed within fourteen days from the signature of the armistice. German troops, which have not left the above-mentioned territories within the period fixed will become prisoners of war. Occupation by the allies and United States forces jointly will keep pace with evacuation in these areas. All movements of evacuation and occupation will be regulated in accordance with note annexed to the stated terms.
- "3. Repatriation beginning at once and to be completed within fourteen days of all inhabitants of the countries above mentioned, including hostages and persons under trial or convicted.

The above to be delivered to the allies and the United States troops in accordance with the detailed conditions laid down in the annexed note.

"5. Evacuation by German armies of the countries on the left bank of the Rhine. "These countries on the left bank of the Rhine shall be administered by the local authorities under the control of the allies and United States armies of occupation. The occupation of these territories will be determined by allied and United States garrisons holding the principal crossings of the Rhine—Mayence, Coblenz, Cologne, together with bridgeheads at these points—in thirty-kilometer radius on the right bank and by garrisons similarly holding the strategic points of the regions.

"A neutral zone shall be reserved on the right of the Rhine between the stream and a line drawn parallel to it 40 kilometers to the east from the frontier of Holland to the parallel of Gernsheim and as far as practicable a distance of 30 kilometers from the east of stream from this parallel upon Swiss frontier. Evacuation by the enemy of the Rhine lands shall be so ordered as to be completed within a further period of eleven days, in all 19 days after the signing of the armistice. All movements of evacuation

and occupation will be regulated according to the note annexed.

"6. In all territory evacuated by the enemy there shall be no evacuation of inhabitants; no damage or harm shall be done to the persons or property of the inhabitants, no destruction of any kind be committed. Military establishments of all kinds shall be delivered intact, as well as military stores of food, munitions, equipment not removed during the periods fixed for evacuation. Stores of food of all kinds for the civil population, cattle, etc., shall be left in situ. Industrial establishments shall not be impaired in any way and their personnel shall not be moved. Roads and means of communication of every kind, railroad, waterways, main roads, bridges, telegraphs, telephones, shall be in no manner impaired.

Civil Personnel to Remain.

"7. All civil and military personnel at present employed on them shall remain. Five thousand locomotives, 60,000 wagons and 10,000 motor lorries in good working order, with all necessary spare parts and fittings, shall be delivered to the associated powers within the period fixed for the evacuation of Belgium and Luxemburg. The railways of Alsace-Lorraine shall be handed over within the same period, together with all pre-war personnel and material. Further material necessary for the working of railways in the country on the left bank of the Rhine shall be left in situ. All stores of coal and material for the upkeep of permanent ways, signals and repair shops left entire in situ and kept in an efficient state by Germany during the whole period of armistice. All barges taken from the allies shall be restored to them. A note appended regulates the details of these measures.

"8. The German command shall be responsible for revealing all mines or delay acting fuses disposed on territory evacuated by the German troops and shall assist in their discovery and destruction. The German command shall also reveal all destructive measures that may have been taken (such as poisoning or polluting of springs, wells, etc.), under penalty of reprisals.

"9. The right of requisition shall be exercised by the allies and the United States armies in all occupied territory. The upkeep of the troops of occupation in the Rhine land (excluding Alsace-Lorraine) shall be charged to the German government.

"10. An immediate repatriation without reciprocity, according to detailed conditions, shall be fixed, of all allied and United States prisoners of war. The allied powers and the United States shall be able to dispose of these prisoners as they wish.

"11. Sick and wounded who cannot be removed from evacuated territory will be cared for by German personnel, who will be left on the spot with the medical material required.

"13. Evacuation by German troops to begin at once and all German instructors, prisoners and civilians, as well as military agents, now on the territory of Russia (as defined before 1914) to be recalled.

"14. German troops to cease at once all requisitions and seizures and any other undertaking with a view to obtaining supplies intended for Germany in Roumania and Russia (as defined on August 1, 1914).

"15. Abandonment of the treaties of Bucharest and Brest-Litovsk and of the supplementary treaties.

"16. The allies shall have free access to the territories evacuated by the Germans on their eastern frontier, either through Danzig or by the Vistula, in order to convey supplies to the populations of those territories or for any other purpose.

"17. Unconditional capitulation of all German forces operating in East Africa within one month.

"18. Repatriation, without reciprocity, within a maximum period of one month, in accordance with detailed conditions hereafter to be fixed, of all civilians interned or deported who may be citizens of other allied or associated states than those mentioned in clause three, paragraph nineteen, with the reservation that any future claims and demands of the allies and the United States of America remain unaffected.

"19. The following financial conditions are required: "Reparation for damage done. "23. The following German surface warships which shall be designated by the allies and the United States of America shall forthwith be disarmed and thereafter interned in neutral ports, or, for the want of them, in allied ports, to be designated by the allies and the United States of America and placed under the surveillance of the allies and the United States of America, only caretakers being left on board, namely: Six battle cruisers, ten battleships, eight light cruisers, including two mine layers, fifty destroyers of the most modern type.

"All other surface warships (including river craft) are to be concentrated in German naval bases to be designated by the allies and the United States of America, and are to be paid off and completely disarmed and placed under the supervision of the allies and the United States of America. HOW TO FIGHT SPANISH INFLUENZA

By DR. L. W. BOWERS.

Avoid crowds, coughs and colds, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armor against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironie (iron tonic) tablets, which can be obtained at most drug stores, or send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

BEDOUINS AND THEIR HORSES. Nomads of the Desert Ride the Most Beautiful Animals Ever Subjugated by Man.

Charles Doughty describes a meeting with some Arab horsemen in the desert. They approached his party and proved to be three long-haired Bedouins, who hid their salams (peace). Then he tells of how "a fourth shock-haired cyclops of the desert, whom the fleetness of their mares had outstripped, trotted in after them, uncouthly seated upon the rawbone, narrow withers of his dromedary, without saddle, without bridle, and only as a herdsman driving with his voice and the camel-stick. His fellows rode with naked legs and washed upon their beautiful mares' bare backs, the halter in one hand, and the long balanced lance, wavering upon the shoulder, in the other. We should think them sprawling riders; for a boast or warlike exercise, in the presence of our armed company, they let us view how fairly they could ride a career and turn; striking back heels, and seated low with pressed thighs, they parted at a hand gallop, made a tourney or two easily upon the plain; and now wheeling wide, they bent themselves down in the desert, every man bearing and handling his spear as at point . . . so fetching a compass and we marching, they a little out of breath came gallantly again. Under the most ragged of these riders was a very perfect young and starting champion mare—so shapely there are few among them. Never combed by rude master, but all shining, beautiful and gentle of herself, she seemed a darling life upon that savage soil as worthy of her gracious pastures; she strutting tall flowed down even to the ground, and the mane (orfa) was held by the loving nurture of her mistress's nature."

LAND BEAUTIFUL IN SUMMER

Wild Luxury of Siberian Valleys Cannot Be Surpassed Even in the Tropics.

Political exiles, the severe winter (50 degrees below zero) and the immense stretches of snow, have much to give a bad impression of Siberia. Siberia is thought of by many as the most dismal and God-forsaken wilderness, where bears and other 'throats parade in the placid moonlight. Nothing is unfair than that. It is a most beautiful place, the parallel of which you can scarcely find elsewhere. In winter the green white birches on the wide expanse of pure snow lit by moonlight scene most holy and sublime. Lake of Baikal, with its depth of 5,000 feet, the severest of winters can't deprive of warmth. The River Lena that flows out of it never freezes. The water is pure as crystal. But the most glorious season is the New East. Summer is early in Siberia. In late June the whole world blooms out in wild luxury, thousands of miles the plain is covered with a glorious carpet of flowers—yellow, crimson, purple, what not. I have never seen this in the world. The tropics cannot rival it; the cherries of Yoshino, however.

Origins of Military Titles. Commodore and commander forms borrowed and corrupted from the Spanish comendador, a military commander, or the superior of a monastery. The French have the commandeur, the Italian the comandante, however, the officer of a fortified town's garrison, etc., comes from the medieval commandador, a commander, or suandare, to command.
