Mrs. P. D. McEae is visiting friends in Boise this week.

For farm loans see the Jerome National Bank. Quick service. 47-ft

Mr. Paul Pizey, of Boise, is transacting business in Jerome this week.

Mrs. C. W. Tronson is visiting in Ogden, Utah, being called there by the illness of relatives.

The Ladies Aid of the Presbyterian church will have a cooked food sale at Webster's market, Saturday, February 8th, in the afternoon.

Mr. Howard "Jack" Royer returned from California, where he recently received his discharge from the service.

R. N. Wheeler returned Saturday from Butte, Montana, where he was on business connected with his poultry business.

B. B. Stanger returned the first of the week from Salt Lake City, where he accompanied his wife, who was enroute east for a visit.

Mrs. Jess Worthington arrived in Jerome for a visit with her parents, Mr. and Mrs. F. H. Volkman. Mr. Worthington expects to follow about the middle of the month.

Mr. John Tilley, a cousin of M. H. Tilley, from Kansas, is here visiting at the latter's home. Mr. Tilley has been on a trip through the west and is very loud in his praise of this section.

Buy your window glass at the North Side Pharmacy. We handle a complete stock.

Mrs. C. W. Young returned from Boise the first of the week, where she was called by the serious illness of her daughter. Mrs. Young reports her daughter as being on the rapid road to recovery.

Mrs. F. E. Diefendorf and children arrived here Wednesday from Omaha, Nebraska. Mr. Diefendorf preceded them a few weeks, getting things in shape at their ranch northwest of Jerome.

Quite a number of Jeromesites attended the Schumann-Heink concert given at Twin Falls last evening. Those attending were well paid for the trip, as Schumann-Heink is one of the world's foremost artists.

Mr. and Mrs. "Jack" Boyle and children left last Sunday for California, driving through in their car. While in California a specialist is to be consulted regarding some eye trouble of the little daughter.

Most all of our flock masters are in the midst of their lambing work and to date the weather has been most favorable to them. Several thousand head of ewes are to be lambed out in this section this spring.

The Ladies Aid of the Presbyterian church will have a cooked food sale at Webster's market, Saturday, February 8th, in the afternoon.

The Frasers-Pence Company this week received a carload of the 1919 Buick automobiles. Several improvements have been added to the Buick this year, including enclosing of the motor, thus eliminating dust and dirt.

A very comfortable suite of rooms has been arranged in the postoffice building for Messrs. Thrall, W. A.

Peters and Geo. A. Bremer. Each individual has a separate office, entrance to which is gained through a reception office, which is also used by the stenographer. The arrangement is a most convenient one for the gentlemen.

County Agent Avery was in Jerome the first of the week looking after the carload of seed wheat which was purchased by our farmers through the Farm Bureau from Kimberley parties. The wheat is a selected grade of Dicklow and has proven to be a heavy yielder. Much interest will be shown in the returns from this seed at harvest time.

Electric Reading Stand Lamps. Ten left out of thirty-six. Let us send one to your home. Try it a week. If it suits you keep it. Also Thor vacuum electric carpet sweepers. Frasers-Pence Co. Phone 80.

B. O. Hill, who has been connected with the First National Bank of this place for several years, recently resigned his position with the above institution to take effect as soon as Mr. John Thomas returns from his business trip to Boise. Mr. Hill expects to leave in about ten days on a two months' visit in California, later returning here to close up his personal business with the idea of seeking a new location. After a visit in other sections we trust that Mr. and Mrs. Hill will decide that Jerome is still a good location and that we may number them among our good people. Mr. Hill has always been a most efficient cashier, a most pleasing gentleman to deal with, and he will be greatly missed by his co-workers, as well as the patronage at the bank and his many friends. Mr. Elbert Bennett is to succeed Mr. Hill as soon as he returns from the service, which will not be until late this summer.

NOTICE

A meeting of the Jerome Association of Loyal Americans, the association of parents of soldiers in the national army, will be held at the town hall tomorrow (Friday) evening at 8 o'clock. The principal matter to come before the meeting will be arranged for a suitable memorial observance at an early date. All members, as well as parents or others not members but who would like to co-operate in the observance are requested to be present.

SNOW FALL LIGHT IN HAILEY SECTION

Reports from around Hailey that arrived at the Boise United States weather bureau office Monday, show that the depth of the snow there is below the average and that water for the year's crops from snow in the mountains will be seriously short. In the Hailey country there is usually a heavy snowfall. On Sunday night the following snow depths were recorded: Soldier creek, 22 inches; at Diana mines, 36 inches; Shake creek ranger station, 10 inches; Ketchum, 11 inches; North Star mine, two inches; Hailey, three inches.

C. C. WILBURN TO ENGAGE IN THE ABSTRACT BUSINESS

Among the new businesses to be established in Jerome incident to the organization of Jerome county is an abstract company, with C. C. Wilburn as manager. Mr. Wilburn has purchased the necessary records and equipment and will be in position at once to furnish first class service in this line. No one is better qualified to handle a business of this nature than Mr. Wilburn and his connection with it is a guarantee of satisfactory service. The company will occupy part of the office now used by Wilburn & Hartshorn.

HOSPITAL MOVEMENT GROWS

On last Monday evening a number of our citizens and business men met at the office of Wilburn & Hartshorn to further discuss the matter of a hospital for Jerome. At a previous meeting various committees were appointed who reported Monday evening. Nothing definite was decided upon as to a hospital site, several desirable ones being available.

The association is to be known as the Jerome Hospital association, capitalized at \$50,000, the plan being at present to sell \$35,000 worth of stock at \$1,000 per share.

A great amount of interest was manifest at the meeting, all present being of the opinion that a hospital for Jerome is a necessity and that an earnest endeavor should be made by our citizens to accomplish this end. A meeting is again called for next Monday evening, and an invitation is extended to all those interested to come and help in this work.

BREMER SUB-DIVISION

During the past week George A. Bremer closed a deal whereby he acquires the acreage No. 192 from P. J. Stuhlsatz and No. 187 from Floyd Norman, both acreages adjoining the townsite on the east. The consideration was upwards of \$15,000.

It is the intention of Mr. Bremer

to sub-divide the property into residence lots 80x140, with a row of lots on the east side 67 1/2 x 125, making a total of 48 lots. A building restriction that no residences shall be built costing less than \$3500 will be a part of the contract of all sales of lots in this sub-division.

The new sub-division is to have 60-foot streets and 20-foot alleys, with city water, lights, a systematic planting of trees, laying of sidewalks, etc., and along the plans as laid out by Mr. Bremer it will prove a most exclusive residence section and a credit to our community. Perhaps the first residence to be erected in the sub-division will be that of Mr. Bremer, plans of which are already made.

CATTELMEN TO MEET IN BOISE

Big Convention to Be Held in Capitol City February 19-20th

The Fourth Annual Convention of the Idaho Cattle & Horse Growers' Association of which Clay Vance is President and L. E. Dillingham secretary is set for February 19th and 20th at Boise, Idaho.

This association is composed largely of cattle and horse growers of the state who run their live stock upon the public domain and the national forests and has a membership of around twelve hundred.

The association was organized at Pocatello in 1914 and has held conventions in Pocatello, Boise and Idaho Falls.

Owing to the fact that a very material increase in grazing fees on the forests is likely, and also to the fact that legislative matters affecting the industry are up for consideration, there is an indication that the attendance at the Fourth Annual Convention in Boise will be the largest one in the history of the association.

During the existence of this association it has been instrumental in keeping down grazing fees on the forests and in bringing about improved conditions and securing a five-year term permit for grazing stock on the forests instead of one, as heretofore. It has advocated and has brought about a rule attaching the right to graze live stock on forests to the ownership of ranch property instead of to the ownership of livestock.

The association has also been instrumental, co-operating with the American Live Stock Association, in bringing about an investigation of the packers—the big question of which we see so much now in the press.

Better breeding, increased market facilities, distribution of cars, eradication of poisonous plants, and disease among cattle and horses, etc., are matters to which the association give strict attention and obtain results. This association represents the men engaged in the industry owning nearly a million head of cattle and horses in the state—one of the most important industries within our borders.

The Fourth Annual Convention will have a program of great interest to every man engaged in the industry. Federal, district and state officials are scheduled to appear upon the program, and discuss topics of lively interest. All stock men who can possibly attend are urged to do so.

A meeting of the executive committee and the county chairman of the organization is called for 10 o'clock on the morning of February 19th, at which time it is expected a full attendance will be had.

Delegates attending the convention may ascertain from any hotel in Boise the place of meeting.

HIGH SCHOOL NOTES

Blessed are they who stay after school to write school notes.

The domestic class had a "clean-up" day this week, but hope for another dinner the coming Friday.

Mrs. Roberts is in charge of the seventh grade pupils this week.

Will some one please donate cushions for the seats of the high school?

The American literature class have been studying the lives and works of Bryant and Poe.

The juniors and sophomores have claimed that the freshmen should not be treated so well and now they are carrying out some of their threats.

A goodly number of the students have been treated with vaccine against taking the flu the past week.

Opal Trueblood of Kimberley was a high school visitor last week.

Students and parents please notice: There is a shortage of books in high school. There are text-books and song books in many of the homes and some of the students have duplicate copies at school and at home, while others are without books. Such books should be returned to the school building.

The class in economics made a practical study of the tariff last week as to its origin, history and effect upon the economic conditions of the nation.

Last week Esther Darlington won the prize for the best news item.

The morale of the high school has improved greatly the last few months and now the boys have been asked to refrain from using bad language. This is a good suggestion, as pure English should be good enough for anyone.

The seniors are studying "Paradise Lost," and some of them wish that it had been lost.

The honorable seniors have a grudge against the juniors for being bright enough to escape examinations. Too bad seniors, but we can not help you.—A junior.

Mrs. Archer gave shorter lessons Wednesday so the students could take time to see "The Surrender of the German Fleet" at the Rialto.

Miss Anderson's class in English practiced writing business letters last week.

Sing a song of outlines, that and nothing more. Oh, they keep on coming, two, and three and four. So we keep on writing, till we're thin and "pore." But we're all resigned to this, in spite of being sore.—A junior.

Junior: Are you taking any language that's foreign to you? Senior: Yeah, English!

Some of the freshmen are certainly ignorant. One freshman girlie doesn't know Charlie Chaplin from Fatty Arbuckle.

First one: Say, I dropped Latin. Second one: I thought I heard something fall.

One day last week the principal called out the names of a junior girl and a senior boy and since then Tom's hair has been redder than ever.

It is understood that Jerome county has been created with Jerome as its county seat. Now why not a high school building? If it were not for the flu the high school room could not hold the students, let alone the cubby rooms used for recitation rooms.

Mrs. Bower and Miss Corbin received the county certificates that they applied for and Mrs. Poage and E. E. Zavodsky the state certificates as the result of the examination in December.

Several of the state legislature are considering pensions for teachers. Most teachers' pension laws are such that self-respecting teachers do not care to have anything to do with them.

Miss Stephens was absent from school last week on account of being called to the bedside of her sick mother at Springfield, Missouri. She arrived too late to see her mother before she passed away. Miss Stephens has the sincere sympathy of her many friends in her hour of saddest.

IN THE PROBATE COURT

Of Lincoln County, State of Idaho.

Order Appointing Time for Probate of Will, and Directing Publication of Notice of Same.

IN THE MATTER OF THE ESTATE OF Alexander T. M. Stuart, Deceased.

It is hereby ordered, that Friday, the 21st day of February 1919, at two o'clock P. M. of said day, at the Court Room of said Court at the County Court House in Shoshone, County of Lincoln, be, and the same is hereby appointed the time for proving the last Will and Testament of Alexander T. M. Stuart, deceased, and hearing the application of Nina B. Stuart for letters Testamentary; and any person interested may appear and contest the said Will, and may file objections in writing to the granting of said letters to said petitioner.

It is further ordered, that notice be given thereof by the Clerk of said Court by publication not less than ten days before said 21st day of February, 1919, in the Lincoln County Times, a newspaper printed and published in said Lincoln County.

Dated January 31st, 1919.

J. L. FULLER,
Probate Judge.
