

# Are You Buying THRIFT STAMPS EVERY DAY?

If you buy 25c Thrift Stamps at the rate of only one a day, and exchanged each book of 16 (with a few cents added) for a certificate worth \$5.00 in 1923, you are saving money at the rate of \$10.00 a month.

Good investment, isn't it? And a patriotic habit besides—for every single Thrift Stamp is a little added momentum behind the one great common desire—to shorten this war.

Thrift Stamps are for sale at the postoffice,  
by all mail carriers and at  
most stores.

### FARM IMPLEMENT INSPECTION WEEK.

The well known fact that the majority of ranchers overlook the fact that their farm machinery may need attention before it is put into use has caused the various implement dealers to institute "Farm Implement Inspection Week," from March 4th to 9th inclusive. This is in order that there may be closer co-operation between the farmer and the dealer, and that the unavoidable delays in ordering repairs may be obviated. During "Farm Implement Inspection Week" each agriculturist should overhaul his machinery and find out the repairs necessary, as well as what new equipment he may need, in order that when the time comes to use the machinery there may be no unnecessary time lost in the planting and harvesting of the crops.

The C. W. & M. company will be prepared to take care of the wants of farmers and ranchers, and to assist them in every way during Farm Implement Inspection Week.

Alex Stowell is here from Albion to attend the funeral of the late Bishop Lindsay of Ovid.

A baby girl was born to Mr. and Mrs. A. M. Thompson of Georgetown on Tuesday.

We have plenty of Kemmerer No. 5 and Utah lump coal in stock. Get your orders in early. Williams & Hess Dr. and Mrs. George T. Smith have gone to Pocatello for a short visit to their daughter, Mrs. James Sherrod.

J. C. Menzies of Pocatello, is here for a short time dispatching for the Short Line, relieving J. D. Rayle, who leaves for Camp Lewis to visit his son who is in training there.

All the latest war song hits at Nielsen's music store.

# A Child's Savings May Shorten The War

The war is costing the combined allies more than \$30,000,000 an hour. The daily fate of this huge sum is simple waste. A shortening of the war by days or even hours would mean the redemption of colossal waste.

We must bend every financial effort towards shortening the war. Every small amount invested by a child in Thrift Stamps tends towards this end. The influence of every Thrift Stamp purchased is a little momentum toward earlier victory.

Thus a child's savings may be instrumental in definitely shortening this war and in saving many times its own value in money, to say nothing of conserving human life.

Encourage your child to invest in 4% interest-bearing Thrift Stamps instead of merely hoarding his pennies in a tin bank.

Thrift Stamps cost 25 cents each and may be bought at the postoffice, from your mail carrier and at most stores.
