Cattle buyers continue thick in this and adjacent valleys. Everything that looks like a beef critter is in demand and prices are firm.

The EXAMINER is the place to publish estray notices.

A marriage license was granted to John Dunkley and Martha Hall both of Whitney, Ida.—Logan Journal.

The court last week decided the case of Gray vs. Holland in favor of the latter, by setting aside the attachment issued in favor of the former.

About 500 head of stock cattle were shipped from the Montpelier stock yards Thursday night. They go to Nebraska to eat 10-cent a bushel corn.

Last Thursday night the Mutual Improvement associations of Y. L. and Y. M. was held conjointly in the L. D. S. church. A good program was rendered and all had an enjoyable time.

When you want a first class syringe and hot water bottle go to Ritter Bros. Drug store. They have any size you wish.

Mrs. Wilber, of Pocatello, who has been ill for the past few weeks in this city, is now much better and will leave shortly for California, where it is to be hoped her health will be entirely restored.

The state legislature expires tomorrow by limitation, but it is understood if the business of the session is unfinished the session will continue until it is, in which event the members will receive no pay for overtime.

Don't fail to take advantage of the liberal offer we are making on Lamps. Only a few left. Hammond & Whitman.

The proceeds derived from the sale of the quilt, the Y. L. M. I. A. have made, will go towards helping the stake academy at Paris. It is about the handsomest and most artistic piece of work we have seen for a long time.

The party given by the ladies of the Episcopal church, while not largely attended, was socially a success. The supper brought in several dollars and altogether a pleasant evening enjoyed. The music was furnished by the Montpelier orchestra.

Robert Wolfe has been testing some ore from his Grizzly Bear claim in the Jerome Creek district and the assays show from \$7 to over \$300 to the ton. He expects to do some extensive development in the spring.—Moscow Mirror.

Try the "Perfect" Baking Powder.

Dr. T. A. Winter is located at Hoover's Drug Store and will be pleased to consult with those needing professional services. His specialties are Rupture and Piles, both of which he guarantees to cure without surgical operation or any detention from business. He accepts no money until a permanent cure is effected.

State auditor Anderson has refused to allow the legislators per diem for the days they were on the junketing trip to Salt Lake. The present state auditor seems to be about the proper stuff.

Mose Lewis left for the east Thursday morning to buy his spring stock of goods. He expects to be gone about a month, and will probably go to the inauguration of McKinley while away. Hyma Lewis, of Pocatello, accompanies Mose.

Stock shipments continue to pass through Montpelier from the west. About a train a day has been the average for some time past. Part of these cattle go direct to market, while some of them are being taken east to be fed on corn till spring.

The wreck a couple of weeks ago at Border has nearly all been cleaned up. Part of the cars were burned and the iron taken to Pocatello. Some 200 tons of coal was given to nearby ranches, it being scattered so the company could not gather it up.

Try the celebrated "Perfect" Baking Powder. Satisfaction and purity guaranteed or your money refunded. Burgoyne & Brennan 1

The cheekiest man in the world is the one who kicks because certain items about him do not appear in the local paper, when he is not even a subscriber. It shows he has either borrowed or stolen a copy of the paper, else he would not know that his important movements had been overlooked. Montpelier has a few of these hardfaced people.

One week from next Friday, March 5th, the Young Ladies association of the 1st ward will give a party in the L. D. S. meeting house. Refreshments is to be served in the vestry during the evening, and a grand time is to be prepared for all. The proceeds of which will be turned over to the building of the stake and Paris.

Prof. and Mrs. O. C. Dunford were over from Bloomington Saturday shopping.

In the great case of Brereton vs. Wilson, Judge Standrod decided in favor of the defendant. It was the most stubbornly fought of any suit in Bear Lake county in recent years. Five days of the court's time was required to hear the evidence. Messrs. Spence and White appeared for the plaintiff, and Messrs. Bagley and Chalmers for the defense. The amount involved was about \$8000.

This is a peculiar world, says an exchange. One man is saving money to build a house, another is trying to sell his for less than it cost to build. One man is spending all he can make taking a girl to the theater and sending her flowers, with the hopes of making her his wife, while his neighbor is using what money he has in trying to get a divorce. One man escapes the disease flesh is heir to and gets killed on the railroad. Another escapes with only a scratch and dies with the whooping cough. One man stands off his creditors and goes traveling or to the springs while the other stays home and pays his debts.

Henry Whitman came back from his visit east, Thursday night. Mrs. Whitman will not return for a couple of months yet as her health is very poor. Henry says people in Idaho ought to thank themselves that they are here and not in the east. Times never were known to be so deplorable and thousands upon thousands of people are just able to barely live from day to day. Want and poverty are to be seen everywhere and there is nothing in sight to hope for. An election now for president would result in Bryan's election by an overwhelming majority. Mr. Whitman bought a large stock of goods while away for the firm of Hammond & Whitman, and they have been arriving for several days past.

J. F. Burton and E. A. Kessler came up from Ogden last week on business connected with the changing of the management of the Consolidated Implement Co., at this place. Mr. Kessler succeeds J. S. Corlew, who some time ago asked to be transferred back to Ogden. Mr. Burton found the affairs of the concern in excellent shape. During Mr. Corlew's regime the business has grown amazingly and been extended to all parts of the country adjacent to Montpelier, and the many friends of the retiring manager sincerely regret his departure, though wishing him well in his old home in Ogden. Mr. Kessler is a most pleasant gentleman and brings to the business years of knowledge acquired in similar pursuits at other places. Under his supervision the large interests of the C. I. Co., in this section will not suffer. Mr. Kessler's family are now in California, but later he intends bringing them to Montpelier. The EXAMINER bids them thrice welcome, and also wishes for Mr. Corlew all that a generous world may credit to his lot. Ezra Duffin will remain with the new manager.

In the legislature. In the senate house bill No. 4 amending the law in respect to homesteads, was passed. It adds section 3080 to title VII, chapter 1 as follows:

"The word homestead as used in this title includes the following: The dwelling house in which claimant resides, and the land on which the same is situated and located as in this title provided; also the proceedings thereof in the event of a voluntarily sale, and also the insurance thereon, if any, in the event of a loss."

At the opening of the senate session Rich introduced bill No. 87, "To define the crime of adultery; to provide for the prosecution and punishment of same."

On the fee bill Bassett made a motion to reconsider section 2 for the purpose of changing the mileage of sheriff's when travel is by rail, to 10 cents.

This was the only amendment made in the bill. The motion to reconsider carried and the mileage was fixed at 10 cents.

Then the bill was recommended for passage without an amendment.

The report of the committee of the whole was adopted by the following vote:

Ayes—Ballantine (Blaine,) Ballentine (Ada,) Bassett, Coughanour, Davis [Boise,] Davis [Oneida,] Keller, Nelson, Pierce, Rich, Rees, Turner [Idaho.] Total 12.

Nays—Barnum, Bennett, Donnelly, Harris, Turner [Bingham,] Urdohl, Young. Total 7.

The senate then went into committee of the whole again. Substitute senate bill No. 12, providing for the holding of district court in the county seat, was taken up.

On motion of Rich an amendment was adopted making the concurrence of the commissioners necessary in changing the place of holding court. Another was adopted prohibiting a change to any place less than 15 miles from the county seat. As amended the bill was recommended for passage.

The report of the committee on the district court was adopted by the following vote:

Ayes—Ballantine, Bennett, Bassett, Coughanour, Harris, Nelson, Pierce, Rich, Turner of Idaho, Urdohl, Young. Total 12.

Nays—Ballentine of Ada, Barnum, Coryell, Davis of Boise, Davis of Oneida, Donnelly, Keller, Turner of Bingham. Total 8.

The vote on adoption of the bill respecting transportation of prisoners was 15 to 5; Davis of Boise, Donnelly, Turner of Bingham, Urdohl and Young voting "nay."

Thursday marked the limit set by the concurrent resolution passed by both houses, after which no bills can be introduced save by a two-thirds vote of the branch of the legislature in which the bill is desired to be introduced.

So far there have been 222 bills introduced in the house, of which the populists have fathered 90, the silver republicans 62, democrats 48, republicans 3 and 19 by the various committees.

Representative Elder holds the plum for having introduced the most bills, he being credited with 19. Those having introduced over 10 are: Waters 13, Keat, Perkins, Randolph and Workman 11 each and Morgan 10.

The following have introduced none so far this session: Brown, Hadley, Holt, McMurrin, Orr and Alford.

A system of street lighting is needed very badly in our town but the delights of smoking a first class cigar such as you get at Hoover's Drug Store is next best.
