

# The Grangeville Globe

VOL. II, NO. 2

GRANGEVILLE, IDAHO COUNTY, IDAHO, WEDNESDAY, DECEMBER 9, 1908

\$1.00 THE YEAR

## GRANGEVILLE HAS TRAIN SERVICE

### TEACHERS' INSTITUTE.

Entertaining and Instructive Session Being Held Here This Week.

The Idaho county teachers' institute is in session this week at the school building. About a hundred teachers are in attendance and it is the opinion of all that the present meeting is by far the most profitable ever held. The attendance is larger and greater interest in the different work of the institute is being taken by the teachers than ever before. Chas. W. Greenough, county superintendent, has charge of the session. Professors Hulme, of the U. of I., Black and Hibbard, of the Lewiston normal, and Miss Long, of Lewiston, are the instructors for the week. The institute closes Friday.

Prof. Edward M. Hulme, head of the department of history of the State university, gave a very entertaining lecture at the court house last night. The subject of the talk was "The Force of Literature," and was dealt with in a pleasing and scholarly manner. Mr. Hulme is one of the most powerful lecturers in the west and is a historian of extraordinary power, having written several authoritative books on different epochs and movements.

Prof. Black of the Lewiston state normal, will deliver a lecture on "The Place of the Parent in Education" tomorrow night.

### Death of Ralph Jones.

Ralph Jones, the eighteen year old son of Mr. and Mrs. Asa Jones, of Cottonwood, died at his home in that city early Monday morning. The young man had been ill a few weeks with inflammatory rheumatism and last week the affliction settled in his heart. The last few days of his life were marked with intense suffering. Mr. Jones was a young man of promise, highly respected by all who knew him. His death is a sad blow to his relatives and friends. Funeral services were held at Cottonwood today, a number of friends and relatives from this city being in attendance.

### Many Mines Working.

F. M. Peck, of the South Fork mine in the Elk City district, was in the city on business the last of the week. Mr. Peck reports that there are several properties being worked in his immediate locality and that throughout the entire district mineral development is progressing steadily. All the citizens in the Elk and Oro Grande districts anticipate a very lively season there during the coming spring and summer.

### May Be Potters' Clay.

A deposit of what is thought to be potters' clay has been found on the Louis Kauffman ranch a few miles from town. The stuff is there in large quantities and specimens will be taken to outside cities this week and tested. Parties who are familiar with potters' clay say that the Kauffman ranch find bears a great resemblance to the genuine article, and many really believe it to be a fine grade of this class of clay.

### Masonic Officers Elected.

At a meeting of the Masonic lodge Saturday night the regular annual election of officers was held and resulted as follows: C. S. Arnold, W. M.; J. B. White, S. W.; N. McArthur, J. W.; A. F. Parker, treasurer; E. L. Kilen, secretary. These officers will be installed on the evening of December 29th.

Fondest Dreams of Pioneers, Cherished for Years, at Last Have Blossomed Into a Pleasant Reality.

## REGULAR SCHEDULE IS BEGUN TODAY

150 Passengers Enjoy Ride Over New Road—Enthusiastic Crowd Sees Departure of First Train.

Today, December 9th, 1908, will go down in the history of Grangeville and Idaho county as the most important in the chronicles of the city and county's developments and achievements, for upon this day modern passenger and freight trains began their daily runs to and from Grangeville.

Last night about 12 o'clock the passenger train arrived here and this morning at 7 o'clock started upon its first trip to Lewiston. Grangeville folks made up a large number of the passengers aboard, many making good the oft-repeated avowal that they intended to ride out on the first passenger train.

### 150 Passengers.

Several hundred people were at the depot this morning and about one hundred and twenty-five persons purchased tickets to outside points. In the rush several were unable to secure tickets and it is estimated that fully one hundred and fifty people left Grangeville on today's train.

### The First Ticket.

The first ticket sold, Number 3548, entitled the bearer to a ride to Lewiston and was purchased by Evan Evans, a well known property owner of this city. The first coupon tickets were purchased by J. and P. Ewan, who have been mining on Snake river and who left today for Kingman, Arizona. Frank Willey, a passenger on this morning's train for Creston, Iowa, bought the second coupon ticket issued.

### Facts About the First Train.

The train which left this morning was made up of a baggage car, a smoker and two passenger coaches.

It was drawn by engine No. 92, which was presided over by W. G. Houghton, engineer and W. A. Wright, fireman. H. H. Morris and W. F. Pentz were conductor and brakeman, respectively.

### The Passenger Schedule.

The passenger schedule as furnished The Globe yesterday by General Agent W. J. Jordan is as follows: Leave Grangeville every day at 7 a. m., arrive at Lewiston at 11:25 a. m. Returning, leave Lewiston at 2 p. m. and arrive at Grangeville at 6:45 in the evening.

### Freight Schedule and Rates.

The local freight service provides for two trains and two crews, the trains departing from this city and Lewiston at 8 o'clock in the morning. The freight rate has been announced as 65 cents per hundred for first class freight; 55 cents, second class; 46 cents, third class; and 39 cents, fourth class.

### Other Schedules.

The beginning of train service over the new roads makes necessary some changes in the present schedules over the Spokane-Lewiston line and the Clearwater branch. The service announced for the latter is as follows, a six-day service to be provided: Leave Stites 6 a. m., arrive Lewiston 9:45 a. m. Leave Lewiston 2:00 p. m., arrive Stites 5:25 p. m., and the change to be made on the Lewiston-Spokane line provides that the day trains will leave Spokane at 8 a. m. instead of 7 a. m., and arrive at Lewiston at 3 p. m. instead of 2 p. m. Leave Lewiston at 8:10 a. m. instead of 7:10 a. m., and arrive at Spokane at 3:00 p. m. instead of 2:00 p. m.

### In the Social Realm

The leap year ball to be given by the Rebekah lodge on Christmas eve promises to be one of the most delightful social functions of the holiday season. The ball will be given at the I. O. O. F. hall and the ladies of the Rebekah lodge will have entire charge of the affair. They will serve a bounteous supper in the banquet room and a committee of ladies will act as floor managers. Leap year customs will be in evidence in all events of the evening. The Riggs orchestra will provide music for the occasion. A very pleasant evening is promised.

A very pleasant event was the reception given at the high school room Monday night in honor of the visiting teachers. A literary and musical program of much merit was given after which all present participated in jolly games. Delicious refreshments were served.

### New Officers Chosen.

Last Thursday night the members of the Mizpah Rebekah met and

elect officers as follows: Mrs. Nellie Murray, noble grand; Miss Alva Overman, vice grand; Miss Josie Miller, secretary; Miss Mabel Graham, financial secretary; Miss Mabel Monroe, treasurer; Mrs. Annie Graham, trustee.

### Some Real Estate Transfers.

L. M. Harris & Co., real estate dealers, report the following sales this week: The G. A. Nutt 80-acre farm 4 miles northwest of Grangeville to Mrs. Minna Hohaus; the D. D. Shaver 160-acre ranch near Mt. Idaho to Dr. Jesse L. Rains; two lots in Sherwin's addition belonging to W. R. Bonebrake to P. M. Glanville.

### Grangeville Markets.

The market prices on livestock and farm products are given as follows by local business concerns:

Wheat, 65c to 67c per bushel; oats, \$1.25 per cwt.; barley, \$1 per cwt. Beef cattle, on foot, cows 2<sup>1</sup>/<sub>2</sub>c, steers 3<sup>1</sup>/<sub>2</sub>c, veal 6c per lb.; hogs 5<sup>1</sup>/<sub>4</sub>c per lb.; sheep 3<sup>1</sup>/<sub>2</sub>c per lb.

Chickens \$3 per dozen. Ranch butter, 30c lb.; eggs 40c per dozen.

Baled hay, \$11 a ton.

The Stites train Lewiston-bound will connect with the outgoing Spokane train at Arrow Junction, and on the return trip in the afternoon will connect at Arrow with the Lewiston-bound train from Spokane, thus allowing a transfer of passengers at that point. The Lewiston-bound train from Spokane will also connect in the afternoon at Lapwai Junction with the outgoing Grangeville train, allowing a transfer of passengers there.

### The Stationmen.

R. C. Bell, formerly of Culesac, is to be the Northern Pacific station agent at this point and R. T. McLaughlin, of Lewiston, will be operator. Both gentlemen arrived in the city Monday evening and are at work at the station today. A cashier and two warehousemen arrived on last night's train and have also taken up their duties.

### An Improvised Depot.

Until the depot building is completed the business will be looked after in box car offices already provided. Work on the depot will progress steadily and the structure will be ready for occupancy shortly.

### Express Office at Depot.

The announcement has been made that the Northern Pacific express office now located on Main street will be dispensed with and the express handled at the depot.

### To Lewiston 79 Miles.

The length of road just completed is fifty-five miles. It is an extension of the Lewiston-Culesac branch and, therefore, trains will be operated between Lewiston and this city. The distance from here to Lewiston over the road is seventy-nine miles.

### Among the Churches

#### Trinity Episcopal.

Sunday school at 10 o'clock a. m., morning service at 11 a. m. and evening service at 7:30 p. m.

#### Baptist.

Rev. Saxton will be delighted to see large audiences at the regular Sunday services Dec. 13. The subject for 11 o'clock services is, "Prayer vs. Intellectualism." The subject for evening discussion is, "God's Attitude Toward Men," the third sermon preached on the subject of divine healing. The large and attentive audience last Sunday evening and the sanction of what the pastor said by the members of the church as well as by other Christian people proved that the message was timely.

Come and hear what a preacher has to say on these two great subjects.

#### A Visitor From White Bird.

Judge F. Z. Taylor, of Whitebird, was up from the Salmon river town on business the first of the week. He returned home today.

### NO NEW JUDGES.

Special Election, as Provided for by Amendment, Won't Be Called.

Gov. Gooding has announced that there will be no special election held to fill the "vacancies created by the adoption of the constitutional amendments" abolishing probate courts and re-districting the state for judicial purposes. He is acting under the advice of the attorney general's department which believes that the amendments were not regularly adopted and ratified. The grounds for the opinions of the attorney general's department are given as follows:

"That the different propositions submitted to the electors were not in shape to be voted on separately as required by the section of the constitution relating to constitutional amendments. In other words, seven separate sections of the constitution are amended or repealed by one question printed on the official ballot."

### HOLD WEEKLY DEBATES.

Literary Society Organized at Adkison Schoolhouse Good Programs.

A literary society has been organized by the people residing in the vicinity of the Adkison schoolhouse a few miles southwest of town and meetings will be held every Saturday evening. The society's initial meeting was held last Saturday evening and a good program was presented. The most entertaining feature of the evening was the debate upon the question, "Resolved, that banks should secure depositors." C. D. Murphy, Ralph Telcher and Walter Knorr handled the affirmative side of the question and won easily, the decision of the judges being unanimous.

It is planned to provide entertaining programs for each meeting all winter and in this way good times will be enjoyed by all who attend. The meetings of the society are open to the public.

### W. S. C. Won Debate.

The debate between the Washington state college and the University of Idaho at Pullman last Friday night was won by the W. S. C. debaters who championed the affirmative of the question, "Resolved, that a federal law should be enacted compelling all national banks to establish a guarantee fund for the payment of all the depositors of any insolvent banks." Ralph Williams, formerly of this city, was a member of the Idaho team.

### Spokane's Apple Show.

This is the week of the national apple show at Spokane and apples from all parts of the globe are on exhibition there. Daily programs of lectures and demonstrations in which the growth and marketing of the apple is the principal topic are being given and many social functions make the week exceedingly lively in the power city. Several Idaho county folks plan to attend the last of the week.

### State Building Burned.

The building occupied by the state school for deaf, dumb and blind children at Boise was partially destroyed by fire last Friday morning. No lives were lost. The fire reached some of the state offices and it is feared that a few state records may have been destroyed. The fire entailed a loss of \$20,000, which was fully covered by insurance.
