MRS. BENNIE CASTLE BURIED.

Succumbed Sunday to Burns Received Last Monday Week
After living in terrible agony for nearly a week following serious burns sustained when a gasoline explosion occurred at the ranch home near Tolo, Mrs. Ben Castle passed into the great beyond last Sunday night at 10 o'clock at the age of 65 years, 1 month and 25 days. Everything that human hands could do to alleviate her sufferings and to save her life was done to no avail.
Funeral services conducted by W. N. Knox were held at the Christian church in this city Wednesday forenoon, and interment was made in the Denver cemetery under direction of Undertaker E. S. Hancock, the services taxing the capacity of the church building.
Herma Heath was born at Noel, Missouri, December 27th, 1894. A few years ago she was united in marriage to Bennie Castle, who with one child survives her. She is also survived by four brothers and three sisters as follows: George, James, Lew and Thomas Mrs. Daisy Steinbach, Mrs. Emma Gill and Mrs. Etta Hazelbaker all residing in or near Grangeville

RETURNED FROM CONVENTION.

Northwest Mining Convention Attended By E. M. Griffith.
Grangeville's delegate to the Northwest Mining convention held last week at Spokane, returned home Saturday night. The convention was largely attended by mining men from all parts of the country. Mr. Griffith was successful in having a resolution adopted by the convention which will stimulate the production of gold. At the present price of gold that metal is being mined at a loss it is contended, and the resolution deals with a proposition to increase the price per ounce.
An effort was being made before the convention to secure an endorsement of the convention of the move being pushed by W. C. McNutt of Elk City, to have the matter of the construction of roads in the forest reserves taken out of the hands of the department of agriculture and placed under the guidance of the bureau of mines. Mr. Griffith naturally opposed this proposition and was ably assisted by Senator N. B. Pettibone and Representative Seth Jones, who stopped off at Spokane on their way home from Boise where they attended the special session of the legislature. Inasmuch as the department has already commenced on road building and has made available the money for the first link in the South Fork road, it was the sense of the convention that the building of the road would only be retarded by the adoption of the resolution, it was given a negative vote.

ANNUAL FIREMEN'S BALL

Twentieth Annual Event to Take Place Tomorrow Night.
The annual Firemen's Ball is slated for tomorrow evening February 27 at Dreamland Hall and the committee in charge hopes to make the affair the most successful in the city's history. The treasury of the department is not overflowing and the fire ladders are in need of all the funds that can be gathered in. It behooves every citizen, every property owner and every devotee of the dance to purchase to the limit in order that the fire department may be maintained at its highest possible state of efficiency. The Firemen's Ball is always one of the most brilliant dances of the year and is always largely attended. Committees on music, decorations, supper and other details are at work and nothing will be spared to make the dance a wonderful success.
A committee representing the firemen canvassed the city for the sale of tickets and disposed of 112 in a very short time. Indications are that all former affairs will be outdone this year.
The cowboy orchestra, led by Prof. Jack Running, will furnish the music and supper will be served at the Silver Grill.
