To all subscribers outside of the United States \$1.50 per year.

Entered April 28, 1903, at Rathdrum, Idaho, as second-class matter, under Act of Congress of March 3, 1879.

--- This paper has enlisted with the government in the cause of America for the period of the war ---

VOTERS of Idaho must not overlook the constitutional amendment to abolish the office of state superintendent of public instruction at the coming election. There is no politics in this amendment. All parties and the present incumbent agree that the office is unnecessary and should be abolished.

THE government, through the county directors, is calling on farmers and all others to bring in all the scrap iron and steel they have. The need of this material is said to be very urgent.

THINGS are sizzling around the short term senatorial toga.

Buy bonds and back the guns that hit the Huns.

### PROGRESS OF THE WAR.

The allies continue to drive back the Germans all along the western front north of Verdun. The Germans are fleeing from northern Belgium, hotly pursued by Belgian, British and French troops. The British, French and Americans north of St. Quentin and the Americans and French north of Rheims are advancing steadily, meeting fierce resistance at many points especially in the Champagne region where the German second line of defense has been cut.

In the near east the allied forces have taken Nish in Serbia and Italian troops have occupied Durazzo, Austria's naval base on the Albanian coast.

Several hundred American troops have been lost at sea. One ship falling behind its convoy on account of engine trouble was torpedoed and the men shelled to death by the submarine crew while they struggled to save themselves in the small boats. A transport collided with a steamer off the Scottish coast during a storm and was dashed to pieces on the rocks of Islay Island. Several hundred of the men on the transport were saved by a British destroyer.

In an exchange of notes, President Wilson, as spokesman for the entente governments, has told the German government plainly that the only terms the allies can give in response to Germany's appeal for peace or an armistice, are those of unconditional

surrender. Germany's armies must lay down their arms and certain German cities and fortresses must be placed in possession of the allied armies as guarantees of good faith.

### IDAHO STATE NEWS ITEMS

(CONTINUED FROM FIRST PAGE)

of the uncertainty of obtaining labor and materials, and because of the higher prices of these.

Official interpretation of the closing order issued by the state board of health as a preventive measure against spread of the Spanish influenza in the state gives the order a more drastic effect than was apparent in the original announcement. Pool and billiard halls, lodges, dance halls and church social activities, as well as theatres and public swimming pools come under the ban, it was held by Dr. E. T. Biber, secretary of the board, who issued a supplementary order to county health officers explaining the effect of the original order.

By order of the federal and state food administrations, the grading of potatoes by licensed dealers seeking markets outside the state will be compulsory, Harvey Allred, director of the state farm markets bureau, announced in a bulletin issued last week. The prospect for future potato prices is good, providing cars can be had at the proper time for shipping, it is stated. Transportation and weather conditions being favorable, prices should not go below \$1.20 for U. S. No. 1 grade; \$1.35 for U. S. No. 2, and \$1.50 for Idaho fancy.

In view of complaints received by Food Administrator Bicknell from dealers that the price restrictions placed by him on sales of low grade wheat for feed purposes under the permit system recently announced was retarding their dealings in such wheat, he said that the program was not established for the benefit of dealers and it was a matter of indifference to him whether or not they handled such wheat. Mr. Bicknell makes it clear that special permits for feed wheat that grades below No. 3, such as mixed and shrunken grades, are issued as a matter of relief to growers of stock because of the acute mill feed shortage, but he prefers that the producers of such wheat feed it to their own stock where permits are issued, or that they sell it to neighboring livestock men, rather than to dealers.

### Town Council Met.

At the special meeting Tuesday night, the village trustees allowed the following bills:

G. R. Malanya, night watching to Oct. 1	\$34.
J. R. M. Culp, clerk salary	38.05
W. W. Bennett, treas. "	20.
M. F. Egbers, atty. "	20.
Rathdrum Electric Co., lights for Sept, 1918	79.50
Rathdrum Grain & Supply Co., lumber for park	5.75
W. S. Gill, sawing wood and hauling sand	4.
B. Gaston, repairing pipeline	2.40
G. R. Malanya, repairing walks	1.95

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, 75c.  
Hall's Family Pills for constipation.

# NOVEMBER 5th IS THE DAY

You will be called upon to cast your vote to decide whether or not you wish to place this state in the hands of the Nonpartisan league, an organization which has been coupled by its leaders with the organizations controlled by Debs, LeSeuer and Haywood who have always worked to overthrow the fundamental principles of our government. It is the duty of every supporter of the boys in the trenches to register and vote against the followers of Townley.

### POLITICAL NOTICES.

#### Burton L. French and the Grain Farmer.

Of interest to the farmers of the Inland Empire in Idaho is the service rendered in Congress by Burton L. French in protecting the welfare of the farmers who are wheat growers.

Mr. French was one of the members who supported \$2.50 wheat in the present Congress, carrying this provision of the bill thru the House. He was one of the members who recognized the injustice being done the wheat growers of Idaho in establishing the basic price of 1917, without fixing price of farm commodities, machinery, etc., and without proper relation to the Chicago price, and who stood for increasing the basic price for 1918 in the Northwest. All was not accomplished that was urged, but the basic price was increased to the material benefit of the Northwestern farmers.

On this subject, the following is an interesting letter to Mr. French from the Lewis County Rochdale Company:

(Copy)  
Ilo, Idaho,  
Feb. 26, 1918.

Hon. Burton L. French,  
Washington, D. C.

Dear Sir:

We desire to express our thanks to you for your support in the past struggle to secure a better wheat price and also Northwest Basic Price for us. Your support in this matter, which we felt was justly due, has been greatly appreciated by the people of this territory.

Again sincerely thanking you, we urge that you give your support to any measure that will relieve or help the present condition.

Very respectfully yours,

(Signed)  
LEWIS COUNTY ROCHDALE  
COMPANY  
By W. D. Stratton.

Mr. French is now active looking to increasing the price for 1919 and urges the following reasons:

First, In comparison with the price of corn, oats, rye, and barley, the price of wheat should be more than \$2.20 per bushel.

Second, In comparison with the price of cotton, \$2.20 wheat is cheap.

Third, If the price at \$2.20 was right one year ago, it is too low today for the reason that labor and machinery have vastly increased in cost to the farmer over one year ago.

Within the last week, Mr. French spoke before an informal meeting of members of the Senate and the House and wheat growers from various parts of the country, advancing his ideas.

### REPUBLICAN STATE TICKET

For U. S. Senator, long term, Wm. E. Borah.  
For U. S. Senator, short term, Frank R. Gooding.  
For Representative in Congress, First District, Burton L. French.

For Superintendent of Public Instruction, Ethel E. Redfield.  
For Inspector of Mines, Robert N. Bell.

#### Bronchial Trouble.

Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears."

The food administration rules that flour shall not be sold at a maximum profit to exceed \$1.20 a barrel. Butter shall not be sold at more than 6 cents profit a pound delivered and sugar at a profit not to exceed 1 cent a pound.

The influenza epidemic in the military camps is abating, but continues to spread through the civilian population. About 500 cases are now reported in Idaho.

Huntington Taylor has appointed H. H. Beier of Coeur d'Alene as publicity director for Kootenai county.

#### Sincere Gratitude

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

Some  
Satisfying  
Chew!

Break two or three little squares off the plug of Real Gravelly. It's a small chew - tastes better and stays with you longer than your big chew of ordinary plug. That's why

it costs nothing extra to chew Real Gravelly - the best chewing plug in the world.

It goes further - that's why you can get the good taste of this class of tobacco without extra cost.
