"Entered April 28, 1903, at Rathdrum, Idaho, as second-class matter, under Act of Congress of March 3, 1879.

As has been said before, there is no good reason at this time for the state of Idaho to incur the great expense of holding a convention to revise the state constitution. Furthermore, while attention is riveted upon the war and efforts to win the war, the public mind is not in that condition of calmness essential to careful deliberation upon so important a matter as the constitution. The proposition, coming before the voters next Tuesday, to call a constitutional convention should be defeated.

HEALTH authorities of Des Moines are quoted in the Christian Science Monitor as directing attention to the value of common sense and a calm attitude of mind in conquering fear of infection during the present influenza epidemic. Know the truth about disease and the laws of health and be calm and cheerful of mind. These suggestions are worth passing on.

CONGRESSMAN French, with his record of faithful work back of him, may be expected to come through the election with his reputation as a vote getter unimpaired.

THE state of Idaho has tried before to get rid of the superfluous office of state superintendent of public instruction and ought to succeed this time.

THERE is no doubt that Idaho's great senator, Borah, will be re-elected. He is too valuable a man to retire.

IDAHO will have a hard, aggressive fighter in the senate if Ex-Governor Gooding is elected.

SENATOR BORAH.

### Greatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y.

### POLITICAL NOTICES.

#### A CORRECTION.

Bert A. Reed, republican nominee for reelection as prosecuting attorney, authorizes that the comparison of office expenses given on another page be corrected to show that the figures given are for the 9 months period from April to January instead of for the full year.

#### Asks Re-election.

To the people of Kootenai County:  
On account of the great amount of work required of the Local Board, under the Selective Service Law of the United States, in registering, classifying, examining and inducting men into the United States Army, it will be impossible for me to meet the people throughout the County prior to the election, nor would I feel justified in making a campaign requiring the expenditure of time and money, had I the time to do so, while the abnormal conditions occasioned by the great war in which we are now engaged exist.

I only wish to say, through the press of the County, that I am asking the people to retain me as their Sheriff for the next term, if my work as such has met with their approval.

Asking you to give my candidacy such consideration, as you may think it deserves, I am,

Yours very truly,  
T. L. QUARLES.

#### TO THE ELECTORS OF KOOTENAI COUNTY.

Owing to my duties as Clerk of the Dist. Court, Ex-Officio Auditor and Recorder, and the additional work for the Government as a member of the Local Draft Board and Explosives Licensor, my entire time has been taken up, and for these reasons I have been unable to get out over the County in the interest of my candidacy for the office of Clerk of the District Court, Ex-Officio Auditor and Recorder. However, I trust that my record is such as to justify me in soliciting your support at the coming election, November 5th.

EMIL ELDER.

## WHO DOES PRESIDENT WILSON ENDORSE?

Whenever you have a Democrat running for a State office, and you feel that the President will be better supported by his election, vote for him.

However, there is nothing in the President's appeal which can be construed as an endorsement of renegade Republicans, I. W. W.'s, Anarchists, Pro-Germans, or Disloyalists. Neither is there anything in the President's appeal which can be construed as an endorsement of the Non-Partisan League candidates, fraudulently running on the Democratic ticket.

The President is above this. Indeed, he appointed and reappointed Stephen J. Doyle as United States marshal of North Dakota, but this fall gave him leave of absence from his office and an unqualified endorsement to run for Governor of North Dakota against the candidate of the Non-Partisan League in that state.

The following are the Non-Partisan League candidates running under the false color of Democratic candidates:

- |                         |                 |
|-------------------------|-----------------|
| For Congress            | L. I. Purcell   |
| For Governor            | H. F. Samuels   |
| For Lieutenant Governor | Oscar G. Zuck   |
| For Secretary of State  | William A. Fife |
| For State Auditor       | W. P. Rice      |
| For Attorney General    | B. A. Cummings  |

These candidates are members of the Non-Partisan League and were nominated as Non-Partisans defeating loyal Democrats, and are certainly not endorsed by the President. They are the Bolsheviki who were hand picked by Townley and LeSeuer, I. W. W.'s, and foisted upon the Democratic ticket through chicanery.

In view of the recent I. W. W. trial in Chicago and the great expense to which President Wilson's administration went to prosecute and bring to justice Haywood and 92 of his associates, proven friends and political associates of Townley and LeSeuer, it will hardly be argued that the President desires any of their ilk in any office of trust in Idaho or any other state.

Remember that when H. F. Samuels was Prosecuting Attorney of Shoshone County, he disqualified himself as prosecutor of the men who dynamited the Bunker Hill & Sullivan mill, saying they were his friends and associates and the men who elected him to office. Remember also that if he is elected Governor it will be the same element who will be his friends and associates and the people who elected him to office. Should his I. W. W. friends commit outrages, what would he do?

We appeal to every loyal citizen, regardless of party, to vote against all of the above candidates.

PRESIDENT  
REPUBLICAN STATE HEADQUARTERS  
FOR NORTH IDAHO.

### A Challenge to Frank R. Gooding.

We, the undersigned farmers of Kootenai County, Idaho, challenge you, Frank R. Gooding, or any of your supporters, to bring forth any evidence whatever to show that the platform of principles adopted by the Nonpartisan League of Idaho teaches any disloyal, seditious, or I. W. W. doctrines. We furthermore challenge you to bring forth any seditious or disloyal literature that has been sent out from the Idaho headquarters of the Nonpartisan League, or that they ever have instructed any of their organizers or lecturers to teach any disloyal, seditious or I. W. W. doctrines.

### Senator John F. Nugent

is at his post of duty, toiling night and day on the most important committee of the U. S. Senate which is framing the Revenue bill that is to provide the sinews of war for a victorious army of four million Americans.

With unshaken confidence in the intelligence and patriotism of his fellow citizens he has utterly ignored the shameless campaign waged against him. By his devotion to duty; by his unwavering support of President Wilson; by his blameless record as a splendid self-sacrificing citizen; by his achievements as a senator he has earned your support. The President wants him! Idaho needs him!

That good  
Gravely taste!

Real Gravely is the common-sense chew for men. It is economical. A man gets his tobacco satisfaction out of a smaller chew and fewer of them. The good Gravely taste lasts a long while. Two or three small squares of Real Gravely stays with you

longer than a big hunk of ordinary plug. Each piece is packed in a pouch. These are the plain facts about Gravely Plug Tobacco.

It goes further—that's why you can get the good taste of this class of tobacco without extra cost.
