New Year's Greetings

A cordial clasping of your hand,
A happy smile you'll understand,
A friendly look into your eye—
These are the things we cannot buy,
And in this ad cannot send,
But yet as greetings we extend
In Spirit.

Speaking of RESOLUTIONS

A host of resolutions eagerly made and idly dropped are cause only for ridicule.

A few resolutions seriously made and as seriously kept can be the means of taking your far.

As a suggestion: Why not resolve to put "something," no matter how little, into the bank regularly—

And then resolve to keep that resolution!

GAMBLER SAVES MANY LIVES

William S. Hart in "White Oak" Has Role of Gambler-Hero.

One of the most unusual, original and thrilling incidents in "White Oak," William S. Hart's new Paramount photoplay, which will be shown at the Amazon theatre Friday and Saturday of this week, is that in which Mr. Hart in the character of Oak Miller, a gambler, saves a wagon train from Indians single handed, by changing his base of operations from point to point and shooting first with a pistol and then with a rifle.

Attacked from the rear, the savages suppose that this is the fire of a considerable body of attackers, and also the deadly aim of the marksmen disconcerts them and they draw off, thus giving the emigrants a chance to rally and turn defeat into victory.

The title of the play is in the fighting fifties. It is a graphic story of the hardships of the pioneers and the dastardly work of a smooth villain. It tells a charming love story as well. Volva Vale and Mr. Hart being the principals. The story is an original

by Wm. S. Hart and Bennet Musson did the continuity.

All who have read the early history of the emigrant trains of prairie schooners, or who have marveled at the bravery of the men and women of those days, will appreciate this screen romance, and the thrills with which it was possible to invest it. The material was at hand and Mr. Hart made excellent use of it.
