

If a voter do not registered anew this year, whether he voted last year or not, he cannot vote either in the coming primaries or in the general election this year. This duty of every good citizen to make his own necessary qualification to vote this year, in the primary election as well as in the general election. There are important issues at stake. First, all good citizens want to sustain those who are in authority in the conduct of the war. Second, we all want good government in Idaho. If you do not register your vote will be lost. So register at once. This applies to women as well as men. In each voting precinct there is a registrar. The registrar can easily be found. Registration books are now open. Don't let another Saturday pass without attending to the patriotic duty of qualifying to cast your vote. See that your wife and other adult members of your family also register. Then look up your neighbors to impress upon them the importance of attending to their duty of registering.

BRADLEY & WATKINS.

Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. *No power on earth can hold them back.*

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. *We must lend the way they fight.*

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!
