JUDGE JOHN H. PADGHAM

To the people of the Sixth Judicial District.

This is to inform you that I am one of the two candidates whose names were on the primary ballot, for your consideration in choosing a district judge. I have caused my picture to be printed here, with my message, because that is the nearest I can come to making a personal visit to each of you.

You, of course, will understand that it would take up too much of my time to visit all the homes, and it would take up some of your valuable time to receive me when I called perhaps in a busy time for you. We can both expend our "man power" to better effect at our work, so I employ the press of your community to say to you that I am a candidate for this important position, and that I earnestly solicit your consideration in making a choice of where you will bestow your vote.

I am a native of the state of New York and was admitted to the bar in Michigan in 1879, came to Salmon City, Idaho, in 1898 and have practiced law and held judicial positions by turn for these thirty-nine years. I am well informed in all branches of law and litigation usual to this district. I enjoy the respect and confidence of the people of Lemhi county, have always been counted among those who stood for what is best and highest in citizenship, and when occupy a judicial position I expect to honor the office by conducting its proceedings with dignity and decorum, seeking to have a dispassionate interpretation and application of the law.

I ask that you accept this printed message in place of a personal meeting, and allow me to say that the picture is not sent on any assumption that you cared for it, but since each life is depicted in the features and you wish to be your own judge of character of the man you place at the head of the courts of your district the camera was employed last week to picture me correctly in your paper today.

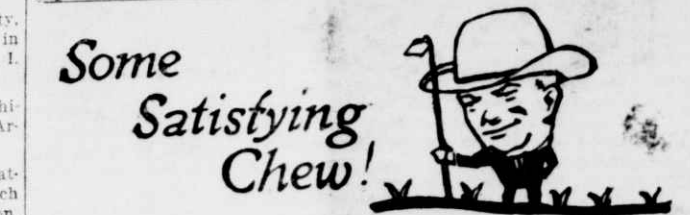

J. H. PADGHAM.
