

Buy the Range that Pays for Itself!

IT'S THE **Monarch** MALLEABLE The 'Stay Satisfactory' Range.

Built air tight with rivets--not fastened together with stove bolts and plastered up with stove putty.

If ranges aren't supposed to be air-tight, why are the seams and joints of the common steel range plastered up with stove putty? Ask this of the man who tries to sell you a grey iron and steel range.

Everyone who has ever used this kind of range knows how these puttied seams open up, how the range requires more and more fuel every month it is burned, and the worst

of it is, the more fuel it uses, the harder it is to get good results. What a contrast to the Monarch--built permanently air-tight by hand riveting its heavy steel plates to the Malleable Iron frames.

It does its work just as promptly, with just as little fuel after many years as when new. As stove dealers of long experience we know that the Monarch saves the fuel that is wasted by other ranges. Give us a chance to convince YOU that--

FERDINAND FINDINGS.

Mrs. Minta Zinn is in Grangeville taking medical treatment.

Mrs. S. Jones, who has been quite sick lately, is convalescing.

Mr. Jos. Haener, of Cottonwood, is visiting his son, Emile Haener.

The M. W. A. lodge will give a big dance in the Ferdinand hall Friday eve.

Mrs. De Parree, of Grangeville, is visiting her sister, Mrs. Clyde Manning.

Shipments of grain and hay continue slow on account of the scarcity of cars.

Mrs. R. S. Lloyd returned last Sunday from a visit to Spokane and Palouse City.

The Farmers Educational Union held a meeting Saturday which was well attended.

J. H. Nuxoll and family, of Greencreek, visited the J. A. Bushue family Monday.

Quite a lot of hay is being delivered at the warehouses here from the country south of Westlake.

M. O. Rank, the general salesman of the Spokane Dry Goods Co., was doing business here last Monday.

C. A. Hanson is putting up a building on west Main street to be occupied as a dwelling and millinery store.

Our enterprising merchants, Nau and Staab, received a carload of farm implements and vehicles last week.

C. M. Fagan, of Winona, has bought the blacksmith shop of Mr. Terwilliger and moved his family over last week.

A petition for a rural mail route has been sent to Washington. The same takes in the Dryden and Greencreek countries.

To say that the people here are rejoicing over the change in mail service which took place is putting it mildly. Heretofore Ferdinand had the slowest mail service of any town on the prairie, but now we are up to date in this respect. The old mail route from Westlake still continues to run and has been extended to Forest, with Ferdinand as distributing point.

A grand wedding took place in the local Catholic church last Monday morning at 8:30, the contracting parties being Miss Marie Helm and Henry Herzog. The bride is the eldest daughter of Mr. and Mrs. Herman Helm and is known as a very estimable young lady who has a wide circle of friends. She was very becomingly gowned in a blue silk dress with overlace trimming and the usual wreath and bridal veil, while the groom wore the conventional black suit. The groom is a prosperous young rancher and owns a fine ranch near town and is known as a very industrious and enterprising young man. After the ceremony all repaired to the home of the bride's father where a large number of friends and relatives congregated to participate in the wedding festivities. All enjoyed a big day and departed wishing the happy couple many years of happy wedded life.

Two New Drug Stores Coming.

From present indications Cottonwood will soon have two more drug stores. S. R. Libbey, who was engaged in the grocery business until recently, has rented the Schober building and informs us he will install a complete line of drugs there early next month. Mr. Libbey has had considerable experience in the drug business in former years and will no doubt make a success of his new venture. The third drug store for this place will be started by a gentleman from Culdesac who was here looking over the field this week. Just how soon he will start up we are unable to learn but under-
