

MONEY TALKS

Of all the books a young man could own a Bank Book is the best

A young man's bank book is an indication that he is under real headway.

The young man with a bank account is already "getting on" in the world. It indicates prosperity and habits of industry and business that augur well for his future.

And it is a testimony not only to tangible possessions but to personal qualities that have much to do with winning the admiration and confidence of acquaintances.

Interest paid on savings.
