Institute Postponed
Miss Ella Breshars was visiting schools in District 58 this week. She announces that the County Teachers meeting which was to have been held in Montour in November has been postponed in compliance with health regulations.

Nazarene Church Notes.
The Sunday school and Sunday morning preaching service held on the lot adjoining the hall was well attended and a great success. A platform was built and benches taken from the hall, making things very comfortable. Mrs. Earl Seaman furnished music with her guitar and the people enjoyed the service under the canopy of the skies. At the close of the service two young lady sought the Lord and two adults united with the church. A large crowd listened to the singing and testimonies and preaching on the street Sunday night at Main and Washington streets. As long as the closing order of the board of health is in effect we will hold Sunday school and morning services on the lot next to our hall and street meetings Thursday and Sunday nights when the weather is at all favorable. We urge God's people to pray often with and for one another in these trying times of war and pestilence and to seek in a personal way to accomplish the salvation of precious souls.—W. H. Parker, Pastor.
