

A Faithful Servant, Cong. Burton L. French

NEWS OF OUR SOLDIER BOYS

(Continued from Page 1)

I do to eat, as we sure have a plenty and it is good. The bread is as good as you can get in the states and there isn't any substitute in it either. I have gained in weight and am about two inches taller than I was when I left home, because I have hiked over enough ground so as to stretch that much anyway.

I don't know what the boys would do if it wasn't for the Y. M. C. A., because they keep about everything one would need outside of the government supply. They gave us a show the other night, which was a good success. It was called the "Follies of 1917." It was composed of boys dressed up as girls. They were not as good as girls, but they did fine with their parts. We are going to have another field meet tomorrow, in which each company will compete for the championship of the Regiment honors. It consists of relay races, hundred yard dash, shot put, broad jump, run broad jump, three legged race, potato race, high jump and half mile race etc. A regular athletic event, also a race between fifteen men who can put their gas masks on the fastest of the two companies.

I went to get a shave the other night and when he started to shave me he just about put lather all over my face, and when he got my face shaved he made me wash the lather off myself.

Well I sure do wish I could see you once again, as I'm sure lonesome, but I guess it will not hurt me, as there are lots more of the men over here in the same fix. At last I have found two Latter Day Saints boys over here. They have been in this division all the time, but been in Co. E ever since we left America. I sure was surprised to meet one of them last night as I went into the barber shop. I as a bugler, asked if he was waiting to get a shave. He said he was and naturally that lead to talking. He asked me if I was from Idaho. I said I was, from Emmett. Then he said he knew quite a few people in Emmett—the Beutlers, Larks, Smiths and quite a few. Then he wanted to know where Mabel B. went to and so I told him. He said he was the one who introduced Mabel to Elder Burr. When I got a good look at him I could remember his face but not his name, and come to find out he was an elder with Elder Burr when they were preaching the gospel in Idaho in 1913. He was awful glad to meet me again and I sure was to meet him. He asked me to come down and talk over old times again, and believe me I sure am going, for he does seem like a brother to me. He is just below our billet, so I can see him often. It is funny how one will meet friends away over here.

Say, I told you I never had any desire to cross the ocean, well you can sure bet that that desire has left me altogether now, I have an awful desire to cross the ocean.

I see by the papers that the Russians are fighting the Bolsheviks now. Well, I hope that Russia wakes up so it will help to bring this war to a close and chase the Kaiser and all his followers clear into H—, where they belong.

I saw a show where the Liberty loans had beat the Kaiser, then knocked him out and threw him down in hell. Pretty quick they threw him out of there again and the devil appeared and said, "What the hell are you trying to do; we don't want him down here; keep him."

NEWS OF SOLDIERS

Richard Little, serving in U. S. N. was in town Tuesday on his way to Boise, to return from there to Seattle where his ship is stationed at present. Mr. Little expresses himself as delighted with his line of service—"Wouldn't do anything else," he says. He has been visiting his sister, Mrs. Milton Nesbitt while on furlough.

Word comes in a letter to T. E. Hance that Bernard Knipe has been promoted to captain. Bernard's rapid advancement is indicative of his attention to duty and his ability to make good. For one so young (he is only 23 years of age) his advancement is remarkable. His many Emmett friends are pleased.

Another Emmett boy who is making good in the service is Irving Chapman (Chappie.) He is at Camp Lewis and has been appointed as instructor in the telephone branch.

Miss May Malmstrom has enlisted in Red Cross work, and left Tuesday for Rock Springs, Wyo., for training as a nurse.

Alton Busch and Glenn Wilson, who went to Portland a few weeks ago to work in the ship yards, have gone to Seattle to work in the ship yards there. Later—a message was received today that both boys were coming back home.

Archie Chambers passed through Nampa on Monday from Camp Lewis on his way to the point of embarkation for France.

Chauncey Payne and the other boys who went with him to Camp Rosecrans, have been assigned to the heavy artillery.

PEARL

R. VanHorton is busy hauling grain to Eagle.

Wallace McDowell is busy putting in his fall crop.

Charlie Wilmott has sold off his stock and left for Seattle.

Scott Stewart has left for New Plymouth.

No one here has got the influenza yet.

Walter Sivereno was here last week visiting his sons.

Our fall range is fine. Stock in good condition.

Turkeys are Scarce.

The turkey market is just opening. The crop of Thanksgiving birds, how-

ever, is somewhat short this year, because of scarcity of feed. Many of the extensive turkey raisers of this section are unable to place any for sale. The Fruit Growers Association has an order from Nampa for 200, which they hope to fill by Saturday night.

No More Canning Sugar.

The order has been issued that no more canning sugar may be sold after November 1. If the housewives of our land have conserved the past few months, they must increase their efforts—prepare less food—waste less food—utilize materials more closely. From authorities on conservation comes the statement that our Uncle Samuel has promised to furnish all the food our allies can transport, and our Uncle Samuel is a man of his word. And we will see him through. We should prefer to do it willingly not by the food card system.

Gas Masks from Red Cross.

A committee from the Red Cross surgical dressing department delivered Flu masks to the barbers and will do so to others in public places who desire to wear them. Authorities differ as to the efficacy of their use, but as a precautionary measure they are recommended by most of the leading physicians and surgeons of the camps. In Frisco and several other coast cities the use of the mask is compulsory—persons appearing in public places without them being arrested.

Bad Roads Detrimental.

Not long ago A. A. Richards wrote to the secretary of the Boise Commercial Club to inquire why tourist travel does not come through the Payette valley. Mr. Hyatt replied that the Payette valley roads were in such bad condition that travelers were routed another way. He added that whenever the roads were made good much travel would come this way, as this route was preferred on account of its picturesqueness. Lack of space prevents publication of the letter this week.

Big Potatoes.

W. L. Norwood is the champion big potato grower. He reports one that weighs six pounds (a freak) and has placed in The Index window two perfectly formed spuds, one weighing 3½ pounds and the other 3 pounds. They were raised on his bench farm.

Gem County's Total, \$178,700.

Gem county exceeded its quota in the Fourth Liberty Loan drive by \$18,700. The total amount subscribed was \$178,000 and was taken by 1196 subscribers.

Accident at Mill.

Walter Emmard suffered a rather painful injury by mashing his great toe while on duty at the mill Tuesday night. He will be "laid up" a few days.

Furs Wanted

The New York Store will pay the highest prices for all kinds of furs.

Baptist Notes.

On account of the increase of influenza we will have no open-air services on Sunday.

The church will be open from 11 to 12 a. m. Sunday morning, at which time Sunday school papers and quarterlies may be secured at the front door. An opportunity to contribute for the Sunday school work will be given. The purchase of our supplies for the next quarter depends upon the free will offerings.

On Friday we make our semi-annual payment on the church debt. We hope to have \$400 to pay at that time. Payment may be made at the Bank of Emmett.

Next Sunday will be the fourth Sunday since the closing order went into effect. Meanwhile the expenses go on. In order to accommodate subscribers to our church budget a box is placed at the Golden Rule store, where envelopes and offerings may be deposited. Envelopes can also be secured there. Let us keep up the financial end of our work.

The Sunday school subject for next Sunday is, "Appetite and Greed." It is the story of Jacob and Esau. The

ALLA L. BULLOCK

Republican Candidate for Assessor of Gem County.

Fourteen years' experience in general clerical work in business and public offices is a guaranty that she will conduct the duties of the office on a high and efficient plane.

Women can fill the same positions as men can.

Cast your vote for her.

Closing Out Rugs

We have determined to close out our Rug Department. Want the space it occupies for other lines of merchandise, so shall sell the rugs out as quickly as possible.

We are naming prices on them that can't but appeal to buyers. Fortunately, we are able to do this to a degree that is very unusual. Our Rugs were bought more than a year ago, at prices far lower than they are now, so can sell them at less than present wholesale cost.

It's a conceded fact that our rug stock is the most complete in the county. With many beautiful floral and Oriental designs to choose from, and prices far below their worth, we are likely to sell them out quickly. So it won't pay to delay if you want one.

Kharassan Axminster rugs, size 9x12	\$34.00
Cundahar Axminster rugs, size 9x12	32.50
Liberty Axminster rugs, size 9x12	27.90
Star Axminster rugs, size 9x12	23.75
Gathan Velvet rugs, 9x12	23.00
Ontario Tap. Brussels rugs, size 9x12	22.45
Panama Tap. Brussels rugs, size 9x12	19.45
Agate Tap. Brussels rugs, size 8-6x11	16.50

To appreciate the values we are offering here, these rugs should be seen. Our time is at your disposal.

GOLDEN RULE STORE

Emmett, Idaho

topic of prime importance is, "The Mastery of Self." The scriptures suggested are Gen. 25:27-34; 1 Cor. 8:1-13, Heb. 12:15-17. Let this be the scriptures for our home prayers and Bible study meeting on Sunday morning.

FOR COUNTY TREASURER

I have been unable to see all the voters personally, and take this method to solicit your votes.

I stand for attention, promptness, efficiency and economy and on these grounds I respectfully ask your support at the Polls on next Tuesday.

S. O. ZACHMAN.

People's Column

Add Dollars To Your Dairying Profits

IF you rely on the old-fashioned gravity or shallow-pan methods of cream separation, you certainly are wasting a big percentage of the high-priced cream your herd is yielding.

If you are trying "to get along" with an old separator or a cheap, inferior one, you are robbing yourself of profits that your herd is trying to give to you.

Stop All This Cream Waste—Use A VIKING CREAM SEPARATOR

Come into our store the next time you are in town and let us show you how the Viking skims to the cream trace and makes every cow you own worth \$20 more in butter fat every year. Let us show you that the Viking is the most scientifically constructed machine, made of the finest materials, in the largest separator factory in the world.

Let us show you that the Viking is the easiest running, has greater capacity, and is by far the easiest separator to clean.

Pioneer Furniture Store

- FOR SALE—A 3-horse power gasoline engine and 55-gallon tank. H. S. Jenkins. 1
