perform such service as shall extend His power and blessings, among men. We, too, have had a great deliverance. Let us respond in like spirit.

**Intelligent Maine Dog.**

A Gardiner (Me.) dog was caught on the trestle over the new Maine Central viaduct and could not reach the end ahead of the fast-coming train. Being afraid to jump off because of the distance to the ground, the dog dropped his body over one of the sleepers, letting his head and legs hang between the sleepers. The engine and six cars passed along and then doggie perked up one ear, found the coast was clear and calmly finished his journey home.

You don't hear much about conserving the Woman Power of the country.

Probably the best way to start is to see that every woman has a Real Range in her kitchen. She is entitled to the best.

Have your wife call at Hawkins Hardware and examine a Real Range. There is only one Best Range and that is
