SHORT CUT TO NEWS.

ITEMS FROM ALL SECTIONS OF THE COUNTRY.

A Brief Summary of the News Compiled for Our Readers.

Skunks entered cemeteries in Kansas, dug into graves and ate parts of bodies.

The opening of the Lenton season has let the cattle down another 10c per hundred.

The house passed the agricultural bill and made seed distribution mandatory on Sec. Morton.

Prominent republican leaders are advocating a scheme to establish national headquarters in New York.

Mayor Hastian of Sedalia Mo. has declared that Major Warner deserves the republican gubernatorial nomination this year.

Mrs. Stevenson, wife of the Vice President Stevenson, has been elected president general of the Daughters of the American Revolution.

Prof. Servies says that a collision between the earth and Perrin's comet might prove deleterious to the health of the people on the earth.

Chauncy M. Depew declined to address the law students of the Kansas University because the faculty would not allow Col. Ingersoll to make an address.

The Stranger In Shoshone.

Miss Stewart, the teacher of the Des Moines; Iowa, High School, who fell ill while on the train on her way home, about two weeks ago, and who had to be left there, is there yet.

Dr. Pyle was called in to see her, when he arrived there last night. She was in a spasm, her muscles were twitching, and there were symptoms of constipation. A local physician was there, but he said that she was not his patient, Dr. Stone having been called to visit her about 10 days ago.

That gentleman not having been summoned since. Dr. Pyle went to work at once, rolled up his sleeves, called for alcohol, sweet oil and warm water, gave her an injection of water and oil and had her thoroughly rubbed by two ladies.

The sufferer soon opened her eyes and seemed herself again, in every way.

She begged Dr. Pyle not to leave her. But unfortunately, that gentleman had patients of his own to look after here, and already overdue, besides he is not a doctor of medicine but of dental surgery. So he regretfully left her, although he fears that she will die from want of proper nursing and medical attendance.

The trouble with the young woman seems to be that she has no money. But surely her relatives would respond to telegraphic request for assistance.--Wood River Times.

The above item, at its best, is only the mutterings of a poor, no-account travelling dentist. He has told anything but truth. He has lied through-out his whole state-

ment. He was never called to attend the young lady, and in fact never saw her. He evidently desired some free advertising and no doubt he will receive it; for wherever he goes we hope the stigma that he has brought upon himself will follow him, and we ask the public to patronize him accordingly. The truth is, that the young woman had the best of medical care and nursing. No want left unsatisfied, and when death knocked at the door and claimed its victim, the bedside was surrounded by ladies who had been in constant attendance upon the sufferer, the young woman had no money, but she received as much attention and care as if she had been in her parents home. We hope the press of Idaho will grant to Dr. (?) Pyle plenty of free advertising.

The Chicago editor who was sentenced two years imprisonment for sending his papers through the mails isn't as staunch an advocate of the publication of "hot stuff" as he was.

Notice is hereby given that the following township plats have been received and will be officially filed on Saturday March 15, 1896, on and after which date we will be prepared to receive applications for the entry of lands in such townships.

Township 7 South, Range 15 East. Township 8 South, Range 18 East. As the State of Idaho has the preference right under its grant, to select lands for the period of sixty days after the filing of the township plats, no person will be allowed to file during said period except those claiming settlement prior to survey of said township.

W. H. Broadhead, Register.
February 14, 1896.

Notice is hereby given that the Governor of the State of Idaho has made application at the United States Surveyor General's office at Boise city, Idaho, dated January 4, 1896, for the survey of 15 townships of the public lands situated within the State of Idaho, under the provisions of the Act of Congress of August 18, 1894, for the purpose of satisfying the public land grants made to said State by the act of July 3, 1890, admitting Idaho into the Union. Said townships within the Hailey Land District, are as follows: Township 7 South, Range 19 East. Township 9 South, Range 19 East. Township 10 South, Range 19 East.

The lands embraced in the approximate full and fractional townships above named, are reserved from any adverse appropriation by settlement or otherwise (except under rights that may be found to exist of prior insection), from and after the date of filing of the application for survey--Jan. 4 1896--and for a period extending from January 4, 1896, until the expiration of sixty days from the date of filing the official plats of survey of the above named townships in this office, during which period the State authorities may select any of the lands situated in said townships which are not embraced in any valid adverse claim.

W. H. Broadhead, Register.
